Some of these reports are of vital interest to the City and some require legislation to effectuate the recommendations contained therein. The Mayor has now appointed a cabinet to study the DeLeuw Report and make recommendations to the Board for its action. The Board should be either a full-time Board or it should have somebody who will study all reports and prepare any legislation that is to be acted upon by the Board.

SPECIAL ORDER—2:00 P. M.

Appeal Withdrawn.

The following, from the Public Buildings, Lands and City Planning Committee, was taken up:

Disapproving Decision of the City Planning Commission by Its Resolution No. 3507, Dated November 4, 1948, Disapproving Application to Rezone Property Bounded by Portola Drive, Burnett Avenue, La Place Avenue and Twenty-sixth Street, From First Residential District to Second Residential District.

File No. 3520, Resolution No. . . . (Series of 1939).

January 3, 1949—Consideration continued to January 10, 1949.

Discussion.

Supervisor MacPhee suggested that the appeal be withdrawn without prejudice so that the applicant could sit down with the City Planning Commission with the thought in mind of rezoning the entire area of Twin Peaks.

Mr. Walker Peddicord, representing the City Attorney, in response to questions as to time limitations and reapplication for rezoning the property, stated that the Board has to act upon the appeal within the time limitation as prescribed by law. If the City Planning Commission is sustained today, no application can be made to rezone the property involved for a period of one year unless an entirely new plan is submitted. If all of the area on Twin Peaks is considered for rezoning, then the piece of property in today's appeal could be included in the new plan and the applicant would not have to wait for the expiration of one year.

Mr. James R. McCarthy, representing the City Planning Commission, explained that the action of the City Planning Commission was taken without prejudice. The position of the Commission was that this was too small an area to rezone when the entire area of Twin Peaks was zoned First Residential. The Commission would rather consider the entire area instead of just a small piece of it.

The following persons spoke on behalf of the appellant:

Mrs. Grace Perego, representing herself.

Mr. Henry J. Kleefish, attorney for Mrs. Perego.

Mr. Milton Morris, representing the Associated Home Builders.

The following spoke on behalf of the City Planning Commission:

Mr. James R. McCarthy, Acting Director of Planning.

Noes: Supervisors Christopher, Fazackerley, Gallagher, MacPhee, J. Joseph Sullivan.

Motion for Suspension of the Rules for the Immediate Reconsideration of the Vote.

Noes: Supervisors Christopher, Fazackerley, Gallagher, MacPhee, J. Joseph Sullivan—5.

Motion to Expunge the Record.

Supervisor Mead, seconded by Supervisor Mancuso, moved that the record be expunged.

Point of Order.

Supervisor Christopher rose to a point of order. You cannot circumvent parliamentary order by moving to expunge. The proper motion should be to reconsider.

Motion to Rescind.

Supervisor Mead, seconded by Supervisor Mancuso, moved that the Board rescind its action.

Mr. Walker Peddicord, in response to a question as to the legality of such a motion, stated that a motion to rescind action is one that can go to either the main action of the Board or parliamentary action. Believe that the Board's constant use of such action has made it legal. Six votes are required on this motion.

Motion *carried* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—11.

Appeal Withdrawn.

Mrs. Grace Perego stated that she desired to withdraw the appeal. No objections and so *ordered*.

Mr. Henry J. Kleefish was instructed by the Chair to direct a communication to the Board confirming the verbal statement of Mrs. Perego, and he agreed to do so.

Jenkins, in explaining what had transpired to date with respect to the survey of the Municipal Railway, said that it was not possible to submit anything definite on the survey after 30 days. It was his understanding that the progress report was to inform the Board what had been done up to the time of the submission of the report. He did not believe that statements should be made at this time because with the survey in the preliminary stages future developments may change the ideas in mind at the present. Believe that no statements should be made until the survey is completed.

The idea of the survey is to take those things that are being problems to the people of San Francisco and try to work out some method of economy in the operation of the Municipal Railway. The report will contain information as to the financial situation of the Municipal Railway and also as to the management of the railway and what can be done to remedy the situation.

File No. 3673, Ordinance No. . . . (Series of 1939).

Discussion.

Supervisor Mead, addressing his remarks to Mr. Scott, stated that at the Finance Committee meeting certain information was requested concerning this matter. The information was given and the statement was made to the Committee that if this money was not appropriated that the service would be discontinued. Your remarks in

connection with this matter were not in good taste, the members of the Board and its committees are entitled to a certain amount of dignity and respect.

Supervisor Gallagher explained what transpired at the Finance Committee meeting and remarked that the statement was made that if the money was not forthcoming the men would not be employed on these days.

Mr. Scott of the Municipal Railway said that he did not recall making that statement but if he did not receive the money it would be impossible to employ the men. Double time has to be paid on holidays and Sundays. The money in the budget was reduced by this Board and subsequently you raised the pay of the operators of the street cars and buses. It is necessary that the railroad have a 24-hour operation. If I made such a statement I did not intend to make it.

Supervisor Christopher remarked that the manner in which the men were employed on Sundays and holidays has been very poorly planned; at one time there is a lot of men and the next time there isn't anybody employed.

Passed for Second Reading by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—11.

Supervisor Lewis stated that it has always been the policy of the Board to consider matters as important as this while sitting as a Committee of the Whole and that he believed that the Board should so do.

Supervisor MacPhee explained that the members of the Board would have every opportunity to appear before the Finance Committee and speak on behalf of any classification if they so desire.

Supervisor Christopher said that he intended to avail himself of the opportunity to appear before the Finance Committee and talk on behalf of certain classifications, and that the other members should do likewise.

Present: Supervisor Lewis.

Requesting the Public Utilities Commission to Give Serious Consideration to Reducing the Price of Car Tickets for School Children.

File No. 3820, Resolution No. 8410 (Series of 1939).

Discussion.

Mr. Landis, President of the Public Utilities Commission, stated that the Commission cannot understand why the railroad can be asked to conduct its affairs in a businesslike manner without resorting to the tax rate and then on the other hand it is asked to unbalance its budget and go back to the tax rate and effect a different budget through charitable endeavors. The Commission is opposed to any ideas along this line.

Mr. Turner, Manager of Public Utilities, remarked that over a period of years the difference between school tickets and regular fare has been 50 per cent.

Mr. McKee, member of the Public Utilities Commission, explained that before any determination is made in this matter it would be wise for the Board to find out who is responsible to get the children to school. Believe that it is the responsibility of the Board of Education.

Mr. Turner stated that it has been estimated that the differential between 3½¢ and 5¢ per ride would amount to \$190,000 per year. In increasing the fare for school tickets the Commission liberalized the privileges for the use of the school tickets. The age limitation was done away with and persons of any age now attending school can use the school tickets.

Supervisor MacPhee, in explaining his vote, stated that although he was in sympathy with the legislation he would not be able to vote for it unless it was amended.

Motion to Amend.

Supervisor MacPhee, seconded by Supervisor Mancuso, moved that the legislation be amended by deleting the last six words, "from 5¢ to 3½¢ per ride."

Motion *carried* by the following vote:

SPECIAL ORDER—3:00 P. M.

The following recommendation of the Finance Committee, heretofore considered, was taken up:

Present: Supervisors Gallagher, Fazackerley, MacPhee.

Authorizing Cancellation of Lease of Lake Merced Boat and Fishing Privileges Heretofore Entered Into With Charles A. Kay and Michael Shrum, Pursuant to Resolution No. 6259 (Series of 1939).

File No. 3577, Resolution No. . . . (Series of 1939).

February 21, 1949—Consideration continued to February 28, 1949.

Privilege of the Floor.

Supervisor Gallagher, seconded by Supervisor Mead, moved privilege of the floor for Mr. Castagnetto, representing Mr. Kay.

Discussion.

Mr. Castagnetto explained how Mr. Kay was complying with all of the requests of the Public Utilities Commission.

Mr. Pracy, General Manager of the Water Department, informed the Board that since Mr. Kay entered into the lease, the Commission has had a hard time to get Mr. Kay to live up to the terms of the lease.

Point of Order.

Supervisor Lewis raised a point of order. The Board had no jurisdiction in the matter. This is a legal question and Section 93 of the Charter does not give the Board any power to cancel the lease. The City Attorney should decide whether or not the lease should be cancelled.

Mr. Peddicord, representing the City Attorney, explained that he had not read the lease and before making any answers he would like to go over the lease carefully.

The Chair ruled that the point of order would be preserved until after the hearing of arguments.

Supervisor Gallagher requested that the Deputy City Attorney who approved the cancellation of the lease, as to form, be sent for.

Request *granted*.

Mr. Peddicord stated that the lease itself was executed by a resolution of the Board and in order to make the cancellation legal it should be cancelled by the Board.

Request for a Legal Opinion.

Supervisor Lewis said that he would like to receive a legal opinion from the City Attorney stating that the Board has the authority to cancel the lease.

Motion to Postpone.

Supervisor MacPhee, seconded by Supervisor John J. Sullivan, moved that the legislation be postponed for two weeks to permit the members of the Board to inspect the premises, and that the City Attorney submit to the Board, on or before March 11th, a written opinion as to whether or not the Board has jurisdiction to authorize cancellation of the lease of Lake Merced boat and fishing privileges in view of the peculiar circumstances of the case.

No objections and motion *carried*.

Consideration Continued.

SPECIAL ORDER—3:30 P. M.

The following recommendation of the Finance Committee, heretofore considered, was taken up:

Present: Supervisors Gallagher, Fazackerley, MacPhee.

Approving Concession Agreement Between Park Commission and S. Alan Agnew, for Rental of Portion of Premises Known as Oriental Tea Garden, Located in Golden Gate Park.

File No. 3739, Ordinance No. . . . (Series of 1939).

(Four-year lease; yearly rental of \$5,000, plus 15 per cent of yearly sales over \$5,000; agreement to be terminated by either party giving

30-day written notice to the other; lessor to be held harmless from any and all claims for damages; lessee to obtain public liability insurance in amount of \$100,000/\$300,000 and property damage in amount of \$50,000; agreement shall not be assigned without written consent of lessor.)

February 21, 1949—Consideration continued to February 28, 1949.

Discussion.

Mr. Julius Girod, Superintendent of Parks, explained that the former Japanese tenants were notified at least three times prior to their evacuation that unless they cleaned the premises the Park Commission would have to cancel the lease, and for that reason they were not considered for this proposed lease.

Mr. Harvey E. Teller, President of the Park Commission, informed the Board as to the terms of the lease and said that the Commission does not advertise on these matters because it wants to investigate each bidder and pick out the man who it thinks is best qualified to serve the public, who might not necessarily be the highest bidder.

He further stated that the Park Commission has established a policy in connection with these leases which is as follows: By doing it the way it is now being done the Commission can pick the best man possible. Under the plan the Commission is able to judge the applicant's appearance and how he acts towards the public. A high degree of skill is required and by personally interviewing each applicant the Commission is able to determine whether or not a person possesses the necessary qualifications.

Motion to Postpone.

Supervisor MacPhee, seconded by Supervisor Mancuso, moved that the matter be postponed for one week.

No objections and motion *carried*.

The following recommendation of the Finance Committee, heretofore considered, was taken up:

Requesting That Consideration Be Given to the Installation of the Monorail System in San Francisco.

Supervisor Lewis then requested that a communication be sent from this Board asking the Mayor's Cabinet to give consideration to proceeding immediately under the DeLeuw Report for the acquisition of land by eminent domain proceedings for off-street parking and the putting into effect the one-way streets in downtown area as recommended by the DeLeuw Report.

Accordingly a meeting of the Bay Area Transit Committee was being called for March 17 at the hour of 10:00 a. m. in the Chambers of the Board, for the purpose of determining whether such a bill should be enacted and if so the kind of bill that would meet the requirements of the counties affected.

To a question propounded to Mr. Walker Peddicord, Deputy City Attorney, by Supervisor J. Request of Supervisor MacPhee.

Supervisor MacPhee requested that he be assured that in event the Mayor's veto was sustained, other legislation not containing the disputed items would be prepared and submitted to the Board.

Question.

The President then put the question to the Board:

"Shall File No. 3612 become effective notwithstanding the Mayor's veto? A vote 'aye' overrides the veto; a vote 'no' sustains the veto."

Thereupon the roll was called and the Mayor's veto was *sustained* by the following vote:

"I offer all of such requests as, supported by necessary data and filed with this Board, seek adjustment in the schedule of compensation set forth in the Salary and Wage Survey of the Civil Service Commission, dated January 15, 1949, as amendments to said schedule of compensations and I move with respect to such proposed amendments to the schedule of compensations, that the data presented to and considered by this Board as warranting such amendments, be transmitted to the Civil Service Commission for review and analysis, and report thereon to this Board, together with a report as to what other changes, and the cost thereof, such proposed amendments would require to maintain an equitable relationship with other rates in said schedule.

"For the purposes of this motion, the highest salary rate or range requested, by employees or their representatives, to be established for each particular classification in, or in connection with, the data submitted and relied upon as warranting an adjustment in the schedule of compensations proposed by the Civil Service Commission is hereby proposed as an amendment to said schedule of compensations, and the Clerk of the Board is authorized to tabulate such requested rates or ranges of salary and transmit such tabulation to the Civil Service Commission together with such data."

On behalf of and as a recommendation of the Finance Committee, I now move to amend the foregoing motion and File No. 3618, entitled "An Ordinance Fixing and Determining Schedules of Compensation to Be Paid Municipal Officers and Employees and Non-Certificated Employees of the San Francisco Unified School District Whose Offices and Positions Are Allocated to Classifications Specified Herein and Compensations for Which Are Subject to the Provisions of Section 151 and Section 151.1 of the Charter; Providing That the Said Schedules of Compensation Shall Be Effective Beginning July 1, 1949," to provide that the respective salaries or salary ranges set forth opposite the following positions be established as the rates of compensation for such positions and that the rates of compensation for all other positions set forth in File No. 3618 be fixed and established as originally set forth in said file and as recommended by the Civil Service Commission in its "Salary and Wage Survey Report and Recommendations for the Fiscal Year 1949-1950."

Motion seconded by Supervisor MacPhee.

Explanation of Procedure.

Mr. Walker Peddicord, Deputy City Attorney: The Charter provides that amendments proposed to the Salary Standardization Ordinance shall be referred to the Civil Service Commission. That was done, report made, and now those amendments are back in the Board. Those amendments were proposed by one motion. The Finance Com-

mittee is now proceeding by this motion to amend the motion which was formerly made to amend the Salary Standardization Ordinance, by presenting various increases which are different from the original amendment. The motion is to amend the proposed ordinance by inserting the proposed amendments.

Statement by Supervisor Lewis.

Supervisor Lewis suggested that the recommendations of the Finance Committee be temporarily postponed and afford an opportunity to any member of the Board to make such examination as he may desire with respect to the various classifications, from A to Z, and if such examination should disclose no difference between his and the Finance Committee's recommendations, there would be no objection to the motion; otherwise, he would ask that he be given an opportunity to check the proposed amendments with certain recommendations he is desirous of making.

Supervisor MacPhee strenuously objected to the proposal of Supervisor Lewis, contending that it was his understanding that when the entire matter had been referred to the Finance Committee for study and recommendation, and it had supervisory acquiescence; further, all members of the Board were invited to attend the hearings and present to the committee such amendments as they saw fit.

Motion—Lost.

Supervisor Lewis stated that he did not intend to take the recommendation of any member of the Board with respect to salary standardization, and accordingly moved that the recommendations of the Finance Committee be temporarily delayed until such time as members of this Board have had the opportunity to make such amendments to the salary standardization ordinance as they desired.

Motion *lost* for want of a second.

Motion for Postponement—Recess to 9:00 P. M.

Supervisor Mead also stated that he has had no opportunity to look over the recommendations of the Finance Committee and accordingly moved that the matter be put over to Wednesday morning at 10:00 a. m., with the understanding that the Board consider the matter sitting as a committee of the whole and that the Board continue in session until such time as everyone interested has had an opportunity to be heard, and to continue until the deadline, if necessary. Motion seconded by Supervisor McMurray.

Point of Order—Well Taken.

Supervisor Gallagher rose to a point of order, explaining that Supervisor Mead did not adhere to parliamentary procedure in that his motion should have been proposed as a substitute. The Chair ruled the point of order well taken, and accordingly, Supervisor Mead renewed his motion in the form of a substitute, with Supervisor McMurray seconding the substitute motion.

Amendment to Substitute.

Supervisor Lewis moved as an amendment to the substitute that the Board recess until Wednesday at 9:00 a. m., and consider the salary standardization matter as a Board of Supervisors and not in committee of the whole.

Motion *lost* for want of a second.

The President suggested to Supervisor Mead that his motion be worded to read that the Board recess until Wednesday morning at 10:00 a. m., at which time a motion would then be made to have the Board sit as a committee of the whole.

At this juncture, Supervisor Mead withdrew his substitute motion.

Motion by Supervisor Lewis—Lost.

Supervisor Lewis moved that the Board recess until 10:00 a. m., Wednesday. Motion seconded by Supervisor McMurray.

Objections.

Supervisor MacPhee stated that he would probably be out of town on Wednesday; further, that he believed the recommendations of the Finance Committee should be either amended, accepted or rejected, but should be acted upon immediately.

Motion *lost* by the following vote:

Ayes: Supervisors McMurray, Mead, John J. Sullivan—3.

Noes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, Mancuso, J. Joseph Sullivan—8.

Supervisor Gallagher moved that the Board recess until the hour of 9:00 p. m. tonight. Motion seconded by Supervisor Mancuso and *carried* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, J. Joseph Sullivan—9.

Noes: Supervisors Mead, John J. Sullivan—2.

B27, Supervisor of Accounts and Reports—proposed range of \$608-755. Motion seconded by Supervisor Mead.

Supervisor Gallagher rose to a point of order and expressed his belief that the position could not now be considered because data supporting such increase in pay as has been proposed by Supervisor Lewis, had not heretofore been referred to the Civil Service Commission.

Explanation of Procedure.

Mr. Walker Peddicord, Deputy City Attorney: You are now seeking to amend the motion that was presented and you can only amend it insofar as it relates to classifications which have been referred to the Civil Service Commission. If you move to amend the Salary Standardization Ordinance schedule as to any new classification to which an amendment has not already been proposed, it must go down to the Civil Service Commission and could not be now considered and could not be considered as a part of this motion. The Charter is sweeping in requiring that every amendment be submitted to the Civil Service Commission and be reported back.

Supervisor MacPhee: Assuming that the Board approves the motion of Supervisor Lewis as made, would it not make the entire Salary Standardization Ordinance illegal and thus prevent the people entitled to raises, from getting them?

Mr. Peddicord: If such a motion were made, the only thing the Board could do would be to refer it to the Civil Service Commission.

The President ruled Supervisor Gallagher's point of order well taken and that the foregoing motion was out of order because no data had heretofore been sent to the Civil Service Commission on the position in question.

Noes: Supervisors Christopher, Fazackerley, Gallagher, Halley, MacPhee, Mancuso, J. Joseph Sullivan, John J. Sullivan—8.

E8, Chief Electrical Inspector, proposed range \$470-545. Motion seconded by Supervisor Mead and lost by the following vote:

Ayes: Supervisors Lewis, McMurray, Mead, John J. Sullivan—4.

Noes: Supervisors Christopher, Fazackerley, Gallagher, Halley, MacPhee, Mancuso, J. Joseph Sullivan—7.

Opinion From City Attorney.

The Clerk read in part, an opinion from the City Attorney wherein it stated that the Board had no jurisdiction in the matter of cancelling the subject lease, and that it was a proper function of the Water Department.

Opinion of Deputy City Attorney.

Mr. Walker Peddicord, Deputy City Attorney, stated that the original resolution authorizing the execution of the lease by the Mayor and the Clerk of the Board should not have come to the Board, and that in view of possible litigation, it would be better if the Board authorized the cancellation of the lease since it was a signatory party to it in the first instance.

Motion.

that the File No. 3577 be tabled. Motion seconded by Supervisor Mead and *carried* by the following vote:

Accepting bids or rejecting all bids by Board of Supervisors not later than 4:00 p. m. (P.S.T.), March 14, 1949, at Chambers of the Board of Supervisors, City Hall, San Francisco for \$3,500,000 City and County of San Francisco Municipal Railway Rehabilitation Bonds—1947, Series C, consisting of 3,500 bonds of the denomination of \$1,000 each, numbered C1 to C3,500, inclusive, all dated March 1, 1949, and designated "Series C." Said Municipal Railway Rehabilitation Bonds—1947, Series C, are a part of an issue of \$20,000,000 aggregate principal amount authorized at an election held in said City and County of San Francisco on November 4, 1947, whereof \$6,500,000 principal amount designated Series A and \$4,900,000 designated Series B, have heretofore been issued and are now outstanding or redeemed consistent with the respective maturity dates thereof.

Procedure Questioned by Supervisor Mead.

Supervisor Mead questioned the present procedure whereby bond bids are received in the morning and referred to the Controller's office for computation, whereas the former prevailing practice saw the Clerk of the Board receiving the bids during the meeting of the Board of Supervisors and at the designated hour, bids were opened, contents read and then referred to the Controller's office for computation.

The Clerk attempted to explain that the former practice did not allow the Controller's office sufficient time to properly compute the bids received and that the present practice had already been in effect for the past two years.

The President inquired of Mr. Peddicord, Deputy City Attorney, as a condition precedent, should the subject matter be referred to committee, whereupon Mr. Peddicord replied that present procedure calls for reference of all matters to committee.

Memorializing the State Legislature to Amend Act 956, California Toll Bridge Authority Act, by Deleting From the Membership Thereof, the Director of the State Department of Public Works.

Supervisor Lewis presented:

File No. 3940, Resolution No. . . . (Series of 1939).

Referred to County, State and National Affairs Committee.

Consideration and Adoption of Measure Opposing the Construction of a So-Called Parallel Crossing Over San Francisco Bay.

Supervisor Lewis presented a measure calling upon the proper committee in the State Legislature to consider a second bay crossing.

The President of the Board inquired of Supervisor Lewis why he hadn't mentioned a southern crossing in the proposed measure, to which Supervisor Lewis replied that in telephonic conversation with the Legislative Representative in Sacramento, it was deemed inadvisable to make mention of a southern crossing.

General discussion ensued among the Supervisors with respect to the advisability of making specific mention of a southern crossing in the proposed measure.

The President suggested to Supervisor Lewis that he offer a motion that the Legislative Representative consult with the Senators and Assemblymen and to take such action as will protect the City's interests.

At this juncture, Supervisor Lewis presented another measure authorizing and directing the Legislative Representative to present appropriately to the State Legislature in its present session for consideration, the matter of a location of a second crossing over San Francisco Bay.

Substitute.

Supervisor Christopher offered as a substitute a measure that would protest to the State Legislature the contemplated construction of a parallel crossing over San Francisco Bay and that the aid of such legislative body be solicited looking to the construction of a southern crossing. Supervisor Lewis, however, objected to such a substitute.

Supervisor Mead ventured the opinion that the measure proposed by Supervisor Christopher possessed more teeth than the one presented by Supervisor Lewis.

15-Minute Recess.

Supervisor Fazackerley moved a fifteen-minute recess. At this juncture, Supervisor Mancuso objected to the recess and asked to be excused from further attendance.

Supervisor Mancuso Excused.

Accordingly, Supervisor Mead moved, seconded by Supervisor Lewis, that Supervisor Mancuso be excused.

No objection, motion *carried*, and Supervisor Mancuso excused at 4:50 p. m.

Presentation of Measure—Recess.

Supervisor Lewis suggested another measure which would authorize and direct the Legislative Representative of San Francisco to present appropriately to the State Legislature in its present session for the purpose of favorable consideration, legislation which would control and direct that the approaches to another crossing over San Francisco Bay be located in the vicinity of the approaches now designed for the crossing known as the southern crossing.

Recess Until 5:00 P.M.

Supervisor Fazackerley moved a recess until 5:00 p. m. Motion duly seconded and there being no objection, motion *carried*.

Amended Measure.

Upon reconvening from recess, Supervisor Lewis presented an amended measure to read as follows:

File No. 3941, Resolution No. 8466 (Series of 1939).

"Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby authorize and direct the Legislative Representative of San Francisco to present appropriately to the State Legislature in its present session, the passage of legislation opposing the construction of a so-called parallel crossing over San Francisco Bay.

"Further Resolved, That copies of this resolution be transmitted immediately to his Honor the Mayor, for transmittal to the Legislative Representative."

Supervisor Lewis moved the suspension of the rules for the purpose of considering the foregoing measure. Motion seconded by Supervisor Mead. No objection and motion *carried*.

Adopted.

The roll was then called on the adoption of the measure and it was *adopted* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Halley, Lewis, MacPhee, McMurray, Mead, J. Joseph Sullivan—8.

Absent: Supervisors Gallagher, Mancuso, John J. Sullivan—3.

Request.

Supervisor Lewis requested that in the consideration of the 1949-1950 budget, funds be earmarked for the purpose of conducting a campaign looking to the formation of a new bridge district that would insure the construction of a southern crossing, and in event funds for such purpose are provided, those counties affected by such a crossing be contacted and urged to provide funds in their respective budgets for similar campaigns.

Referred to Finance Committee.

File No. 3942, Resolution No. 8467 (Series of 1939).

Queries.

Supervisor Fazackerley inquired of Mr. Walker Peddicord, Deputy City Attorney, as to the legality of procedure outlined in the proposed measure, to which Mr. Peddicord replied that as to form the measure was proper and that Section 93 of the Charter covered the procedure with respect to the leasing of property, further stating that he could not see how he could make an official comment at this time without first looking into the subject at some length.

The President of the Board, Supervisor J. Joseph Sullivan, inquired of Mr. Thomas Brooks, Chief Administrative Officer, as to the position of the City should it call for bids as contemplated by the measure before the Board, to which Mr. Brooks replied that he thought the plan outlined was somewhat irregular.

To a query from the President of the Board as to whether the subject matter is properly before the Board, Mr. Peddicord replied that it was.

Explanation of Vote.

Supervisor Christopher stated that he had no objection to casting a favorable vote but wanted it understood that he was doing so merely for the purpose of clarification and for the purpose of obtaining information in order to determine whether it would be sound business for the city to purchase the island.

The President of the Board expressed the view that the procedure as proposed by the measure was irregular and that by such method, the charter provisions were being circumvented in that bids were being called on property not under the control of the city.

Amendment.

Supervisor Christopher moved, seconded by Supervisor Gallagher, that File No. 3956 be amended by adding thereto the following:

"Further Resolved, That the purpose of receiving such bids is solely for the purpose of determining the practicability and economic feasibility of purchasing the island, and does not bind in any way the

City and County of San Francisco to either consummate the purchase or to complete any lease arrangement."

Request of Supervisor Mancuso.

Supervisor Mancuso requested that a bond issue be submitted to the electorate at the November election for the purchase of Angel Island and that the Mayor in the meantime secure from the War Assets Administration an extension of time to include the period beyond the election date within which to determine whether it would be practicable to purchase the island.

No action taken.

Consideration Continued.

Supervisor Mancuso moved, seconded by Supervisor Fazackerley, that consideration of File No. 3956 and amendment thereto, be continued for a period of one week, and that the Clerk address a communication to the City Attorney, requesting a written opinion as to the legal rights of the Board to have bids called for by the Director of Property and the legal rights and liabilities of the City should File No. 3956 be adopted and firm bids received.

File No. 3956, Resolution No. . . . (Series of 1939).

Proposed amendment made in Board, April 4, 1949:

Supervisor Christopher moved the following:

"Further Resolved, that the purpose of receiving such bids is solely for the purpose of determining the practicability and economic feasibility of purchasing the island and does not bind, in any way, the City and County of San Francisco, to either consummate the purchase or to complete any lease arrangement." Motion seconded by Supervisor Gallagher.

April 4, 1949—Consideration continued to April 11, 1949.

In connection with the foregoing matter, Supervisor MacPhee requested the suspension of the rules for the purpose of presenting the following measure out of order. Motion seconded by Supervisor Fazackerley. No objection and motion *carried*.

Authorizing and Providing for Leasing of Real Property to Be Acquired by the City and County of San Francisco From the United States of America Prior to Such Acquisition, Said Lease to Be Conditioned Upon Subsequent Purchase of the Real Property by the City From the United States.

File No. 4059, Ordinance No. . . . (Series of 1939).

The President pro tem referred the foregoing to the Public Buildings, Lands and City Planning Committee.

Five-Minute Recess.

Supervisor MacPhee moved, seconded by Supervisor Fazackerley, that a five-minute recess be had.

No objection and motion *carried*.

Presentation of Measure as Committee Recommendation.

Upon reconvening Supervisor MacPhee moved the suspension of the rules for the purpose of presenting a recommendation of the Public Buildings, Lands and City Planning Committee out of order. Motion seconded by Supervisor Fazackerley.

No objection and motion *carried*.

Authorizing and Providing for Leasing of Real Property to Be Acquired by the City and County of San Francisco From the United States of America Prior to Such Acquisition, Said Lease to Be Conditioned Upon Subsequent Purchase of the Real Property by the City From the United States.

File No. 4059, Ordinance No. . . . (Series of 1939).

Statement by Supervisor Halley.

Supervisor Halley stated that when the committee held a hearing on the subject-matter, it was brought out that an organization known as Holiday Island, Inc., had displayed an interest in leasing the island and had agreed, as stated in the file, to put up a good faith bond in the sum of \$350,000 and that he was led to believe that the solvency of the company was guaranteed.

At this juncture, Supervisor Halley requested permission to ask Mr. George, the General Manager of the Company, several questions as to whether or not the company which he represented was actually incorporated under the laws of the State of California or of any state, to which Mr. George replied that his firm was not incorporated in the actual sense of the word.

At the conclusion of his questioning, Supervisor Halley stated that he was satisfied that a huge risk was involved, and accordingly he would vote to table both the proposed resolution and ordinance.

Request of Supervisor Mancuso.

Supervisor Mancuso, at this point, requested that a bond issue be submitted at the November election in the sum of \$1,200,000, which would cover the purchase price and maintenance of the island.

No action taken.

John Brucato Queried.

Supervisor Christopher requested permission to interrogate John Brucato, chairman of the Citizens' Committee for the Purchase of Angel Island, to which Supervisor Halley objected by rising to a point of order.

The President ruled the point of order not well taken as he believed Supervisor Christopher had the right to ask any question he so desired.

Point of Order.

Supervisor Gallagher rose to a point of order, contending that based on past experience in the Board, the matter before it at the present time was the determination as to whether or not the Board had the right to consider a proposed ordinance on the date of its introduction.

The President ruled the point of order not well taken, contending that the proposed measure is properly before the Board.

Point of Personal Privilege.

Supervisor Gallagher rose to a point of personal privilege, contending that during his tenure in office he has yet to remember one instance where an ordinance was passed for second reading on the date of its introduction. The Supervisor stated that he did not intend to appeal from the decision of the President but felt that the President's ruling was in error insofar as the Charter and the Board's legislative procedure ordinance were concerned, as a public hearing had not been held on the proposed ordinance.

Suspension of Rules.

Supervisor Mancuso moved the suspension of the rules for the purpose of hearing from Mr. John G. Brucato. Motion seconded by Supervisor Halley.

No objection and motion *carried*.

Mr. Brucato spoke on the necessity of taking prompt action in determining whether or not the city should acquire the island as he felt that the War Assets Administration would not continue to grant extensions. Further, that 190 civic, labor and fraternal organizations had gone on record as favoring the purchase of the island.

Motion to Defer Consideration.

Supervisor Gallagher moved, seconded by Supervisor Halley, that consideration of the subject-matter be deferred for a period of one week, that the proper committee hold a hearing on the matter and that it be remanded to Board in time for consideration on April 18 as a Special Order at 3:00 p. m., sitting in committee of the whole.

Request of Supervisor Gallagher.

Supervisor Gallagher requested that the City Attorney render a written opinion as to the possible effect on the proposed measure dealing with the leasing of real property, prior to its acquisition, were the words "Angel Island" inserted in such measure.

No action taken.

Statement by Deputy City Attorney.

Deputy City Attorney Walker Peddicord advised that the proposed measure before the Board provides a general procedure for the purchase of real property so that if the Board is disposed to act upon the purchase of Angel Island or any other piece of real property, the procedure outlined in the proposed measure would be the one to follow.

Question by Supervisor Fazackerley.

Supervisor Fazackerley inquired of Mr. Peddicord if the passage of the proposed resolution and proposed ordinance left the final determination of the award of contract in the hands of the Board, to which Mr. Peddicord replied that the Board had the power of final determination.

Opposition to Motion.

Supervisor Christopher spoke in opposition to the motion to defer action for one week, contending that the time to sit in committee of the whole would beat the time the bids are received; that all the Board is doing at the present time is seeking information; further, that he was not sure that the purchase of the island would be a good thing for San Francisco, and that he saw no objection to receiving bids for the purpose of determining the practicability and economic feasibility of purchasing the island and that such action does not bind the city to either consummation of the purchase of the island or the completion of any lease arrangement.

Suggestion of President.

The President suggested that the motion be amended to provide for deletion of reference to "committee of the whole."

Accordingly, Supervisor Gallagher moved, seconded by Supervisor Halley, that reference in his motion to "committee of the whole" be deleted.

No objection and so *ordered*.

Motion—Carried.

Thereupon the roll was called on Supervisor Gallagher's motion, as amended, and it *carried* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, MacPhee, Mancuso, McMurray, John J. Sullivan—8.

No: Supervisor Mead—1.

Passage for Second Reading.

Authorizing Attendance of City Librarian and Three Members of Library Staff, at Meeting of the California Library Association, Held at Paradise Park, Calistoga, California, March 18-19, 1949.

File No. 4053, Resolution No. . . . (Series of 1939).

Discussion.

It developed that since authorization of attendance of the City Librarian and three members of his staff involved a meeting that had already been held, it was incumbent upon the Board to enact an ordinance instead of a resolution. Accordingly, Supervisor Gallagher, Chairman of the Finance Committee, moved the following substitute in lieu of the measure appearing on the Calendar. Motion seconded by Supervisor MacPhee. No objection and motion *carried*.

Authorizing Attendance of City Librarian and Three Members of Library Staff, at Meeting of the California Library Association, Held in Paradise Park, Calistoga, California, March 18-19, 1949.

File No. 4053, Ordinance No. . . . (Series of 1939).

There was some discussion in connection with the consideration of this type of legislation in which permission is being sought for authorized attendance at a meeting already held, and Supervisor Halley made the very definite statement that this would be the last time that he would vote for a measure of this character.

Thereupon the roll was called and the substitute measure, File No. 4053, was *Passed for Second Reading* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—10.

Absent: Supervisor Lewis—1.

Adopted.

Authorizing Attendance of One Civil Service Commissioner and Four Members of the Civil Service Staff, at Annual Meeting of the Western Regional Conference of the Civil Service Assembly of the United States and Canada, to Be Held in Yosemite National Park, May 22-24, 1949.

File No. 4054, Resolution No. 8567 (Series of 1939).

Motion to Delete—No Second.

Supervisor Christopher moved that File No. 4054 be amended by deleting therefrom "Four members of the Civil Service staff."

Explanation.

Supervisor Christopher hastened to explain that he had been a member of the Board of Supervisors for three years; that he had not taken one cent of expenses, nor did he intend doing so; that he was against the policy of city officials and employees taking trips all over the country at the taxpayers' expense, and that the subject trip was nothing more than a junket.

Motion *lost* for want of a second.

Thereupon the roll was called and File No. 4054 was *adopted* by the following vote:

Ayes: Supervisors Fazackerley, Gallagher, Halley, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—9.

No: Supervisor Christopher—1.

Absent: Supervisors Lewis, Mancuso—2.

Consideration Continued.

Appropriating \$250,000, Park Department, for Purchase of Land on Frederick Street Between Willard and Stanyan Streets, Required for Kezar Stadium Extension.

File No. 4011, Ordinance No. . . . (Series of 1939).

Inquiry by the President.

The President inquired of the Chairman of the Finance Committee, Supervisor Gallagher, if the foregoing measure had been referred to the City Planning Commission for report as to conformity with the Master Plan, to which Supervisor Gallagher replied that so far as the Board's records reveal, it had not.

Question was asked of Mr. Walker Peddicord, Deputy City Attorney, if such a measure should properly be referred to the City Planning Commission for report before action by the Board, to which Mr. Peddicord replied that if the project had not been ruled upon earlier by the City Planning Commission, it must first be referred to that body for report before action by the Board.

Accordingly, Supervisor MacPhee moved, seconded by Supervisor Fazackerley, that File No. 4011 be referred to the City Planning Commission for report.

No objection and motion *carried*.

At this point, Supervisor Gallagher was handed a copy of a communication from the City Planning Commission addressed to the Real Estate Department, which contained information to the effect that the proposed purchase of land required for the extension of Kezar Stadium was in conformity with the Master Plan, whereupon Supervisor Gallagher moved, seconded by Supervisor Mead, that the Board rescind its action whereby the Board had referred the subject measure to the City Planning Commission for report.

No objection and motion *carried*.

Discussion.

Supervisor Gallagher asked Mr. Riordan, Director of Property, whether the appropriation of \$250,000 now being requested would purchase all the land to be required for which purpose an original appropriation of \$110,000 was requested some two years ago, and Mr. Riordan replied it would not.

Mr. Riordan stated that he had been requested by the Park Commission to make an appraisal of the entire block from Willard to Stanyan, on Frederick. The appraisal was \$375,000. The Park Department has a land reserve fund built up by sale of city properties and it now totals \$250,000. They are asking that this amount be applied toward the purchase of the entire block starting at Willard Street. The Real Estate Department will acquire all of the frame buildings, and has made an appraisal of the entire block; \$250,000 will probably

take care of two apartment buildings and three separate flats, but will not be sufficient for the entire block.

To a query as to the actual amount of property that could be purchased for \$250,000, Mr. Riordan stated that he could not say definitely just how much could be purchased, but that efforts were being made to purchase the entire block, and that the appropriation requested was earmarked for parking purposes, thus facilitating ingress to and egress from Kezar Stadium, and is not to be used for the extension of the seating capacity of the Stadium.

Statement by President of the Board.

The President of the Board stated that if the Park Commission had plans designed for Kezar Stadium Extension he had not been apprised of them; further, that parking space could be provided some blocks from the Stadium; that parking areas might well be established more to the west, and that until such time as he has seen definite plans looking to the extension of Kezar Stadium, he must vote "No" on the appropriation requested.

Consideration Continued.

Supervisor Gallagher at this point moved that the matter be continued for a period of one week. Motion seconded by Supervisor MacPhee.

Request for Park Commission Attendance.

Supervisor Gallagher requested that the Park Commission attend the next meeting of the Board when it again considers the subject matter.

No objection and so *ordered*.

Explanation of Vote by President of the Board J. Joseph Sullivan.

The President of the Board, in explaining his position, stated that he was not disparaging the motives of any member of the Park Commission; however, he was disagreeing with them in the matter of the exercise of judgment. The Park Commission should not go into the land purchase program until such plans as they might have for expansion have been prepared and presented to the Board for examination; and that until such time as this opportunity has been accorded him, he will vote against the measure.

Whereupon the roll was called on the motion to continue consideration and it *carried* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, MacPhee, Mancuso, McMurray, J. Joseph Sullivan, John J. Sullivan—9.

No: Supervisor Mead—1.

Requesting the Director of Property to Call for Bids for the Leasing of Angel Island and to Have Such Bids Available for Consideration by the Board Prior to May 15, 1949.

File No. 3956, Resolution No. . . . (Series of 1939).

Proposed amendment made in Board on April 4, 1949:

Supervisor Christopher moved the following:

"Further Resolved, That the purpose of receiving such bids is solely for the purpose of determining the practicability and economic feasibility of purchasing the island and does not bind, in any way, the City and County of San Francisco, to either consummate the purchase or to complete any lease arrangement."

Motion seconded by Supervisor Gallagher.

April 11, 1949—Consideration continued to April 18, 1949.

Authorizing and Providing for the Leasing of Real Property to Be Acquired by the City and County From the United States of America Prior to Such Acquisition, Said Lease to Be Conditioned Upon Subsequent Acquisition of the Real Property by the City From the United States.

File No. 4059, Ordinance No. . . . (Series of 1939).

April 11, 1949—Consideration continued to April 18, 1949.

Statement by Walker Peddicord, Deputy City Attorney.

Mr. Peddicord stated that the proposed ordinance which authorizes and provides for the leasing of real property to be acquired by the City from the United States Government prior to such acquisition, should be first finally passed and signed by the Mayor before the Board acts on File No. 3956, which requests the Director of Property to call for bids for the leasing of Angel Island.

To a further query on the procedure involved, Mr. Peddicord stated that he saw no harm in adopting File No. 3956 before the ordinance mentioned above was signed by the Mayor, but that in view of the circumstances involved, it would be advisable to first have the ordinance approved before action is taken on the measure calling for bids.

Supervisor MacPhee, at this point, inquired as to the effect of Board action should the Board adopt the proposal calling for bids, then call for bids, receive three of them, one of which is accepted, before the Mayor has signed the measure which provides for the leasing of property to be acquired by the City from the United States Government prior to such acquisition.

To this query, Mr. Peddicord replied that in that event the legality of the entire procedure would be in doubt.

Supervisor Mead then raised the point as to whether the subject measure, File No. 4059, could not be passed as an emergency measure, to which Mr. Peddicord replied that he could not possibly conceive the measure as being of an emergency nature.

Committee of the Whole.

Supervisor Gallagher moved, seconded by Supervisor Halley, that the Board resolve itself into a Committee of the Whole.

No objection and motion *carried*.

Supervisor Mead moved that the President of the Board serve as Chairman of the Committee of the Whole. Motion seconded by Supervisor McMurray.

No objection and motion *carried*.

Discussion.

Supervisor Fazackerley brought up the question of time required by the Chief Administrative Officer in connection with the calling of bids, to which Mr. Brooks replied that his department must have at least sixty days, preferably 90 days, and that the time mentioned in File No. 3956 wherein bids must be received and made ready for Board consideration by May 15 was out of the question.

Privilege of the Floor.

The privilege of the floor was accorded to the following:

Mr. John G. Brucato, Chairman of the Citizens' Committee for the Purchase of Angel Island.

Mr. Brucato spoke briefly, outlining some of the proposed improvements contemplated by Holiday Island, Inc., in event that that firm's bid for leasing the island is accepted. Mr. Brucato then requested that the privilege of the floor be extended to several representatives of travel agencies, air, bus and train companies who had expressed a desire to speak on the subject.

To a query whether Angel Island would be taxable by Marin County, if acquired by the City and County of San Francisco, Mr. Peddicord replied that his office had rendered an opinion and that the answer is "No"; that Article 15, Section 1, of the State Constitution provided that property not subject to taxation at the time of acquisition would not become subject to taxation when acquired.

Privilege of the Floor—Continued.

Gelston Judah, representing the Judah Travel Agency.

Mr. A. P. Hardy, District Passenger Agent, Southern Pacific Company.

Mr. John F. Shelley, representing the San Francisco Labor Council. He stated that while his organization has not as yet taken an official position in the matter, he had received endorsements from several of his unions.

Mr. Frank Barrough of the American Air Lines.

Mr. J. B. Lane, District Passenger Agent, Continental Bus System.

Mr. Albert E. Elliott, President of Harbor Tours, Inc.

All of the above gentlemen spoke briefly, commenting on the amount of business that would accrue to their respective firms as well as to the City and County of San Francisco, should the City acquire the island. These gentlemen were unanimously of the opinion that such a purchase by the city would be a profitable one for everyone concerned and urged that the Board take such action as would hasten the purchase of the island.

Rise and Report.

Supervisor Mead moved that the committee rise and report. Motion seconded by Supervisor John J. Sullivan.

No objection and motion *carried*.

Consideration Continued.

Supervisor MacPhee moved, seconded by Supervisor Gallagher, that consideration of File No. 3956 be continued for a period of two weeks.

No objection and motion *carried*.

Re-reference to Committee.

Memorializing the President and the Congress of the United States to Take Whatever Action Is Necessary to the End That the Italian Colonies May Be Returned to Italy.

File No. 4083, Resolution No. . . . (Series of 1939).

Explanations of Votes.

The President of the Board requested Supervisor McMurray to take the Chair so that he could explain his stand on the subject.

Supervisor J. Joseph Sullivan: It is about time that the Board ceases to consider itself as an authority on international matters. In the past we did so without knowledge of all the facts. I dare say that there is no one here who can name the Italian colonies involved. It is very easy to say "Let's vote for the matter and get rid of it." I know the Secretaries of State and Defense have problems enough without complicating the situation with more. I am familiar with the Italian people, but with a complete lack of authority on the subject, I have no alternative but to vote "No."

Supervisor Mead: I have thousands of friends among the Italian people. In fact, my wife is Italian but I cannot, in all conscience, vote for something of which I know nothing. Maybe this is the time to procure some information. I appreciate the fact that my stand and that of Supervisor Sullivan's are very unpopular, but nevertheless we are asked to vote for something of which we know nothing. Unless Supervisor Mancuso, who I understand is of Italian origin, is in a position to give us information by which we can vote intelligently, I am afraid that I shall be forced to take the same position as Supervisor Sullivan's.

Supervisor Mancuso explained that during the latter part of 1943 efforts were made to have the Mayor and distinguished citizens of Italian extraction in New York City and San Francisco, speak via short wave to the Italian people, urging them to surrender and if such was done, every consideration would be shown them with respect to returning their lost colonies. This was done. The surrender was effected and thus many thousands of American lives were saved, and therefore there was a moral obligation on the part of America.

Supervisor Mancuso continued by stating that the Committee felt an opinion of the City Attorney was necessary to clarify the matter. This opinion has been rendered, favoring action on the part of the Board in seeking the return of the Italian colonies.

Supervisor MacPhee: I am not satisfied that this is a matter for the Board of Supervisors to consider. The proper procedure would be for the Mayor's office who handled this matter in the first instance to handle it. It seems that the Board of Supervisors is going further and further astray in memorializing the Federal Government and other agencies. I have no objection to these persons signing a telegram requesting such action. However, I do not feel this is a proper action of the Board of Supervisors notwithstanding the opinion from the City Attorney. By passing this resolution we are merely building precedent upon precedent. I will be glad to sign a telegram as an individual but not as a member of the Board of Supervisors.

Supervisor Fazackerley: I intend to support the resolution because I have received news from an authoritative source, namely the City Attorney's opinion.

Supervisor John J. Sullivan: I am anxious to find out from the boys in the American Legion, the V.F.W., how they feel about it, but today I must vote against it.

Supervisor Mead: A resolution of this kind does not belong before the Board of Supervisors. Even though this resolution were to pass unanimously, it would mean nothing in Washington, D. C. Some people are making a political football of this issue for some ulterior motive. I do not propose to vote for something that is an idle gesture. Some public officials are cheapening themselves by bringing a matter of this type before the Board solely for selfish and political gains, and the record will show that Supervisor Mead does not vote for things of an international character.

Supervisor Mancuso hastened to point out that Supervisor Mead voted for measures in the past involving assistance for the Chinese, the return of White Russians and the Palestine situation; further, that the City of New York had taken action urging the return of the Italian colonies; that the Federal Government had taken the initiative in requesting San Francisco to assist in every way possible through short-wave broadcasts so that Italy's surrender could be effected in the shortest possible time; that we had pledged to assist Italy should she surrender, and now it is our responsibility to redeem that pledge.

Re-reference to Committee.

Supervisor Christopher moved that File No. 4083 be re-referred to the County, State and National Affairs Committee. Motion seconded by Supervisor Fazackerley.

Supervisor Mancuso spoke against re-reference, contending that nothing would be gained by such action. The subject matter is now before the United Nations and immediate action by this Board is imperative.

Thereupon the roll was called and Supervisor Christopher's motion to re-refer File No. 4083 to Committee *carried* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, MacPhee, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—7.

Privilege of the Floor.

Supervisor Mancuso moved, seconded by Supervisor Mead, that the rules be suspended for the purpose of granting the privilege of the floor to Mr. Gilbert Null, representing Gregory Bros.

Before Mr. Null spoke, Supervisor MacPhee made it known that while he had no objection to the privilege of the floor, he believed that this was a rather unusual request in view of the fact that all parties interested in any matter are heard in committee and not before the Board.

Explanation of Vote.

Supervisor Christopher stated that he was not ready to vote for the recommendation of the committee that the protests be sustained, and felt that consideration of the matter should be postponed for a period of two weeks so that additional information may be brought before the Board and thus afford him an opportunity to visit the premises.

Consideration Continued.

Whereupon Supervisor Halley moved, seconded by Supervisor John J. Sullivan, that consideration of File No. 4037 be continued for a period of two weeks.

No objection and so *ordered*.

SPECIAL ORDER—2:00 P. M.

City Planning Commission Sustained.

Hearing of Appeal From the Decision of the City Planning Commission by Its Resolution No. 3562, Dated March 3, 1949, Approving Application to Rezone Property Located on the West Side of Noe Street, Between Fifteenth and Beaver Streets, From Second Residential District to Commercial District.

File No. 4015.

Privilege of the Floor.

The privilege of the floor was extended to the following:
 Frank Merritt, attorney-at-law, representing the appellants and the improvement club in the district.

Mr. Merritt claimed that the action of the City Planning Commission was a clear case of "spot zoning" and tantamount to the granting of a special favor.

Mr. Paul Oppermann, Director of Planning, was compelled to call on Mr. McCarthy of his office for an explanation of the action of the City Planning Commission in connection with its approval of the rezoning application, Mr. Oppermann claiming that his recent appointment to his job prevented him from being fully conversant with all of the facts involved.

Mr. McCarthy of the City Planning Commission stated that the City Planning Commission, after reviewing all possible data, voted five to two for the rezoning.

Mr. J. Hanley, attorney-at-law, representing the Chinese persons interested in purchasing the property, stated that there were but eight legitimate protestants on Noe Street, and that many persons were enjoying the advantage of commercial district zoning due to being under the protection of non-conforming use privileges.

Explanation of Vote.

Supervisor Lewis stated that he was going to vote to override the decision of the City Planning Commission. He recalled a ruling of the City Planning Commission, made some two years ago with respect to petition of a party on Lake Street, between Twenty-fourth and Twenty-fifth Avenues, who wanted to construct an apartment building and wanted a reclassification from first to second residential district. The City Planning flatly turned him down.

To a query from Supervisor Mead as to the type of structure proposed to be constructed as a Chinese laundry, Mr. Hanley stated that the reconversion would cost in excess of \$4,000 while the property itself is being purchased for \$13,125.

Mr. Thomas A. Brooks, Chief Administrative Officer, when called upon to explain why he, as a member of the City Planning Commission, voted against permitting the reclassification, stated that he did not believe in disturbing residential areas; that in this particular case, a commercial location could have been obtained closer to Market Street, and that he was opposed to the principle of spot zoning.

President of the Board, Supervisor J. Joseph Sullivan, stated that for the first time he was voting against the City Planning Commission.

The President accordingly then advised the Board as follows:

A vote "Aye" overrides the City Planning Commission; a vote "No" sustains the Commission.

The Clerk presented the following:

Disapproving Decision of the City Planning Commission by Its Resolution No. 3562, Dated March 3, 1949, Rezoning Property Located on the West Side of Noe Street, Between Fifteenth and Beaver Streets, From Second Residential District to Commercial District.

File No. 4015, Resolution No. . . . (Series of 1939).

Thereupon the roll was called on File No. 4015 and the City Planning Commission was *sustained* by the following vote:

Ayes : Supervisors Christopher, Fazackerley, Gallagher, Lewis, MacPhee, J. Joseph Sullivan—5.

Noes: Supervisors Halley, Mancuso, McMurray, Mead, John J. Sullivan—5.

Absent: Supervisor Christopher—1.

Supervisor Gallagher moved, seconded by Supervisor MacPhee, that consideration of the foregoing be continued for a period of one week.

No objection and motion *carried*.

Consideration Continued.**Suspension of Rules.**

Supervisor Gallagher moved, seconded by Supervisor MacPhee, that the rules be suspended for the purpose of considering a recommendation of the Finance Committee, File No. 4011, out of order.

No objection and so *ordered*.

Appropriating \$250,000, Park Department, for Purchase of Land on Frederick Street Between Willard and Stanyan Streets, Required for Kezar Stadium Extension.

File No. 4011, Ordinance No. . . . (Series of 1939).

(In conformity with Master Plan.)

April 18, 1949—Consideration continued to April 25, 1949.

Communication.

The Clerk read a communication from the San Francisco Municipal Conference urging Board delay in connection with an appropriation of \$250,000 from Park Department surplus funds toward the purchase of additional land for Kezar Stadium extension.

Motion to Postpone Two Weeks—Lost.

At this juncture, Supervisor Fazackerley was requested by the President to assume the Chair so that he, the President, could have an opportunity of speaking on the matter.

Supervisor J. Joseph Sullivan thereupon moved, seconded by Supervisor Mancuso, that consideration of the foregoing subject be continued for a period of two weeks.

Motion *lost* by the following vote:

Ayes: Supervisors Fazackerley, Lewis, MacPhee, Mancuso, J. Joseph Sullivan—5.

Noes: Supervisors Gallagher, Halley, McMurray, Mead, John J. Sullivan—5.

Absent: Supervisor Christopher—1.

Mr. Harvey E. Teller, President of Park Commission, Queried.

Supervisor Gallagher asked Mr. Teller if the pending appropriation of \$250,000 would purchase the same amount of land which would have been purchased by an appropriation of \$110,000 which had been asked of the Board some two years ago, and defeated.

Mr. Teller replied that the requested sum of \$250,000 would take care of the first five parcels of land, and emphasized the fact that all talk with reference to parking area was purely secondary to plans of the Commission whose main object was to obtain the land for the purpose of enlarging Kezar Stadium and installing 7500 seats to meet the demand of the public.

This demand was due in part to the large increase in population and the anticipated increase in population within the next few years.

Supervisor Mancuso inquired of Mr. Teller why the Park Department had not decided to use the area in back of Kezar, and cut through to Seventh Avenue, thus utilizing that area for parking, and in this way keep the property now intended for purchase, on the tax rolls.

Mr. Teller, in reply, stated that the Supervisor's suggestion could probably be carried out. Further, the Park Commission had received tentative estimates from competitive engineers in connection with adding 20 rows to the north side of Kezar Stadium, and figured at \$40-45 per seat. It would be a cantilever type of structure. As conditions exist at the present time, the Park Department is actually using Willard Street and closing it to the use of the residents of the property in that area. The Park Department feels that the revenue accruing from the parking area would be in excess of the amount of taxes that normally is realized from the property.

Supervisor Mancuso inquired of Mr. Teller if his Commission still entertained the idea of constructing a new stadium, larger than Kezar, to which Mr. Teller replied that such a question was a difficult one to answer in that there would be many obstacles to overcome and that the cost of such an undertaking would be tremendous.

Supervisor J. Joseph Sullivan asked the number of rental units involved in the proposed purchase plans of the Park Commission, to which Mr. Hickey replied, through Mr. Teller, that two apartment buildings and several flats were involved, including a unit used as a garage.

Supervisor J. Joseph Sullivan asked the further question with respect to plans that the Park Commission may have dealing with the proposed enlargement of the stadium, to which Mr. Hickey replied that at the present time only preliminary sketches by competent engineers were available, and that the Commission did not feel justified in going further into the plan picture until authority had been received to purchase the property.

Supervisor J. Joseph Sullivan asked as to the amount of revenue which may be anticipated were television rights granted, to which Mr. Coffman, Park Commissioner, replied that insofar as the '49's were concerned, the owner, Mr. Morabito, would not countenance the use of television, while the East-West Shrine Game is sold out well in advance of the contest, so television wouldn't affect the revenues of that particular game.

Motion to Continue Consideration for Two Weeks—Carried.

Supervisor J. Joseph Sullivan moved, seconded by Supervisor Mancuso, that consideration of the foregoing matter be continued for a period of two weeks.

Supervisor Sullivan, in making the foregoing motion, stated that in view of the facts presented today, it must be determined and developed whether Kezar Stadium will be actually enlarged.

Statements.

Supervisor Mead expressed the opinion that he believed the Park Commission knew exactly what it was doing, and that steps should be taken immediately to enlarge the stadium before the city's competitors across the bay and down the peninsula grabbed off more of the city's potential sport revenues; further, the present stadium should be able to serve the needs of the community for another ten or twelve years and that to construct a new stadium would involve an outlay of some three or four million dollars.

Supervisor Mancuso stated that as a matter of courtesy, the San Francisco Municipal Conference, representing eight or ten organizations, should be granted the courtesy of the extension it seeks, and that a two-weeks' delay would not affect the pending matter one way or the other. Supervisor Mancuso finished his statement with the remark that he believed the point raised by Supervisor J. Joseph Sullivan in connection with necessity of the Park Commission furnishing finished plans relating to the enlargement of Kezar Stadium, was timely and urged the Park Commission to give this suggestion every possible consideration.

Mr. Teller informed the Board that as far as the Commission was concerned, they had no objection to the proposed delay, and that he would be glad to hear from the Municipal Conference.

At this point, Supervisor Gallagher asked a question of a Mr. Williams of the Municipal Conference as to his thoughts in the matter, to which Mr. Williams replied that he was not personally familiar with it, but that the Conference desired to collaborate with the Park Commission.

Supervisor Lewis stated he agreed with the view expressed by Supervisor J. Joseph Sullivan, and that nothing today has been brought before the Board in concrete form; that all agree that Kezar Stadium needs to be enlarged but as to how this is to be accomplished, has not been divulged in concrete form. Supervisor Lewis concluded his remarks by saying that he had just returned from the East and therefore was not familiar with the subject matter and would appreciate the extension also, so that he would have time to reflect on it.

Thereupon the roll was called and the motion to postpone consideration for two weeks was *carried* by the following vote:

Ayes: Supervisors Fazackerley, Halley, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—9.

No: Supervisor Gallagher—1.

Absent: Supervisor Christopher—1.

Consideration continued for two weeks.

Passage for Second Reading.

Supervisor Gallagher moved, seconded by Supervisor MacPhee, that the following measure be considered out of order.

No objection and motion *carried*.

From the Finance Committee without recommendation.

Present: Supervisors Gallagher, Fazackerley, MacPhee.

Appropriating \$131,000, Recreation Department, From Unappropriated Balance of 1947 Recreation Bond Fund, for Expenditures and Certification of Contracts in Connection With Development and Improvement of the Corona Heights Area and Playground.

File No. 4112, Ordinance No. . . . (Series of 1939).

Motion "Do Pass."

Supervisor Gallagher moved, seconded by Supervisor J. Joseph Sullivan, that the foregoing measure "do pass."

Explanation of Vote.

Supervisor Fazackerley: It is my best judgment that while the Junior Museum and recreational facilities are properly part of a bond issue program, the people having voted for them; in view of the fact that approximately \$800,000 of everybody's money is involved; in view of the fact that the project is of city-wide nature; in view of the fact that Corona Heights, while attractive in many respects, has no view, and other elements, such as being little known, and virtually inaccessible by mass transportation. These are taken from statistics compiled by the Public Utilities Commission. I am sold in support of the Buena Vista Park location. Four different lines operating with a frequency of a one-minute headway are available for that location. In Buena Vista Park we do have a serious problem. It is not developed as a park for use by the public. Many people believe that Buena Vista Park does have a serious police problem. The Chief of Police at the last meeting of the Finance Committee agreed that that was the situation. I spoke to the members of the Park Commission who agreed to review the question of transferring Buena Vista Park to the Recreation Commission. The reaction I got is extremely favorable. They have no funds to develop that 20-acre area. We are faced with two sites, two blocks from each other. One easily accessible, the other, not. I would like to have the opportunity of having the matter brought before the Park Commission for relinquishing Buena Vista Park to the Recreation Department for development of this area. I am requesting a delay of two weeks.

Privilege of the Floor.

The privilege of the floor was accorded to Mr. Louis Sutter, President of the Recreation Commission, who stated that his Commission was not in favor of having a playground located on a busy thoroughfare, and therefore, he was in favor of the Corona Heights project.

Supervisor J. Joseph Sullivan stated that in view of the fact that the people voted for the bonds and that the Recreation Commission issued a pamphlet on which was listed the Corona Heights Projects with its attendant cost of \$131,000, he was going to vote for it.

Change of Vote.

Supervisor Fazackerley, after listening to the foregoing discussion, advised the Board that apparently he had no support for his Buena Vista Project and therefore he was abandoning it and would vote for the Corona Heights Project.

Thereupon the roll was called and File No. 4112 was *Passed for Second Reading* by the following vote:

Ayes: Supervisors Fazackerley, Gallagher, Halley, Lewis, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—9.

No: Supervisor MacPhee—1.

Absent: Supervisor Christopher—1.

SPECIAL ORDER—3:00 P. M.

Public Hearing on Budget Estimates for the Fiscal Year 1949-1950, as Submitted to the Board of Supervisors by His Honor the Mayor.

In connection with the above, the President inquired of the assemblage if there were persons interested in speaking on the proposed 1949-1950 budget.

Privilege of the Floor.

The privilege of the floor was granted to the following persons representing organizations:

Mr. Raymond D. Smith, Executive Secretary, San Francisco Real Estate Board.

Mr. Smith stated that his organization represented a large segment of the tax-paying public and asked that the Board be as economical as is consistent with progress and the ability of the city to keep abreast of other communities in the United States, and that in cases where new employments are sought, to scrutinize carefully each such request.

Mr. Kenneth Evers, Real Estate Association of San Francisco.

Mr. Evers urged every possible economy as well as investigation by the Board into additional sources of revenue.

Mr. Elmore Johnson, Building Owners and Managers Association of San Francisco, expressed the hope that careful, deliberate study will be given the budget, with the view of cutting it wherever possible, as taxes have risen to astronomical figures.

Mr. Carroll Newburgh, Owners and Lessees Apartment House Association and several other property owner groups, believed the Board should take into consideration the picture that existed last year and one that exists at the present time. Last year properties were sold for profit; this year they are being sold due to leveling off of business conditions, while federal, state and city and county taxes are going above their heads.

At the conclusion of Mr. Newburgh's remarks, and there being no other person evincing a desire to speak on the proposed budget, Supervisor Gallagher, Chairman of the Finance Committee, announced that the Finance Committee would hold hearings on the proposed budget starting at 7:00 p. m., Tuesday evening and would also meet on Wednesday at 7:00 p. m.

Presentation of Distinguished Guests.

His Honor, Mayor Elmer E. Robinson, introduced to the President of the Board and to the members of the Board, the Hon. Sean MacBride, Minister of External Affairs for the Government of Ireland, and the Hon. Sean Noonan, Minister from Ireland to the United States.

The Hon. MacBride expressed deep gratification at the welcome accorded him and of the opportunity of coming to the United States. He spoke of the time when he visited with President Truman and the President asked him if he had ever been out West, to which the Minister replied that he had not. In that event, the President assured him that he had not seen the United States at all. However, the Minister gave the President every assurance that upon his next trip to this country he would certainly go out West. The Hon. MacBride concluded his short speech by stressing the importance of continued friendship between this country and the Republic of Ireland.

The Hon. Sean Noonan told the Board that he wasn't exactly a stranger to this country, having come here some 30 years ago, and that all he was asking was that efforts be made by those of Irish extraction here that will tend to assure the lasting unity of Ireland.

Assessment Confirmed.

Hearing of Protests—Improvement of Quintara Street Between Thirty-eighth Avenue (e/1) and Thirty-ninth Avenue.

UNFINISHED BUSINESS.

Consideration Continued.

Report Dated April 20, 1949, Submitted by Arthur C. Jenkins, Consulting Engineer, Entitled, "Municipal Railway of San Francisco—Economic and Organizational Features."

April 25, 1949—Consideration continued to May 2, 1949.

Motion to Defer Consideration.

Supervisor MacPhee moved, seconded by Supervisor J. Joseph Sullivan, that the Board meet in special session on Friday, May 13, at the hour of 2:00 p. m.

Explanation of Vote.

Supervisor Mead stated that he would vote against meeting on Friday, May 13th, claiming that the close of the week found one weary and tired, and that so far as he was personally concerned, Friday was his very busy day.

Thereupon the roll was called and Supervisor MacPhee's motion *carried* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Lewis, MacPhee, Mancuso, McMurray, J. Joseph Sullivan—8.

No: Supervisor Mead—1.

Absent: Supervisors Halley, John J. Sullivan—2.

Request of Supervisor J. Joseph Sullivan.

The President of the Board, Supervisor J. Joseph Sullivan, asked that the Clerk request the attendance of the Mayor, the Chief Administrative Officer, the Public Utilities and Police Commissions, the Department of Planning and any other commission that may be interested in the report of Mr. Jenkins.

Supervisor Christopher suggested that the Mayor's Cabinet, if not already mentioned above, be also requested to be present.

Re-referred to Committee.

The following recommendations of Finance Committee, heretofore considered, were taken up:

Present: Supervisors Gallagher, Fazackerley, MacPhee.

Requesting the Mayor to Include Funds in the Budget for the Conduct of a Campaign Looking to the Formation of a Bridge District or Other Agency, That Will Assure Early Construction of a Southern Bay Crossing.

File No. 4039, Resolution No. . . . (Series of 1939).

April 11, 1949—Consideration continued to May 2, 1949.

Discussion.

Supervisor Lewis stated that it was his understanding that the Mayor had included the sum of \$100,000 in the budget in connection with the subject-matter, and accordingly moved, seconded by Supervisor Gallagher, that the matter be referred to committee.

Substitute Motion—Carried.

Supervisor Mead moved as a substitute, that consideration of the matter be temporarily postponed. Motion seconded by Supervisor McMurray.

No objection and motion *carried*.

Motion to Table—Carried.

Supervisor Lewis moved, seconded by Supervisor Fazackerley, that File No. 4039 be tabled.

No objection and motion *carried*.

Explanation.

Supervisor Lewis explained that it was his understanding that the sum of \$100,000 proposed by the Mayor to be placed in the budget, was conditioned upon the Board adopting File No. 4039. Accordingly, Supervisor Lewis moved, seconded by Supervisor Mead, that File No. 4039 be lifted from the table.

Point of Order.

Supervisor Gallagher rose to a point of order, contending that the Board had already disposed of File No. 4039 and therefore there was nothing before the Board.

The Chair upheld the point of order. Supervisor Lewis stated that he would renew his motion to lift from the table later on in the meeting.

Passage for Second Reading.*(Supervisor MacPhee dissenting.)*

Designating the Public Welfare Department as the County Agency to Be Licensed by the State Department of Social Welfare in Connection With Adoption Matters.

File No. 4113, Ordinance No. . . . (Series of 1939).

April 25, 1949—Consideration continued to May 2, 1949.

Explanation of Vote.

Supervisor J. Joseph Sullivan stated that some six months ago he introduced a measure calling for administration of adoption matters by the Juvenile Court and that his measure was predicated on some twenty years' experience with the department; however, he had been deluged by letters from persons who possessed greater experience than he in the matter of judging qualifications of agencies qualified to handle adoption matters and therefore he had come to the conclusion that it would be proper for him to accept the recommendation of the Finance Committee that such matters should be handled by the Public Welfare Department; however, he warned that he would scrutinize the actions of the Welfare Department closely.

Supervisor Christopher expressed amazement that the subject-matter was sent to the Finance Committee in the first place, contending that it should have been referred to the Public Health and Welfare Committee for determination of policy; that he knew very little about it and expressed a desire to know how it was referred to the Finance Committee.

The President of the Board hastened to explain that he was taking full responsibility for sending the matter to the Finance Committee, but that in doing so he was motivated by the monetary features that would be involved in the event state subventions were involved.

Supervisor MacPhee, in explaining his vote, stated that the Juvenile Court has been handling matters of this kind and therefore was fully qualified to handle the project.

Thereupon the roll was called and File No. 4113 was *Passed for Second Reading* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Lewis, Mancuso, McMurray, Mead, J. Joseph Sullivan—8.

No: Supervisor MacPhee—1.

Absent: Supervisors Halley, John J. Sullivan—2.

Consideration Continued.

Authorizing Attendance of Director of the California Palace of the Legion of Honor at Annual Meeting of the Association of Art Museums to Be Held in Cleveland, Ohio, on May 16-17, and at the Annual Meeting of the American Association of Museums to Be Held in Chicago, Ill., May 19-21, 1949.

File No. 4101, Resolution No. . . . (Series of 1939).

April 25, 1949—Consideration continued to May 2, 1949.

Discussion.

Information revealed that both the California Palace of the Legion of Honor and the M. H. DeYoung Memorial Museum are members of the association which is holding its meeting in Chicago, but that request has been made that only the Director of the California Palace of the Legion of Honor be permitted to attend.

Supervisor Mead ventured the opinion that it is an unwise move to expend large sums of money for membership purposes in associations when representations at such meetings are not taken advantage of.

Motion—No Second.

Supervisor Lewis moved that a letter be forwarded to the Director of the California Palace of the Legion of Honor, requesting that he attend the meeting in Chicago as San Francisco is very much interested in modern museums.

Motion *lost* for want of a second.

No further action was taken with respect to the foregoing file and accordingly action on same was *postponed for one week*.

Explanation of Vote.

Supervisor Mancuso asserted that he would vote against the proposed measure, contending that the city's interests are amply protected by memberships in the County Supervisors Association and the League of California Cities.

Supervisor Mancuso inquired as to the amount of money necessary to obtain membership by the Park Commission in the Shore Line Planning Association and it developed that the yearly dues were \$750.

Supervisor Mead, in explaining his vote, contended that he was inclined to the belief that \$750 was a reasonable amount and that San Francisco could not go wrong in the investment of such a small amount.

Supervisor Mancuso moved that consideration of File No. 4124 be continued for one week. Motion seconded by Supervisor Christopher.

Request of Supervisor Mancuso.

The privilege of the floor was extended to William Scott, Manager of the Municipal Railway, who stated that this amount was necessary to meet the estimated sick leave requirements for the remainder of the fiscal year.

Supervisor Mead asked Mr. Walker Peddicord, Deputy City Attorney, if, in event no appropriation was made for payment of sick leave, and sick leave was incurred, would the city be liable, to which Mr. Peddicord replied that under the law the employees are entitled to sick leave benefits, and therefore it would be incumbent upon the city to pay them.

Renewal of Motion Previously Made to Table File No. 4039.

Supervisor Lewis moved that the Board rescind its action whereby it had, earlier in the meeting, tabled File No. 4039, which requested the Mayor to include funds in the budget for the conduct of a campaign looking to the formation of a bridge district or other agency, that will assure early construction of a southern bay crossing.

Motion seconded by Supervisor Mead. There being no objection, motion *carried*.

Re-reference to Committee.

Supervisor Gallagher moved, seconded by Supervisor Mancuso, that the foregoing subject-matter be re-referred to the Finance Committee.

To a query from Supervisor Lewis of Mr. Walker Peddicord as to whether it was legally possible for the Mayor to include appropria-

tions in the budget on a conditional basis, Mr. Peddicord replied that the supplemental budget request for the sum of \$100,000 which the Mayor had included in the 1949-1950 budget, to provide funds for a campaign in connection with a southern bay crossing, was conditioned upon the Board adopting File No. 4039.

Supervisor Lewis again renewed his query. Supervisor Lewis: Is it legally possible to put something conditionally in the budget?

Mr. Peddicord: In this case, the Mayor has submitted it on a conditional basis.

Thereupon the roll was called and File No. 4039 was *re-referred to the Finance Committee* by the following vote:

File No. 3900, Resolution No. 8660 (Series of 1939).

Statements.

Supervisor MacPhee stated that while he and the committee were cognizant of the fact that the Board had instructed them to report the measure to it after a lapse of 60 days, they had been informed by the City Attorney that such a measure was not a legal one, and the committee, in lieu thereof, considered and drafted a proposed resolution which apparently met with the acquiescence of all persons concerned. Further, the committee believed the proposed ordinance in question should remain in committee until such time as proper clarification and legality have been determined.

Supervisor Christopher stated that he was going to vote for the measure now before the Board, and that if and when the City Attorney's office does bring forth an ordinance that meets all legal requirements and supports the basic principles involved, he would also vote for that measure.

Supervisor McMurray stated that he did not believe any member of the Board would vote against the pending measure; that he desired to go on record as voting against segregation; that he had always been against it, that it is unconstitutional and that if you are a Christian and a believer in God, you will find opposition to segregation in the Bible.

Thereupon the roll was called and File No. 3900 was *adopted* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—11.

Sheet 2, Line 5—Teller, \$18,750.

Supervisor Gallagher, seconded by Supervisor Fazackerley, moved that the number of employments be decreased from 6 to 3, \$10,500.

Discussion.

Mr. Klein, Director of Finance and Records, explained to the Board the present set up in the Tax Collector's Office with respect to the collection and delivery of money from the parking meters. At the present time the parking meter collectors bring in their money and do not get a receipt for it. This is very poor practice and we need the services of at least one Senior Teller and one Teller to count the money and issue a receipt to the parking meter collectors. The Controller should not permit us to operate under these conditions.

Mr. Harry Ross, Controller, remarked that his office makes an audit annually in the Tax Collector's Office but that he was not in a position, at this time, to make any comment on the operations of the Tax Collectors' Office.

Mr. Klein said, you have Parking Meter Collectors coming in with the money and you have nobody in there to check it. It is necessary for us to take some of the Inspectors who are working in the Purchase and Use Tax Division, and have them check the money.

Supervisor MacPhee inquired, what about the Tellers and Cashiers that are working in the Tax Collector's Office throughout the year?

Mr. Klein replied, that it is not possible to shift these men that are required elsewhere. You need a man with a Senior Teller's rating and one with a Teller's rating in this case.

Supervisor MacPhee remarked, that the Tax Collector could detail some of the other men in his office to do this work. He could send down a Senior Clerk or a Clerk to check the money.

Mr. Thomas A. Brooks, Chief Administrative Officer, explained that it was very dangerous to handle this amount of money without supervision. There is no record at all of the money collected. Noes: Supervisors Gallagher, Halley, Mead, John J. Sullivan—4.

Explanation of Vote.

The President of the Board, Supervisor J. Joseph Sullivan, requested Supervisor Mancuso to take the Chair while he explained his stand on the subject measure.

Supervisor Sullivan maintained that the Board should not commit itself to an expenditure program as it affected Kezar Stadium until certain things were resolved, among which was the extent to which Kezar Stadium was to be enlarged; the presentation to the Board of actual plans relating to such proposed extension; and knowledge of the Mayor's position with respect to a proposed new stadium.

Statement by Supervisor Mead.

Supervisor Mead stated that the proposed expenditure would add some ten thousand seats to Kezar Stadium and thus bring the total capacity to somewhere around 73 thousand; that Kezar Stadium represents an investment of some three million dollars and that if a new stadium were to be constructed, it would cost in the neighborhood of some four and one-half million dollars, and that we would still have Kezar Stadium.

Request of Supervisor Lewis.

Supervisor Lewis stated that he was desirous of obtaining certain information from the Park Commission and enumerated the following queries:

1. What engineers or architects were consulted on the proposed plan to expand Kezar Stadium?
2. If recommendations were submitted, were they unanimous?
3. If recommendations were submitted, were they in writing?
4. If the excavation method was brought to the attention of the engineers or architects, what was their report?
5. Have the engineers or architects ever made any suggestions with respect to extending Kezar Stadium toward the west, instead of toward the east where taxable property would have to be removed?

Consideration Continued.

Supervisor MacPhee moved, seconded by Supervisor Lewis, that consideration of the subject-matter be continued for one week.

Mr. Eugene Reardon, Director of Property, was called upon to explain what he knew of the situation and he informed the Board that notices had been served upon the families in question to the effect that the City had purchased said property and that it was needed as a site for the Grattan Playground. However, Mr. Reardon stated that it was not his intention to evict anybody and cited the case of Army Street widening, where all the people involved were accorded sufficient time to find other dwellings.

It was agreed to send the communication to the Finance Committee where some method of satisfactory adjustment could be worked out.

General discussion ensued, with Supervisor Lewis asking questions in connection with the proposed expansion of Kezar Stadium and also questions dealing with the purchase of the property on Frederick Street.

Explanation of Vote.

Supervisor Lewis explained his stand, stating that in view of the fact that he had not received sufficient technical knowledge on the matter; that information had not been forthcoming as to whether the owners of the property sought to be purchased were willing to sell their property; that knowledge was not available as to the actual cost of the seats proposed to be installed in Kezar Stadium; that information had not been received denying the contention that the excavation method is the best method, he would vote against the proposed measure.

Statement by President of the Park Commission.

Mr. Teller informed the Board that if the \$220,000 requested were appropriated this day, it would still be a physical impossibility to have the work done in time for the opening of the football season come September, but it would at least afford the Park Commission an opportunity to determine by next year just what monies would be necessary or available to complete the job.

Final Passage.

Thereupon the roll was called and File No. 4011 was *Finally Passed* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, MacPhee, McMurray, Mead—7.

Section . . . The authority established for straight time wage payments for regular work schedules in excess of 40 hours per week, as set forth in Section 1.8 to Section 1.35.2 inclusive, and Section 1.37 for employments and classifications specified therein, shall cease as of April 1, 1950, provided, however, that such authority and such work schedules shall continue thereafter as therein established for any classification of employment enumerated therein,

(a) if the appointing officer shall certify and demonstrate to the satisfaction of the Board of Supervisors that it is not feasible to discontinue any such work schedule in excess of 40 hours per week, or to employ additional help to provide the service for the time in excess of 40 hours per week, or

(b) if the Civil Service Commission shall certify to the Board of Supervisors that it has not been possible to supply sufficient additional personnel to man a 40-hour work week schedule for employees in such classification; or

(c) if the Controller shall certify to the Board of Supervisors that the cessation of such authority respecting any position or classification will cause an increase in payroll costs.

On or before October 1, 1949, the appointing officer shall inform the Civil Service Commission and the Controller of the rearrangement of work schedules and the additional personnel required to place all such employees on a 40-hour work week.

Approved as to form
for Annual Salary Ordinance.

/s/ Walker D. Peddicord,

Deputy City Attorney.

No objection and motion *carried*.

Supervisor Mead moved, seconded by Supervisor Halley, that the President of the Board serve as chairman of the Committee of the Whole.

No objection and motion *carried*.

Privilege of the Floor.

The privilege of the floor was accorded to Mr. William L. Henderson, Executive Secretary and Personnel Director of the Civil Service Commission.

Mr. Henderson: During the present and past year, the Annual Salary Ordinance provided for a 40-hour work week and the employees shall not be required to work in excess of such 40 hours except in cases of emergency. There are certain classifications which are excepted, such as administrative personnel, which are not paid for overtime worked but are given time off. There are also a number of sections, some 2500 employments, and provisions made for them

to work on as needed basis and up to 48 hours per week and they shall be paid for such excess time at straight time. The Finance Committee is now trying to eliminate these 2500 exceptions and pay everybody on a straight 40-hour week, and if they are required to work in excess of 40 hours, to compensate them with premium pay, but inasmuch as no premium pay has been provided for payment to these 2500 employees, but only pay at straight time, it is necessary to approve certain provisions as safeguards.

The privilege of the floor was next extended to Mr. Richard Liebes, representing the Building Maintenance group and other employee groups, who stated that the employee groups were in favor of a 40-hour week, but that as has been the case during recent years, any amendments to the Annual Salary Ordinance are considered in haste and not sufficient time is accorded to the labor groups to study any amendments which may have been proposed, and that he was requesting that in the future, the labor groups be apprized of contemplated amendments to the Annual Salary Ordinance in sufficient time and before the adoption of the budget so that the Board may be informed of their stand in connection with such proposed amendments.

Mr. Liebes further stated that his organization has gone on record in connection with night work that the Board adopt but one method of night work compensation, namely the payment of 6¼% premium instead of using the alternative plan, now in effect, of reducing the eight-hour shift to 7½ hours.

Mr. John Shelley, representing the San Francisco Labor Council, advised the Board that a great deal of dissatisfaction has been engendered by the City's working many employees more than forty hours per week at straight time and that condition should be rectified immediately and thus conform to the practice that has been in effect in many private industries for many years.

Mr. Henry S. Foley, representing the Carmen's Union, C.I.O., commented briefly.

Rise and Report.

Supervisor Mead moved that the Board rise and report. Motion seconded by Supervisor MacPhee.

No objection and motion *carried*.

File No. 4247, Resolution No. 8718 (Series of 1939).

May 31, 1949—Consideration continued to June 6, 1949.

Statement by Supervisor Lewis.

Supervisor Lewis stated that he was concerned with preserving the Palace of Fine Arts with its architecture and grounds as it was during the 1915 Fair; that before entering into a 49-year lease, he wanted to be sure that the city was getting something besides an armory; that he read the lease and that it provided in part that the entire building was to be used for armory purposes, such as drilling, etc., and that at the discretion of the State, it could be used for recreational purposes.

Supervisor Lewis ventured the opinion that the lease should provide that the drilling be done on only a portion of the building so that another section could be set aside for athletic events, such as tennis, etc., and further, a clause should be inserted that the agreement be subject to the approval of the lease.

Motion to Continue One Week—Withdrawn.

Supervisor John J. Sullivan moved, seconded by Supervisor Lewis, that consideration of the foregoing measure be continued for a period of one week.

Supervisor Gallagher moved, seconded by Supervisor MacPhee, that the Clerk be instructed to wire the Civil Aeronautics Authority at Washington, D. C., advising that body that this Board of Supervisors endorses the proposed retention of United Air Lines service between San Francisco and Humboldt County and northwest points, as it is vitally important that the north bay section of the state continue to be included in the Pacific Coast national and international scheduled air transport systems.

File No. 4295.

Motion *carried*.

Request of Supervisor Gallagher.

Supervisor Gallagher requested that the Chief Administrative Officer review the advisability and practicability of exempting from the provisions of the Purchase and Use Tax various industries such as those concerned with ship and plumbing supplies, with the thought in mind that by such exemption those industries as well as others which may be so involved, may be afforded every opportunity to expand in San Francisco, thus promoting greater employment and prosperity, and that a report in connection therewith be forthcoming at an early date.

No objection and *so ordered*.

Request of Supervisor Lewis.

Supervisor Lewis informed the Board that as has been the case in the past several weeks, he would continue to inquire of the City Attorney's representative when the measure in connection with the preservation of Chinatown's architectural designs would be forthcoming, request for the preparation of such legislation having been sent to the City Attorney's office quite some time ago.

No objection and motion *carried*.

Supervisor Mead moved, seconded by Supervisor Christopher, that the President of the Board act as Chairman of the Committee of the Whole.

No objection and motion *carried*.

Privilege of the Floor.

The privilege of the floor was granted to the following:

Proponents:

F. A. Tissier, Secretary of the Retail Grocers' Association of San Francisco, who stated that his association's first thought was the welfare of the citizenry.

Mr. Tissier requested the privilege of introducing certain speakers, to which there was no objection, and the following persons spoke:

1. Mr. Alvin Langfield, representing the Frozen Food Distributors of California. He explained the difference between the terms "frozen" and "quick-frozen," stating that the word "frozen" applied to temperatures from zero to 40 degrees while the word "quick-frozen" applied to temperatures ranging from zero to 30 and 40 degrees below zero. Mr. Langfield contended that at no time had there been any objection on the part of the Department of Public Health with respect to the quick-freezing method.

A report from the U. S. Department of Agriculture relating to food sanitation was introduced for the record.

2. Edwin S. Pillsbury, attorney for the Frozen Foods Distributors' Association. He informed the Board that the output of frozen foods exceeded eight million dollars a year and that over three thousand retail stores in the bay area handle such products; further, that the omission of the word "frozen" from the poultry ordinance was an indication that there was no intent to restrict "frozen" poultry.

3. Mrs. Henry S. Dippel, President, Federation of Women's Clubs, and representing the Women's Chamber of Commerce, asserted that ten thousand women could not be wrong and don't want to be dictated to. Many of the women are employed and do not conclude their day's work before 6:00 p. m.

3. Mrs. Ethel Graham, representing San Francisco Housewives' League. Mrs. Graham stated that the San Francisco housewives are being persecuted if they are prevented from purchasing what they like after 6:00 in the evening.

4. Mrs. Frances Shaskan, President, San Francisco Council of Women Shoppers.

5. Mrs. Annie Scanlan, President, San Francisco Women's Civic Center.

Opponents:

1. Mr. Clyde D. Lightbody, Secretary, San Francisco Meat Dealers' Association. Mr. Lightbody informed the Board that his association's beginning dated back to 1893 and has always considered the public health. The present controversy is one of competition and that butchers, in contrast to grocery clerks, must spend four years in learning the trade, and accordingly everything must be done to protect and build up a 40-million-dollar investment.

At this point, Supervisor Christopher interjected himself into the discussion, informing Mr. Lightbody that when the committee was discussing the measure, it was brought out that the bone of contention by the meat industry was that the question of health was involved, and now it has been stated that the question involved covered the subject of competition.

2. Mr. Milton S. Maxwell, Secretary of the Butchers' Union. Mr. Maxwell stated that in 1918 the Butchers' Union ceased working after 6:00 p. m. In 1924 the Board of Supervisors of this city was asked by the Board of Health to pass an ordinance, No. 6157 (New Series), regulating the sale of uncured and uncooked meats. In 1932 the ordinance was amended; the word "frozen" was added. In 1941 the Board of Health passed the poultry ordinance. It was not the Board of Health on this date that asked to reenact a law but the frozen food industry. The Board is being asked to discriminate and to pass a law that will permit grocery stores to sell frozen foods 24 hours a day while the butchers close at 6:00 p. m. and that he would welcome an opinion from the City Attorney as to its constitutionality.

Mr. Francis L. Cross, attorney for the Frozen Food Industry, expressed surprise that the opposition had not interjected the health element into the controversy. The problem is simply this: "Does the sale of frozen meats after 6:00 p. m. or on Sundays and holidays

present a health problem?" The answer is quite obvious. The Supreme Court has ruled that with regard to fresh meats, it was reasonable to close at 6:00 p. m. so that meat inspectors could perform their duties.

Rise and Report.

Supervisor Christopher moved that the Committee rise and report. Motion seconded by Supervisor Lewis. No objection and motion carried.

Statement by Dr. Geiger.

To a question asked of Dr. J. C. Geiger, Director of Public Health, by Supervisor Christopher, if the sale of frozen foods after 6:00 p. m. would constitute a health hazard, he replied as follows:

Dr. Geiger: As has been stated publicly and for the last time, I hope, there is no public health problem involved in this matter whatsoever.

Explanation of Vote.

Supervisor Lewis stated that it is the duty of the Board to see that the rights of the citizens are protected at all times and that they should have the right of purchasing frozen meats on Sundays if they chose to do so provided there is no question of public health involved.

Non-Validity of Kosher Meat Provisions.

The President of the Board mentioned the fact that the 1932 meat ordinance, insofar as it related to the sale of kosher meats, was declared unconstitutional.

Mr. Walker Peddicord, Deputy City Attorney: It is true that the ordinance as it now stands on the books containing provisions relating to different hours for kosher meats, has been declared unconstitutional. If the Board, in its discretion, should remove from the ordinance the provisions with respect to special hours for kosher meats, it would, in my opinion, be in legal form.

Proposed Amendment.

Supervisor MacPhee moved as an amendment to Section 557, at the end of the first paragraph, the following language:

“. . . except under such regulations and restrictions as may be provided by the Director of Public Health.”

Dr. Geiger expressed the opinion that he saw nothing wrong in putting into the proposed measure language to the effect that frozen meats shall be sold under the regulation of the Department of Public Health.

Motion lost for want of a second.

Question Asked by President of Board.

The President of the Board asked Dr. Geiger the following question:

Supervisor J. Joseph Sullivan: There is no thought in your mind but that we can enforce frozen meat sales without additional legislation?

Dr. Geiger: I think so.

Statement by Deputy City Attorney Walker Peddicord.

To a question asked of Mr. Walker Peddicord, Deputy City Attorney, as to the legality, in substance, of the proposed amendment, he stated that the courts had ruled that the authority of the Board of Supervisors to pass legislation of the kind now pending before the Board was based upon Article XI, Section 11 of the Constitution; the Board has had testimony before it. If the testimony before the Board

indicated that certain industries are not concerned with the public health, one type of conclusion would be reached. The Director of Property had given certain advice, and based upon the statements given, there was no doubt in his mind but that the Board's action on the proposed amendment was a valid one.

Amendments.

Supervisor Halley moved, seconded by Supervisor Lewis, that the language found in Sections 557 and 798 of the Health Code, and reading as follows, be deleted:

Section 557: ". . . provided, further, that any place of business where strictly Kosher meats are sold or offered for sale may be kept open for business on Saturdays from sundown to 12 o'clock p. m., and on Sundays between the hours of 6 o'clock a. m. and 12 o'clock noon . . ."

Section 798: ". . . Provided, further, that Kosher Poultry may be sold or offered for sale or delivery on Saturdays from sundown until twelve o'clock midnight, and on Sundays between the hours from 8:00 a. m. until 12:00 noon, provided further that no other uncooked poultry may be sold or offered for sale or delivery on the same premises where said Kosher poultry is sold or offered for sale or delivery during said hours."

No objection and motion *carried*.

"Do Pass" Recommendation.

Thereupon Supervisor Christopher moved, seconded by Supervisor Lewis, that the foregoing measure "do pass."

Query by Supervisor Mead.

Supervisor Mead: "I am interested in statements made several times that this Board is now being asked to adopt, in the opinion of some people, legislation of a discriminatory nature, and as a layman, I would want to know if this legislation is discriminatory. I now want to ask a question and I do not want a guess. My question is: "What percentage of grocery stores operate after six o'clock as against meat markets or grocery stores that close after six o'clock?"

To the above query, Mr. Tissier, Secretary of the San Francisco Retail Grocers' Association, replied that records will reveal that over 60 per cent of grocery stores in San Francisco are open after six o'clock in the evening; that a majority of the 60 per cent close between 9:30 and 10:00 p. m. and some remain open up to 1:00 a. m.

Mr. Milton Maxwell, Secretary of the Butchers' Union, ventured the further information that there were some 1200 grocery stores operating in the bay area; some 700 in San Francisco, and that in the vast majority of the stores in San Francisco only 2 per cent sold frozen meat products after 6:00 p. m.

Explanation of Vote.

Supervisor Christopher: My position is this: I believe this amendment should be passed. I respect and admire the position of Mr. Maxwell very much, because he has labored diligently for many years on behalf of the Butchers' Union. During the committee hearing, every argument was based upon the contention that a health hazard was involved in connection with frozen meats being sold after 6 o'clock. Today there has been a change somewhat in that attitude, that there is no health hazard but the question of competition. I venture to say that by virtue of this amendment, the butchers' industry will increase their production and have more men at work.

MONDAY, JUNE 6, 1949

Thereupon the roll was called and File No. 4227, as amended, was *Passed for Second Reading* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—10.

Absent: Supervisor Mancuso—1.

Statement by Supervisor Christopher.

Supervisor Christopher stated that the Park Department was one department that has not resorted to the practice of calling for open bids and awarding contracts to the highest bidder, but has followed the practice of making awards on the basis of its own discretion; however, in the interest of good government and to avoid the possibility of criticism, the open bid policy should be adhered to in connection with any project undertaken and payable from funds of the city and county.

Thereupon the roll was called and File No. 4292 was *Passed for Second Reading* by the following vote:

Passage for Second Reading.

The following recommendation of Joint Finance and Police Committee was taken up:

Present: Supervisors Gallagher, Fazackerley, MacPhee, McMurray.

Amending the Police Code by Establishing Revised Rates of Fare for Sedans and Taxicabs.

File No. 4172, Ordinance No. . . . (Series of 1939).

Committee of the Whole.

Supervisor Gallagher moved, seconded by Supervisor Lewis, that the Board resolve itself into a committee of the whole. No objection and motion *carried*.

Supervisor Gallagher moved, seconded by Supervisor Halley, that the President of the Board act as Chairman of the Committee of the Whole. No objection and motion *carried*.

Opponents.

The privilege of the floor was granted to:

Mr. Lloyd Ackerman, attorney-at-law, representing the Yellow Cab Company. Mr. Ackerman asserted that his firm suffered very heavy losses during the 120 days of the taxicab strike, such losses being in excess of \$50,000, and that it was the duty of the Board of Supervisors to establish such rates as would provide a fair return on the funds invested; that opposition to the proposed increase stems only from the DeSoto Sedan Company, and that in the case of the Veterans' Cab Service, denial of such increased rates would put them out of business.

To a question directed by Supervisor Lewis to Mr. W. L. Rothschild, president of the Yellow Cab Company, as to the financial stability of the company during the year 1948 if the increases granted to taxicab drivers had been in effect, Mr. Rothschild called upon his Controller to answer, who in turn averred that the company would have sustained a loss of \$180,000.

Supervisor Christopher inquired as to the number of fares handled daily by each taxicab and the Controller for the Yellow Cab Company replied "approximately 22."

Proponents.

The privilege of the floor was extended to Mr. Roy Jones, owner of the DeSoto Sedan Service.

Mr. Jones stated that some three or four weeks ago the taxicab operators got together and drafted proposed amendments to the taxicab ordinance and presented them to Supervisor Mancuso, and the first his firm knew about it was when the matter was referred to committee. Mr. Jones stated that the opposition of his company to the proposed increases was based on two grounds: First, that the general public is not very anxious to get an increase in rates; and second, the increase would automatically boost DeSoto's "flag" to 60 cents, whereas 50 cents is high enough for a short haul. Further, that 25 to 30 per cent of the DeSoto Sedan business is in the downtown area and that they are practically restricted from doing business in the Central Traffic District.

Five-Minute Recess.

At this point, Mr. Jones became suddenly ill, whereupon Supervisor John J. Sullivan moved, seconded by Supervisor Lewis, that a five-minute recess be had. No objection and motion *carried*.

Upon reconvening, the privilege of the floor was extended to Mr. Julian Pardini, attorney-at-law for the DeSoto Service, who informed the Board that the present time was not the right time economically, and further the proposed increases were not requested by the firm he represented, and request was formally made that the Board not consider increasing the sedan rates.

The President of the Board, Supervisor J. Joseph Sullivan, who, at this time had relinquished his Chair to Supervisor Fazackerley, so that he might have the opportunity of speaking on the matter, asked Mr. Paul Beck, Chief Valuation Engineer of the City Attorney's office, for his views on the matter. Mr. Beck replied that figures for the last five months prior to the strike, viz.: from August through December, 1948, were taken from the Yellow Cab Company and assuming that the company had been operating at the same level of business for a

whole year, they would have made \$124,000 that year. On the other hand, figures were computed on the assumption that the company was operating at the same level of business for a whole year but adding to the normal expense the extra burden of the increases granted the cab drivers, and the result would be that no profit would have been made; further, that figures from the East Bay showed that taxicab business had fallen off 10 per cent from the previous year.

To a query by Supervisor J. Joseph Sullivan as to what, in his opinion, would be a fair rate for sedans and limousines, Mr. Beck replied that he had not given this matter any consideration but believed that rates, when established, should be uniform.

Supervisor J. Joseph Sullivan: Assuming the books are in good shape, how much time would be required to recommend to this Board rates for sedans and limousines pursuant to the provisions of Section 1134 of the Police Code?

Mr. Beck: About two weeks' time would be required if the books are in good shape.

Supervisor J. Joseph Sullivan: Mr. Beck, what would be your recommendation of a fair taxicab rate?

Mr. Beck: Based on the level of business for the five months beginning August 1, 1948, and ending December 31, 1948, the company would make \$150,000 on present wage rates. For the year ending July, 1948, they netted \$255,000 and for the fiscal year ending July, 1947, they made \$287,000.

Privilege of the Floor.

The privilege of the floor was extended to Mr. Anthony Cancilla, representing the Chauffeurs' Union, who stated that the members of his organization had not received an increase in two years; that his organization favored the proposed increases and that the rates charged in 1930 were much higher than the proposed ones.

Rebuttal.

Attorney Lloyd Ackerman, representing the Yellow Cab Company, was permitted the privilege of offering rebuttal:

Mr. Ackerman: There has been historical changes in rates. In 1937 the contract with the Chauffeurs' Union provided a minimum wage of \$5.00 per day. We went to the Board and asked for an increase in "flag" rate to 25 cents. In 1939 we went to the Board and asked for a \$1.00 point-to-point trip. In 1943 we came to the Board and asked to abolish the dollar point-to-point trip on account of the war effort and for the conservation of gas. In 1947, we came back to the Board and asked to reestablish the point-to-point trip fare at \$1.35. The wage of cab men is \$9.75 against \$5.00 in 1937. We have never come before you for rate increases unless we had to have it. In response to Supervisor Lewis' question regarding sedan transportation as compared to a taxicab, in 1932 an artificial distinction between sedan and taxicab was made. Sedans do not have meters. They are cars of private appearance. The historical difference in rates between taxicabs and sedans has been exactly the same under the proposed amendment. We are not increasing the sedan rates in excess of what the taxicabs are getting.

Supervisor J. Joseph Sullivan: Do you oppose the thought of leaving the sedan and limousine rates as they are?

Mr. Ackerman: I do—with all the power at my command.

Mr. Roy Jones, of the DeSoto Sedan Service: Insofar as wages are concerned, in 1935, up to the present time, I have not been asked by the Chauffeurs' Union to even consider a wage decrease. We are not asking, nor do we want an increase for the first "mile." What you do

about the point-to-point trip, that is your business. I do not think that a rate increase is beneficial at this time, but I could be wrong.

Supervisor Mead: Can you give me the percentage of those riding a few blocks?

Mr. Jones: About 35 to 45 per cent ride five, six or seven blocks and about 5 per cent ride around two blocks.

Rise and Report.

Supervisor Halley moved that the Committee rise and report. Motion seconded by Supervisor Mead. No objection and motion *carried*.

Motion to Set Special Order.

Supervisor Halley moved, seconded by Supervisor J. Joseph Sullivan, that the subject-matter be again considered as a Special Order two weeks from today at the hour of 3:00 p. m., as insufficient data is available to Board members at this time.

Opposition to Motion.

Supervisor Mead opposed the motion, contending that the rate expert had stated that complete and full information could not be had in so short a period of time; further, that the DeSoto people were fearful of a bugaboo that does not exist nor will it exist at a later date.

Substitute Motion.

Supervisor Gallagher moved as a substitute that the proposed increased rates be effective only until September 15th. Motion seconded by Supervisor Christopher.

Amendment to Substitute Motion.

Supervisor Lewis moved as an amendment to the substitute motion that in Section 1134 (a), the amount remain at 50 cents instead of at 55 cents.

No second and amendment to substitute motion *lost*.

To a query by Supervisor Halley regarding the suggested amendment, Mr. Walker Peddicord, Deputy City Attorney, suggested that the wording should read something like this: ". . . the increase in rates should terminate on September 15th and that rates in effect previously established shall then remain in effect."

Substitute Motion Withdrawn.

At this point, Supervisor Gallagher withdrew his substitute motion.

New Substitute Motion.

Supervisor Gallagher offered a new substitute motion to provide that the proposed increase in rates shall be in effect until October 15. Motion seconded by Supervisor Christopher. Motion *lost* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, McMurray—4.

Noes: Supervisors Halley, Lewis, MacPhee, Mead, J. Joseph Sullivan, John J. Sullivan—6.

Absent: Supervisor Mancuso—1.

Substitute Motion.

Supervisor J. Joseph Sullivan moved, seconded by Supervisor Lewis, that consideration of the subject-matter be continued for a period of two weeks.

Explanation of Vote.

Supervisor Christopher explained his vote that first passage should be given the measure so as not to endanger its future passage. If changes are necessary two weeks hence, the measure can be amended.

Substitute motion *lost* by the following vote:

Ayes: Supervisors Halley, Lewis, MacPhee, J. Joseph Sullivan—4.

Noes: Supervisors Christopher, Fazackerley, Gallagher, McMurray, Mead, John J. Sullivan—6.

Absent: Supervisor Mancuso—1.

Statements by Supervisors Lewis and J. Joseph Sullivan.

Supervisor Lewis stated that he did not want to leave the impression that he was either for or against the increases but wanted it understood that as far as he was concerned, he had not had sufficient information before him to intelligently vote on the measure, but that if a vote was to be had, he would be compelled to vote against it.

Supervisor J. Joseph Sullivan stated that the Board was a rate-fixing body and that he would like to vote for the rates provided they were fair; however, since, in his opinion, nothing has been presented that would provide proof beyond a doubt as to the fairness of the proposed rates, he could not vote for such a proposal at this time.

Thereupon the roll was called on File No. 4172 and it *Passed for Second Reading* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, MacPhee, McMurray, Mead, John J. Sullivan—7.

Noes: Supervisors Halley, Lewis, J. Joseph Sullivan—3.

Absent: Supervisor Mancuso—1.

Motion for Report.

Supervisor Halley moved, seconded by Supervisor Christopher, that Mr. Paul Beck, Chief Valuation Engineer of the City Attorney's office, and Harry D. Ross, Controller, be directed to make an investigation of the books and accounts of those taxicab and sedan companies which will be affected by the proposed rate structures contemplated in the proposed ordinance, File No. 4172, Passed to Second Reading this day, to the end that this Board may have before it complete factual data on which to base its legislation establishing said rate structures; that a full report based on said investigation be made to this Board for its consideration on or before Monday, June 27, 1949, accompanied by recommended rate structures based on said investigation, and that a progress report be submitted to this Board for its consideration on or before Monday, June 20, 1949.

Statement by Supervisor Fazackerley Re Garbage Disposal Units.

Supervisor Fazackerley: The General Electric Company has offered for sale an electric disposal unit. The Department of Public Health has made a study of it and made no objection to it being used in private homes. The prices range from \$75 to \$125 each. The Department of Public Works, however, stated that such use might seriously affect sewage systems. The question now arises of adopting permissive legislation and have written to the City Attorney to prepare an amendment to the Health Code that would permit installation of home garbage disposal units. After such legislation is available I would like to have it referred to the proper committee for hearings.

ADJOURNMENT.

There being no further business, the Board, at the hour of 6:30 p. m., adjourned.

Statement by Supervisor Christopher.

Supervisor Christopher stated that all taxicab companies should be compelled to maintain adequate records in order to substantiate requests for increased rates. Not only is the maintenance of proper records necessary, but all cabs operating in San Francisco subject to rates established by the Board of Supervisors, should be equipped with approved taximeters, and that he intended to present legislation that would carry to fruition the thoughts expressed hereinabove.

Supervisor MacPhee: Mr. Ross, has there been cooperation between your office and the taxicab companies?

Mr. Ross, Controller: No doubt about their cooperation. The question is one of understanding their methods of accounting.

Supervisor Lewis: Have your representatives checked the income tax statement of the Luxor Cab Company?

Mr. Ross: They have not.

Thereupon the roll was called on Supervisor Gallagher's motion to defer consideration, and it *carried* by the following vote:

Explanation of Vote.

Supervisor Mead reiterated his previous stand taken at past meetings of the Board of Supervisors, that he did not see the sense in paying some twelve thousand dollars for merely extending a convenience station whereas for six thousand dollars more, a new construction could be had; however, in the interest of harmony, he would go along and vote for the appropriation.

Thereupon, the roll was called and File No. 4117 was *finally passed* by the following vote:

June 27, 1949—Consideration continued to July 5, 1949.

Statement by Supervisor Mancuso.

Supervisor Mancuso informed the Board members that when the subject-matter was discussed by him with the Park Commission several years ago, he was advised to go along with the present rate of 6 per cent and that when the lease expired, additional study would be given to revising the rate upwards. However, the present proposed lease still carried the rate of 6 per cent.

Mr. Julius Girod, Superintendent of the Park Department, stated that the Park Commission had given considerable study to the proposed lease and is satisfied with the proposed arrangements.

Mr. Joseph Hickey, also representing the Park Department, stated that things have not changed to the extent that an increase in the percentage rate would be warranted, and that Mr. DeHaven was not making an excessive profit.

Supervisor Mancuso, in learning that the amount of net profit for the professional operator amounted to around \$500 per month, stated that such an amount was not unreasonable; however, he favored sending the subject file back to the Finance Committee where all figures could be checked by the Board's Cost Analyst. Further, he had been given to understand that these people were making over two thousand dollars a month and that the Park Commission should put out these leases on a competitive bidding basis.

Accordingly, Supervisor Gallagher moved, seconded by Supervisor Fazackerley, that the foregoing measure be re-referred to the Finance Committee.

Thereupon the roll was called and the foregoing subject was *re-referred to the Finance Committee* by the following vote:

Privilege of the Floor.

The privilege of the floor was extended to the following:

Mr. Neal A. Fellom, Attorney-at-Law, representing the firms of Mancuso and Herron, who spoke in defense of the appeal.

Messrs. Duggar and Kilduff, representing the City Planning Commission, informed the members of the Board that the Commission's investigating staff had made a thorough investigation and had advised against approving the application. These gentlemen contended that there was no fundamental reason why permission should be granted to rezone this isolated piece of property located in the middle of the block to a commercial zone, since commercial property was located only a block away.

Supervisor Mead asked Mr. Fellom as to the type of business it was intended to put at this location to which Mr. Fellom replied that he did not know.

Roll.

The President thereupon put the following to the Board: A vote "Aye" overrides the City Planning Commission, a vote "No" sustains the Commission.

Supervisor Mancuso Excused From Voting.

There being no objection, Supervisor Mancuso's request that he be excused from voting on the foregoing measure, was *granted*.

The roll was thereupon called and the City Planning Commission was *sustained* by the following vote:

File No. 4172, Ordinance No. . . . (Series of 1939).

June 27, 1949—Consideration continued to July 11, 1949.

Committee of the Whole.

Supervisor Mead moved, seconded by Supervisor Christopher, that the Board resolve itself into a committee of the whole.

Substitute.

Supervisor Mancuso moved, as a substitute, that the matter be re-referred to the joint committee in view of the fact that changes are being recommended by Paul Beck, Chief Valuation Engineer. Motion seconded by Supervisor Lewis.

Both Supervisors Mead and Fazackerley expressed opposition to the proposed re-reference to the joint committee.

Thereupon the roll was called and the substitute motion lost by the following vote:

Ayes: Supervisors Lewis, Mancuso, J. Joseph Sullivan—3.

Noes: Supervisors Christopher, Fazackerley, Gallagher, Halley, MacPhee, McMurray, Mead, John J. Sullivan—8.

There being no objection, the Board convened as a Committee of the Whole.

General Discussion.

City Controller Mr. Harry Ross was called upon to elaborate on his report, but he declined to do so, contending that the report spoke for itself, and needed no further clarification.

Supervisor Mancuso: Could not the cab company choose a higher or lesser rate if it so desired?

Mr. Beck: Taxicab rates should be uniform as far as possible.

Supervisor Lewis: Mr. Beck, do you not feel that cabs with designated stands have an advantage over those who do not have stands?

Mr. Beck: The answer is No, and I base it on general observation.

Supervisor Lewis: Have you ever had experience in fixing rates for taxicabs other than in the present case before the Board?

Mr. Beck: About two years or so ago I was asked for a report and that was the only time.

Mr. Roy Jones, owner of the DeSoto Sedan Service was granted the privilege of the floor.

Supervisor Christopher: Mr. Jones, what bearing would the proposed ordinance have on your financial condition?

Mr. Jones: The proposed rate would mean a loss of business of at least 10 per cent.

Mr. Jones then proceeded to give a graphic picture of the financial condition of his organization before and during the recently concluded taxicab strike. He laid particular stress and certainly presented an anomalous situation when he stated that his company was still looking for men to operate open at present fares, routes while he understood the retrenchment program had affected other taxicab concerns further, that he did not care for the increase, and that his firm was making, not losing, money under the present regulations.

Mr. Jones, as well as Mr. Wunner, Controller for the Yellow Cab Company, were subjected to questions from various members of the Board.

Motion to Rise and Report.

Supervisor Halley moved that the Committee rise and report. Motion seconded by Supervisor Lewis. No objection and motion carried.

Amendment.

Supervisor Gallagher moved, seconded by Supervisor MacPhee, that Section 1134(a) of the Police Code be amended, as per suggestion of Mr. Paul Beck, Valuation Engineer, to provide: "On a mileage basis, thirty-five cents (35¢) for the first one-half ($\frac{1}{2}$) of a mile or fraction thereof, and twenty cents (20¢) for the next one-half ($\frac{1}{2}$) of a mile or fraction thereof."

Substitute.

Supervisor Fazackerley contended that every protection should be given the public and that such proposed increases should be carefully watched, and further, he believed that every cab should have a taximeter. Accordingly, he moved, seconded by Supervisor Halley, that, as a substitute, such proposed rates be approved with the proviso that they be effective until December 1, 1949.

Substitute to the Substitute.

Supervisor Lewis moved as a substitute to the substitute, by striking out the words "fifty-five cents" in Section 1134(a) and inserting in lieu thereof the words "fifty cents" for the first mile. Motion seconded by Supervisor Mancuso.

Second Substitute Ruled Out of Order.

The Chair ruled that Supervisor Lewis' substitute, at this time, was out of order.

Withdrawal of Original Substitute Motion.

Supervisor Fazackerley withdrew his original substitute motion, there being no objection.

Thereupon Supervisor Lewis moved as a substitute motion, reading as follows:

"That Section 1134(a) be amended by striking out the words 'fifty-five cents' and inserting in lieu thereof the words 'fifty cents' for the first mile." Motion seconded by Supervisor Mancuso.

Statement by Supervisor Mancuso.

Supervisor Mancuso: I disagree with Mr. Beck telling business men how to operate their businesses which have been successful in one way and telling them they should operate in another way which may be unsuccessful. I think they have a right to protect their investments and operate the way they want to.

Thereupon the roll was called and Supervisor Lewis' substitute motion *carried* by the following vote:

Ayes: Supervisors Christopher, Lewis, MacPhee, Mancuso, McMurray, J. Joseph Sullivan—6.

Noes: Supervisors Fazackerley, Gallagher, Halley, Mead, John J. Sullivan—5.

Amendment.

Supervisor Fazackerley moved that the subject measure be amended to provide an expiration date of December 1, 1949. Motion seconded by Supervisor Halley.

At this point, the Chair suggested that the following language be used:

"The rates provided in Sections 1134 and 1135 of this Article shall be reviewed by the Board of Supervisors in the month of January of each year."

The suggestion was agreeable to Supervisor Fazackerley and he so moved, seconded by Supervisor Halley, after withdrawing his previous amendment without objection.

Thereupon the roll was called and the foregoing amendment was *carried* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, McMurray, J. Joseph Sullivan—6.

Noes: Supervisors Lewis, Mancuso, Mead, John J. Sullivan—4.

Absent: Supervisor MacPhee—1.

Supervisor Fazackerley moved, seconded by Supervisor Gallagher, that the emergency clause appearing in Section 1134(a) and reading as follows:

". . . for the first hour or fraction thereof Four Dollars (\$4.00), and for each succeeding half-hour Two Dollars (\$2.00), provided, however, that at the end of the present emergency created by the war, the rate of fare for sedans shall be \$...." be deleted.

No objection and motion *carried*.

Thereupon the roll was called on File No. 4172, as amended, and it was *Passed for Second Reading* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, J. Joseph Sullivan—9.

Noes: Supervisors Mead, John J. Sullivan—2.

Supervisor Gallagher Excused.

Supervisor Gallagher requested that he be excused from further attendance. Accordingly, Supervisor MacPhee moved, seconded by Supervisor Christopher, and there being no objection, Supervisor Gallagher was excused at 5:55 p. m.

Ayes: Supervisors Christopher, Fazackerley, Halley, MacPhee, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—8.

Noes: Supervisors Lewis, Mancuso—2.

Absent: Supervisor Gallagher—1.

Privilege of the Floor.

The privilege of the floor was granted to the following:

Mr. Henry S. Foley, representing the Carmen's Union, C.I.O.

Mr. Foley stated that the plans of the Public Utilities Commission in rushing through a conversion program which aims to convert all street car service to either gas bus or trolley bus service, have caused a great many complaints from citizens, and that this measure should be placed before the electorate for the purpose of ascertaining just how they feel about the conversion program.

Mr. Charles Wood, representing the Carmen's Union, A. F. of L., stated that his membership was in favor of the proposed charter amendment. Further, that street cars accommodate greater number of people with a greater degree of safety.

Supervisor Mead inquired of Mr. Wood if the conversion program had resulted in reduction in personnel, to which Mr. Wood stated that no reduction had been effected, except through the regular channels of death, resignation, and pensions.

Mr. C. Hall, representing the Bay Area Transportation League, spoke at some length and in behalf of the proposed charter amendment.

Mr. James H. Turner, Manager of Utilities, stated that not a single man lost his job as a result of the conversion program, and enough street cars will be operated by those men who are unable to qualify to operate the busses.

Mr. Turner contended that the passage of the proposed charter amendment would mean an additional bond issue of some \$20,000,000, that the Jenkins Report suggested patterning after changes taken place in the East Bay and in San Diego, which communities have converted to busses. To take care of the bond interest and redemption would necessitate higher taxes or higher fares and it would take at least two years before complete rehabilitation.

To a query from Supervisor Mead as to whether the Public Utilities Commission intended to convert Geary Street to busses, Mr. Turner replied that the Commission does not intend to do so.

Mr. Phil Landis, President of the Public Utilities Commission, stated that the difference between the March Report and the DeLeuw Report existed in the fact that the March Report dealt with the purchase of street cars while the DeLeuw Report recommended busses; however, Mr. Landis stated the Commission made its recommendations in accordance with national engineering data.

Supervisor J. Joseph Sullivan inquired of Mr. Landis if the Public Utilities Commission made its decision regarding the 55 street cars before the DeLeuw Report was before it, to which Mr. Landis replied that at the time the decision was made, the DeLeuw Report was before the Commission.

Motion to Submit.

Supervisor McMurray moved submission of the proposed charter amendment. Courtesy second extended by Supervisor Mead.

At this point President J. Joseph Sullivan requested Supervisor Lewis to assume the Chair as he desired to speak on the measure before the Board.

Supervisor J. Joseph Sullivan: There is one question that has been discussed and that is whether or not we want to freeze operation of the present system. One side says it should be submitted to the people, the other side says it should not, in that there should be flexibility in the present operation. In order that my position be understood, I want to reiterate my stand of some time ago that it is my belief that the people have already spoken on this matter. In 1943, Section 132.1 of the Charter was enacted: (Read portion.) The matter was discussed informally with Mr. Landis and he referred it to the City Attorney, who ruled contrary to my opinion. I desire to point out that in the matter of abandonment of street car lines, with the exception of the No. 40 line, they have not come before the Board for its approval. I believe that all matters of abandonment should come before the Board of Supervisors. The people have expressed their will with regard to abandonments or discontinuances. The Commission has seen fit not to bring these matters before us but I believe the Charter contains adequate provisions to protect the people; therefore, I will vote against the submission.

Supervisor Lewis also expressed the opinion that the provisions of the Charter provide that abandonment of any street car line first requires action on the part of the Board of Supervisors.

Thereupon the roll was called and the foregoing proposed charter amendment was *refused submission* by the following vote:

Aye: Supervisor McMurray—1.

Noes: Supervisors Christopher, Fazackerley, Halley, Lewis, MacPhee, Mancuso, Mead, J. Joseph Sullivan, John J. Sullivan—9.

Absent: Supervisor Gallagher—1.

Communications.

The Clerk read two communications, one from the Mason and Builders' Association of California, Inc., asserting that the proper rate for Bricklayer should be established at \$22.50 for an eight-hour

day or \$18.00 for a six-hour day and protesting the proposed rate of \$24.00 per day; the other communication was received from the Central California Chapter, Associated General Contractors, protesting rate of \$14.00 per day for position of Concrete Mixer, Under ½ Yard.

The privilege of the floor was extended to William L. Henderson, representing the Civil Service Commission, and Mr. Person of the Mason and Builders' Association, who explained their views in the matter.

Mr. Henderson contended that his Commission had reviewed the contract and has been assured by the City Attorney's office that under the charter they must pay the \$3.00 per hour rate for the position of Bricklayer.

Mr. Peddicord of the City Attorney's office, stated that the function of the Civil Service Commission was to examine contracts to determine the rate of pay to be paid and they found the rate to be three dollars an hour. Section 151.3 of the Charter does not give the Civil Service Commission the right to examine the schedule of hours worked, merely the right to certify rates of pay.

The President of the Board requested that the record show that when the question was posed to Mr. Peddicord as to whether the Board had the legal right to insert in the wage schedule the rate of \$18.00 per day for a six-hour day and a rate of \$22.50 for an eight-hour day, the reply was in the negative.

The roll was thereupon called and the foregoing measure, as amended, was *Passed for Second Reading* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—10.

Supervisor Mancuso raised the question of whether the subject measure shown on the calendar as being up for final passage, should not be again passed for second reading if the change in the lease agreement is agreed to, to which Mr. Walker Peddicord, Deputy City Attorney advised the Board that in the event the lease agreements

are changed as to the effective date of the lease, the measure must again be passed for second reading.

SPECIAL ORDER—3:00 P. M.

Discussion of Cherry River Development Project.

File No. 4363, Resolution No. . . . (Series of 1939).

Pursuant to motion of Supervisor Gallagher, the Chief Administrative Officer, the Public Utilities Commission, Manager of Utilities, the General Manager and Chief Engineer of the Hetch Hetchy System were requested to appear to discuss, in detail, the provisions of the contracts authorized to be executed by Resolution No. 8810 (Series of 1939), adopted by the Board of Supervisors on June 27, 1949, and entitled as follows:

“Authorizing the Execution of a Contract by City and County of San Francisco with Turlock Irrigation District and Modesto Irrigation District and the Execution of a Contract by City and County of San Francisco With United States of America.”

General Discussion.

Supervisor J. Joseph Sullivan asserted, in opening up the discussion of the matter, that the contracts involved had not been explained to the members of the Board at the time the Board authorized the execution of same. The contracts, which Supervisor Sullivan stated he had read, called for a contribution by the Federal Government of some nine millions of dollars; further, that if and when the Don Pedro Reservoir and Dam site is constructed, it will not be owned by the City and County of San Francisco but by the Turlock and Modesto Irrigation Districts. The Supervisor ended the statement by expressing the hope that a satisfactory explanation would be forthcoming as to the obligation of the City under the contracts.

Mr. A. H. Olson, Chief Engineer and General Manager, Hetch Hetchy System, stated that it is imperative that necessary storage

facilities be constructed on the Tuolumne River, with ultimate capacity of four hundred million gallons and that additional storage facilities are considered being built on the river. Cherry River construction is of immediate importance and later, when additional storage requirements are needed, the Don Pedro Dam will be built.

Supervisor Mancuso: Have you changed your mind regarding the construction of storage facilities above Lake Eleanor?

Mr. Olson: The Federal Government is interested in flood control. By joining forces, we are getting 12 million dollars, nine million now and three million when we build Don Pedro Dam.

Mr. Turner, Manager of Utilities: Engineers of Hetch Hetchy worked on this problem for fifteen years or longer with respect to plans of handling the upper reaches of the Tuolumne River. Fifteen years ago we reached a mutual agreement with the Modesto District with respect to handling the problem of the Tuolumne River. Have discussed this matter with Army and the State engineers and the eventual plan will definitely assure San Francisco of an ultimate water supply from the Tuolumne River of some four hundred million gallons daily.

Mr. Turner continued his statement by asserting that the Turlock and Modesto Irrigation Districts had prior rights to the natural flow of water, although the City and County has some riparian rights along the river; further, the City is also governed by the terms of the Raker Act. The price that is being paid for Don Pedro Dam may seem high but it isn't, when one contemplates what the city is getting in return, namely, the right to store its water in the reservoir of the irrigation districts.

Supervisor J. Joseph Sullivan: The total cost of the Cherry River project would be in the neighborhood of thirteen millions. What is your estimate of the cost of the Don Pedro construction?

Mr. Turner: About 35 millions.

Supervisor J. Joseph Sullivan: Have these contracts actually been executed?

Mr. Turner: Have delayed them pending this hearing. The first contract will be signed by the City and County of San Francisco, the United States Army Engineers and the Irrigation Districts. The second contract will be signed by the City and County of San Francisco and the irrigation districts.

Supervisor J. Joseph Sullivan: This Board, by the adoption of this resolution, committed itself to an overall bond issue of thirty-six millions of dollars, if I read the contract correctly.

Supervisor Mancuso: Would it be cheaper in the long run for the people of San Francisco to build at the upper location and keep control of the power rates instead of building for the Modesto and Turlock Districts?

Mr. Turner: Development of the higher country would not be favorable for power output.

Supervisor Mancuso inquired of possible city benefits in connection with the city's part in the proposed construction of the Don Pedro Dam to which Mr. Turner replied that the city's contribution was merely for the purpose of acquiring storage facilities, in fact it was the very cheapest form of storage possible on the river. The Cherry River project will be developed to its maximum capacity and that plant will belong to the city.

Mr. Turner: The water we collect behind O'Shaughnessy Dam is not all of ours. The water we collect behind Cherry will not be all of ours. When we pay storage in Don Pedro, however, we will become the sole owner of the water in Cherry and O'Shaughnessy.

Then we shall have full privilege of developing such power as can be generated from Cherry and O'Shaughnessy.

Supervisor J. Joseph Sullivan: It is my hope that eventually when a bond issue, whether for Cherry River or Don Pedro, is submitted, that the entire picture will be submitted to the people at that time, so that they may be informed of the amount involved, to say nothing of bond interest and redemption, and I want the Public Utilities Commission to repeat to the people all of the facts in connection with the entire project and particularly that the city will pay the cost of Don Pedro Dam and not own it.

Mr. Landis, President of the Public Utilities Commission: The obligation mentioned was not entered into lightly by the Commission. We held repeated meetings. We conferred with the City Attorney. We conferred, to the best of our ability, with all interested parties, consistently trying to achieve the most objective approach, and we can only reiterate that we are convinced that this proposal is the cheapest way of assuring the future water supply for the people of San Francisco than the method of going beyond Hetch Hetchy. Then too, we also were quite interested in seeing that the contract proposals had in them all check and balances possible, and they contain qualifying clauses.

Supervisor J. Joseph Sullivan: By recognition of this agreement the city is committed to both projects to the extent outlined in the agreement.

Mr. Landis: "It is my understanding that they will be at least morally committed, but only committed to the extent of future acts," to which Mr. Sullivan said he believed there were legal requirements likewise.

Mr. Dion R. Holm, City Attorney, asserted that the proposed plan should be most acceptable to the taxpayer, and that when the matter was first discussed, it was felt that it would be much better for San Francisco to get its own water than become involved with the irrigation districts; however, after much consultation with engineers, it developed that it would be wrong to do this, due to the tremendous cost involved were San Francisco to be assured of its full requirements. The city has very valuable water rights on Cherry River. That under the Raker Act, unless the city develops these rights, the United States may step in and take these rights away. However, studies have continued throughout the years and the city is now at a point where construction is commencing.

Supervisor Mancuso: Is there a possibility of San Francisco receiving more than 12 millions from the Federal Government and not have to go through a three-million dollar bond issue?

Mr. Turner: The answer is "Yes."

Supervisor Mancuso: Is it true that in other parts of this state the Federal Government is giving practically the entire cost of dam construction for flood waters and our city will receive only one-fourth of the estimated cost?

To this query Mr. Turner replied that with specific reference to Los Angeles the danger of floods to the flat lands of that area is immeasurably greater and therefore require greater assistance.

Supervisor J. Joseph Sullivan: The \$4,600,000 the irrigation districts turn over to us, is it a component part of the nine million dollars?

To the above query, Mr. Holm replied yes and that such monies go toward the construction of the Cherry River Project.

Supervisor J. Joseph Sullivan: Let us assume that a four-million dollar bond issue is voted upon this November and we take the four million dollars from the Modesto and Turlock Irrigation Districts, and the people vote no more bond issues, what, then, is our obliga-

tion? To the above query, Mr. Holm replied to the effect that the city's obligation would only be a moral one.

Mr. Francis V. Keesling, Jr., City's Legislative Representative at Washington, D. C.: It is very important that these contracts be executed at the earliest possible moment, and that the four-million dollar bond issue be voted on. If not voted on, we will not be able to get back and talk for additional Federal funds. If we do not pass the bond issue for Don Pedro, we will have to go to the high Sierras at a much higher cost. If we do not authorize the execution of these contracts we stand in position of impairing our relationship with the districts and they will have to take steps to go elsewhere for their funds, and thus we would jeopardize our entire situation.

At this point, the President of the Board, Supervisor J. Joseph Sullivan, thanked the members of the Public Utilities Commission and those who participated in the discussions, for their cooperation, for presenting the picture as it stands to date.

Supervisor MacPhee Excused.

Supervisor MacPhee was excused by Acting President Marvin Lewis due to a medical engagement.

Explanation of Vote.

Supervisor Lewis stated that, in his opinion, it was ridiculous to take property from the tax rolls to make Mt. Davidson more accessible and that people generally go up the Mount only once a year.

Explanation of Position.

Supervisor Mancuso acknowledged the fact that he was in receipt of copy of communication from the Park Commission wherein it was stated that Joseph Hickey of the Park Department was in no way related by blood or affinity to any of the persons now seeking golfing concessions; that he was happy that the Finance Committee had succeeded in raising the income to the city from 6% to 8%, but that he was not happy with the thought that such concession agreements had not been put out on a competitive bidding basis, as he was of the opinion such competitive bidding would produce additional revenue.

Request of Supervisor Mancuso.

Supervisor Mancuso requested that the Clerk be instructed to ascertain from the City Attorney if the Board is empowered to enact legislation compelling all city departments, when entering into contracts for the leasing of concessions under their jurisdiction, to do so on a competitive bid basis, and if such legislation is legal, that the proper measure be drafted and made available for Board consideration at its meeting on August 1, 1949.

Privilege of the Floor—Refused.

Since objections were raised by Supervisors Mancuso and Lewis, the privilege of the floor was refused.

Committee of the Whole.

Supervisor Halley moved that the Board resolve itself into a Committee of the Whole. Motion seconded by Supervisor Mead. Motion *carried* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Halley, Mead, J. Joseph Sullivan, John J. Sullivan—6.

Noes: Supervisors Lewis, MacPhee, Mancuso—3.

Absent: Supervisors Gallagher, McMurray—2.

Supervisor Halley moved, seconded by Supervisor Mead, that the President of the Board serve as Chairman of the Committee of the Whole. No objection and motion *carried*.

Privilege of the Floor.

The privilege of the floor was granted to Mr. Milton Marks, Attorney-at-law, who stated that the individuals involved in the present controversy had waited all these years before filing a suit and this was due to the fact that year after year they had appealed to the Civil Service Commission to give them proper classifications and they have been put off from year to year by the Civil Service Commission with the promise that their classifications would be given attention, and so after these many years when the employees were convinced they could get no action from the Civil Service Commission, they filed the suit.

Mr. William L. Henderson, Executive Secretary and Personnel Director of the Civil Service Commission: This matter deals with the classification of some ten or twelve positions at Hetch Hetchy Power Plant, which positions were brought under Civil Service in 1932 under the new charter. At that time, the Civil Service Commission made extensive investigations of all these positions, held hearings, received protests from these people and reviewed those protests, and finally classified them as they are at the present time. It is true that these employees have protested over the years but these protests have been disposed of. On one occasion some of these individuals even went to the Grand Jury and asked for an investigation. The fact is, the Commission, in classifying these positions, exercised its best judgment and discretion based upon the duties and responsibilities as they

existed. The matter of classification rests solely within the discretion of the Civil Service Commission. We feel that waiving the Statute of Limitations will embarrass the Civil Service Commission and the city. The judgment of the court will have a bearing on the claim of these employees. These people still have the right to go to court if you do not waive the Statute of Limitations. This is the first time that a request of this kind has been referred to the Board.

Rise and Report.

Supervisor Lewis moved that the Committee rise and report. Motion seconded by Supervisor Mead. No objection and motion *carried*.

Supervisor Lewis: I am not impressed with the fact that we must have a policy with respect to the waiving of the Statute of Limitations. We should waive one time and not another time, if the facts warrant same. I am not impressed with Mr. Henderson's statement that the city should not be embarrassed. I am impressed with the fact that this involves employee classification. Here is a question of whether there has been mistreatment at the hands of the Civil Service Commission. This is an ideal type of situation where the Statute of Limitations should be waived. I feel in this particular case, even more so than in other cases, the Statute of Limitations should be waived.

Supervisor Christopher: I feel there is a difference between the present case and the other cases where department heads improperly paid their employees. We are being asked to say that the Civil Service Commission for seventeen years has been doing its work in error. Personally I dislike being placed in that position of being answerable to the people of San Francisco that the Civil Service Commission for seventeen years did not know what it was doing. In addition, we are faced with the very important fact that if the Statute of Limitations is waived, I predict that it will mean a very likely run on the bank of the City and County of San Francisco. The Board members should think twice before voting waiver of the Statute of Limitations. I believe that our action this afternoon will be more far-reaching than doing what I think is right. Therefore, I feel morally obligated to vote against this matter.

Supervisor Mead: I do not feel that we are sitting in judgment on anyone. I do not think we are telling those Supervisors and Civil Service Commission of seventeen years ago that they did not know what they were doing. This matter boils down to a very simple question: the question of right or wrong. Certainly I have enough confidence in the courts of this land to let them decide the matter. The fact that many people are involved has no bearing in the matter in so far as I am concerned. I have a conscience to live with and if I step on somebody's toes, it is just too bad. These people are entitled to their day in court.

Supervisor Mancuso: I think the issue is more than allowing these people to bring suit to recover money. I do not feel that it is within our province to inject ourselves into an affair like this.

Supervisor MacPhee: I voted against previous requests for the waiving of the Statute of Limitations and felt, in so doing, that the legislative body hadn't the right to act on matters which can be properly adjudicated in a court of law.

Thereupon the roll was called and the foregoing measure was *refused adoption* by the following vote:

Ayes: Supervisors Halley, Lewis, Mead, John J. Sullivan—4.

Noes: Supervisors Christopher, Fazackerley, Gallagher, MacPhee, Mancuso, J. Joseph Sullivan—6.

Absent: Supervisor McMurray—1.

File No. 4519, Resolution No. . . . (Series of 1939).

Reference to Committee.

Requesting the Mayor to Appoint a Citizens' Committee to Assist in the Creation of the San Francisco Bay Area Metropolitan Rapid Transit District.

Supervisor Lewis presented:

File No. 4521, Resolution No. . . . (Series of 1939).

Referred to County, State and National Affairs Committee.

Consideration of Subject of Improper Rates for Garage and Service Station Attendants.

It was brought to the attention of Supervisor Lewis that the recent legislation passed by the Board of Supervisors setting up rates of pay as per bargaining agreements reviewed by the Civil Service Commission on July 1st, 1949, did not reflect the proper rates to be paid garage and service station attendants.

Accordingly, Supervisor Lewis moved, seconded by Supervisor Halley, that the Board resolve itself into a Committee of the Whole for the purpose of hearing the matter and determining if inequities do exist.

At this point, Mr. Walker Peddicord, Deputy City Attorney, advised the Board that under Section 151.3 of the Charter, the Civil Service Commission must review all bargaining agreements and if changed, certify such facts to the Board of Supervisors, and the Board of Supervisors then has power, not later than July 25th, to amend the Annual Salary and Annual Appropriation Ordinances accordingly.

The roll was thereupon called and the motion to convene into a Committee of the Whole *carried* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, Mead, John J. Sullivan—7.

Noes: Supervisors MacPhee, Mancuso, J. Joseph Sullivan—3.

Absent: Supervisor McMurray—1.

Supervisor Lewis moved, seconded by Supervisor Halley, that the President of the Board act as Chairman of the Committee of the Whole.

No objection and motion *carried*.

Privilege of the Floor.

The privilege of the floor was extended to the following:

Mr. A. H. Thomason, President, International Brotherhood of Teamsters, A. F. of L., who spoke on the subject.

Mr. Milton Marks, attorney for the labor organization involved, asserted that prior to July 1, 1949, he had filed with the Civil Service Commission a copy of the contract which provided for two sets of wage scales. The contract that was negotiated for the coming year provided an increase of 2½ cents per hour plus an insurance plan or 7½ cents without the insurance plan. Mr. Marks, in his appearance before the Commission, declared that he felt there were two factors involved; however, the Commission, instead of certifying the rate of 7½ cents an hour or \$3.00 per week, certified the 2½ cents per hour or \$1.00 per week and gave no value to the insurance plan.

Mr. William L. Henderson, representing the Civil Service Commission, in answer to the charges of Mr. Marks, stated that the contract provided a rate of \$61.60 per week and in addition the employer is required to provide for death benefit and certain medical services. When the matter was presented to the Commission, it took the position that while it was true that the employer was required to pay \$61.60 plus benefits, in view of the additional benefits in city service such as death benefit with six months' pay, sick leave with pay, up to a total of six months and other benefits, it considered the rate of \$61.60 the proper one and so certified.

Rise and Report.

Supervisor Lewis moved that the Committee rise and report. Motion seconded by Supervisor Halley. No objection and motion *carried*.

Request of Supervisor Lewis.

Supervisor Lewis requested that the City Attorney prepare the necessary legislation looking to the rectification of the matter of improper rates for garage and service station employees, pursuant to the provisions of Section 151.3 of the Charter, and that such legislation be available for consideration by the Finance Committee at its meeting scheduled for Wednesday, August 3, 1949.

So ordered.

Motion to Refer to Civil Service Commission—No Action Taken.

Supervisor Fazackerley moved, seconded by Supervisor Mancuso, that the subject-matter be referred to the Civil Service Commission for study and report.

No further action taken thereon.

Mr. Walker Peddicord, Deputy City Attorney, stated that if supplied with copy of contract involved in the dispute, he would attempt to have a report on the matter in time for consideration by the Finance Committee on Wednesday, August 3, 1949.

The President referred the subject-matter to the Finance Committee.

Supervisor Gallagher Excused.

Supervisor Gallagher requested to be excused. Upon motion duly made, seconded and *carried*, and there being no objection, Supervisor Gallagher was excused at 4:30 p. m.

Adopted.

Referred to Commercial and Industrial Development Committee.

Legislation Taken Up Out of Order.

Supervisor Lewis requested permission to bring up a matter out of order in connection with the current Warehousemen's strike, which, he stated, if permitted to continue, would sound the death knell of many small businesses.

Supervisor Mead moved the suspension of the rules for the purpose of considering the matter out of order. Motion seconded by Supervisor Lewis.

Statement by Supervisor Gallagher.

Supervisor Gallagher who, at the present, occupies the role of Acting Mayor, was called up to make a statement concerning the status of the strike. Mr. Gallagher stated that he had no objection to the proposed resolution; however, meetings had been held with both sides but that up to the present time no solution had been reached; however, another meeting had been scheduled for 4:00 p. m. this afternoon.

Thereupon the roll was called on the suspension of the rules and the motion lost by the following vote:

Ayes: Supervisors Christopher, Lewis, McMurray, Mead, John J. Sullivan—5.

Noes: Supervisors Halley, MacPhee, Mancuso, J. Joseph Sullivan—5.

Absent: Supervisor Gallagher—1.

Motion to Sit as Committee of the Whole—Ruled Out of Order.

Supervisor Halley moved that the Board sit in Committee of the Whole for the purpose of discussing the measure to be proposed by Supervisor Lewis. Motion seconded by Supervisor Mead.

The President ruled the motion out of order, stating that the subject-matter could be brought up on roll call and that at the present time there was nothing before the Board.

Motion to Suspend the Rules—Lost.

Supervisor Halley moved, seconded by Supervisor Mead, that the rules be suspended for the purpose of considering a motion to resolve into a Committee of the Whole.

Statements by Supervisors Fazackerley and Gallagher.

Supervisor Fazackerley stated that he was in opposition to the motion to suspend the rules, asserting that the Mayor's office would again hold a hearing on the matter at 4:00 p. m. today.

Supervisor Gallagher stated he would not oppose the suspension of the rules provided more light could be thrown on the subject than has been shed thus far.

Thereupon the roll was called and the motion to suspend the rules lost by the following vote:

Ayes: Supervisors Christopher, Gallagher, Halley, Lewis, McMurray, Mead, John J. Sullivan—7.

Noes: Supervisors Fazackerley, MacPhee, Mancuso, J. Joseph Sullivan—4.

Motion to Sit in Committee of the Whole—Out of Order.

Supervisor Lewis moved that the Board sit in Committee of the Whole for the purpose of hearing from the little businessmen of San Francisco and to determine whether the warehouse strike should be submitted to arbitration.

The President ruled the motion out of order because it is a departure from the regular order of business.

At this point, the President announced to the assemblage that Supervisor Lewis' proposed measure would be taken up under Roll Call.

Adopted.

The following from the Public Utilities Commission was taken up:
Approving Schedule of Water Rates Proposed by the Public Utilities Commission and Providing for Bi-Monthly Reading of Accounts.

(The foregoing resolution presented by the Public Utilities Com-

mission for action by the Board was filed with the Clerk of the Board on July 14, 1949. By order of the President the matter was referred to the Public Utilities Committee and on August 4th was referred by the Committee to the Finance Committee and at the same time an opinion was requested from the City Attorney by the Public Utilities Committee as to whether this is not an administrative function which could be accomplished by the Public Utilities Commission itself without the necessity for Board action. Charter Section 130 provides that such matters must be acted upon within 30 days after receipt by the Board and failing action by the Board within that time rates proposed by the Commission shall automatically become effective.

Because today, Monday, August 8th, is the last regular meeting date within which the Board could act upon the subject matter, under the time limitations prescribed by the Charter, the President has directed that the matter be presented to the Board for its consideration today. The City Attorney has stated that the resolution of the Public Utilities Commission does propose a change in rates and that therefore the Supervisors have jurisdiction over the matter.

File No. 4471, Resolution No. 8925 (Series of 1939).

Motion to Sit in Committee of the Whole—Carried.

Supervisor Mead moved that the Board resolve itself into a Committee of the Whole for the purpose of discussing the foregoing measure. Motion seconded by Supervisor Halley.

Supervisor Mancuso expressed the opinion that the subject-matter should be handled by the Water Department.

Thereupon the roll was called and the motion to resolve into a Committee of the Whole carried by the following vote:

Ayes: Supervisors Fazackerley, Gallagher, Halley, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—7.

Noes: Supervisors Christopher, Lewis, MacPhee, Mancuso—4.

Supervisor Mead moved, seconded by Supervisor John J. Sullivan, that the President of the Board act as Chairman of the Committee of the Whole.

No objection and motion *carried*.

Privilege of the Floor.

The privilege of the floor was accorded to the following:

Mr. George W. Pracy, General Manager of the Water Department, stated that the proposed bi-monthly reading of accounts was being put into effect as a measure of economy.

Supervisor MacPhee inquired if the proposed bi-monthly reading of accounts would result in abolishing jobs and Mr. Pracy stated that for the remainder of the year, no one would lose his or her job; however, some jobs would be lost which may be filled by future vacancies, retirement, etc., and by transfer to other departments. Further, that when such a procedure is put into effect, a saving of some \$70,000 a year would be realized.

To a query propounded by Supervisor Lewis if the bi-monthly reading of accounts would result in higher water rates, Mr. Pracy replied that in more than 99 per cent of the cases, there would not be an increase in rates.

Mr. John Jeffrey, representing the C. I. O., stated that by the institution of the bi-monthly reading of accounts, it was his belief that some 35 or 40 jobs would be affected.

Mrs. Arthur R. Pownall, representing the Central Council of Civic Clubs, stated that her organization wanted more time to consider the matter, but was informed by the President that under the provisions of the Charter, it was necessary to pass the measure today.

Mr. Edward Barlow, representing the C. I. O., expressed concern over possible loss of jobs, and asserted that the Board should turn down the proposal, give it widespread publicity and then have a public hearing at which all interested persons could be heard.

Mrs. Haskins, representing the San Francisco Council of Women Shoppers, stated that the proposal before the Board was an unwise move.

Rise and Report.

Supervisor John J. Sullivan moved that the Board rise and report. Motion seconded by Supervisor Mead. No objection and motion *carried*.

Statement by Deputy City Attorney.

Walker Peddicord, Deputy City Attorney, quoted Section 130 of the Charter and stated that it had been determined by his office that the rates contained in the measure constituted a change in rates.

Reference to Committee.

Supervisor Fazackerley moved, seconded by Supervisor Mancuso, that the subject-matter be referred to committee.

The President ruled the motion out of order.

Thereupon the roll was called and the members voted as follows:

Ayes: Supervisors Fazackerley, Mancuso, J. Joseph Sullivan—3.

Noes: Supervisors Christopher, Gallagher, Halley, Lewis, MacPhee, McMurray, Mead, John J. Sullivan—8.

Supervisor MacPhee requested to have the record changed to show that he voted "Aye" instead of "No."

Point of Order—Not Well Taken.

Supervisor Mead questioned the propriety of Supervisor MacPhee's request of changing his vote from "No" to "Aye."

Supervisor Gallagher rose to a point of order, contending that Supervisor Mead's query was not in order, and the President thereupon so ruled.

Motion to Reconsider—Ruled Out of Order.

Supervisor Lewis desired that his vote be changed from "No" to "Aye" and moved for reconsideration.

The President ruled his motion out of order.

The Clerk thereupon read the following vote and the measure was *adopted* by such vote:

Ayes: Supervisors Fazackerley, MacPhee, Mancuso, J. Joseph Sullivan—4.

Noes: Supervisors Christopher, Gallagher, Halley, Lewis, McMurray, Mead, John J. Sullivan—7.

Refused Adoption.

Reconsideration.

On Monday, August 1, 1949, the following measure was *refused adoption*:

From the Judiciary Committee with a "Do Not Pass" recommendation:

Present: Supervisors Mancuso, Christopher, Mead.

(Supervisor Mead dissenting.)

Waiving Statute of Limitations in Connection With Action by Certain Employees of the Hetch Hetchy Water Supply to Determine Proper Civil Service Classifications for Said Employees.

File No. 4376, Resolution No. . . . (Series of 1939).

Ayes: Supervisors Halley, Lewis, Mead, John J. Sullivan—4.

Noes: Supervisors Christopher, Fazackerley, Gallagher, MacPhee, Mancuso, J. Joseph Sullivan—6.

Absent: Supervisor McMurray—1.

Before the vote was announced, Supervisor Mead changed his vote from "Aye" to "No" and, seconded by Supervisor John J. Sullivan, moved reconsideration.

The vote then stood:

Ayes: Supervisors Halley, Lewis, John J. Sullivan—3.

Noes: Supervisors Christopher, Fazackerley, Gallagher, MacPhee, Mancuso, Mead, J. Joseph Sullivan—7.

Absent: Supervisor McMurray—1.

Motion to Continue Motion on Reconsideration—Ruled Out of Order.

Supervisor Mead moved, seconded by Supervisor Lewis, that consideration of the current motion on reconsideration be continued for a period of two weeks.

The President ruled the motion out of order, declaring that the present motion on reconsideration must be disposed of at the present session of the Board.

Motion to Suspend Rules—Lost.

Supervisor Mead moved, seconded by Supervisor Lewis, that the rules be suspended for the purpose of considering a motion for further postponement. Motion *lost* by the following vote:

Ayes: Supervisors Halley, Lewis, McMurray, Mead, John J. Sullivan—5.

Noes: Supervisors Christopher, Fazackerley, Gallagher, MacPhee, Mancuso, J. Joseph Sullivan—6.

Roll Call on Motion to Reconsider.

The roll was called on the motion to reconsider and it *carried* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, Mead, John J. Sullivan—10.

No: Supervisor J. Joseph Sullivan—1.

Explanation of Vote.

Supervisor McMurray asserted in no uncertain fashion that he did not intend nor would he ever consent to refusing to allow citizens their day in court and that certainly it was not right to refuse to waive the Statute of Limitations in the cases of these employees when such statute was heretofore waived in the case of two employees involving thousands of dollars.

Supervisor Lewis expressed the opinion that in the case at hand, the question of job classification was the issue, and that the Statute of Limitations should certainly be waived in such a situation.

Thereupon the roll was called and the measure was *refused adoption* by the following vote:

Ayes: Supervisors Lewis, McMurray, Mead, John J. Sullivan—4.

Noes: Supervisors Christopher, Fazackerley, Gallagher, Halley, MacPhee, Mancuso, J. Joseph Sullivan—7.

The Chair ruled the point of order well taken.

There is nothing before the Board. If the Clerk has anything on this matter let him read it.

Supervisor Lewis: My off calendar matter is that I am in receipt of a communication from the City Attorney to point out that a matter that should be on the Calendar has been left off the Calendar. I respectfully submit that this matter should be taken up under off calendar matters and not on roll call.

The Chair ruled that the matter should be considered under roll call.

Adopted by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—11.

Consideration Refused.

Arbitration of the Warehouse Strike.

Supervisor Lewis: Last week I introduced a resolution relative to arbitration of the warehouse strike. A committee hearing was held. A motion was made in committee that the matter be tabled, it was defeated; a motion was made to recommend the matter to the Board and it also lost.

In view of the foregoing, I requested the City Attorney to render

an opinion as to whether or not the legislation should be on the Calendar for today's meeting and his opinion stated that the matter should be on the Calendar today. Therefore, I am now requesting that the matter be considered by the Board.

Supervisor Lewis, seconded by Supervisor Mead, moved, That this Board of Supervisors, because of the urgency of this matter, sit in special session at the hour of 2:00 p.m. this coming Wednesday afternoon to hear this resolution that should have been on the Calendar this afternoon, and that notices be sent to all improvement associations, to the leaders of the small merchants, to improvement clubs, to the various unions involved and to the employers, informing them that the meeting will be held.

The Chair ruled the motion out of order. The legislation is now in the Committee on Commercial and Industrial Development.

Supervisor Lewis: Is it your ruling that, notwithstanding the fact that the Committee has heard the matter and in view of the City Attorney's opinion, the matter is still in Committee?

The Chair ruled that the matter was still in Committee and in accordance with Rule 44 the matter is still in Committee for at least 30 days from last Monday.

Supervisor Lewis: The Committee took action on this matter. It voted against recommending it to the Board. The Chairman of the Committee informed the people present that action had been taken on the matter and it would not be before the Board on Monday.

Point of Order.

Supervisor Mancuso raised a point of order. The Chair has ruled on this issue and any further talk by Supervisor Lewis is out of order.

Question of Personal Privilege.

Supervisor Halley, on a question of personal privilege, I did not make the statement that the matter had been acted upon by the Committee and would not be before the Board on Monday.

Supervisor Lewis: This matter is political. This Board does not want to take a vote on the legislation notwithstanding the legal opinion from the City Attorney.

Question of Personal Privilege.

Supervisor Fazackerley, on a question of personal privilege, Supervisor Lewis is condemning the members of the Board but we have not had an opportunity to be heard on the matter. Supervisor Lewis has done all the talking.

Supervisor Lewis: It seems strange that on this question you decide to ignore the legal opinion but in other cases you say that the opinion of the City Attorney is to serve as a guide of the Board.

Question of Personal Privilege.

Supervisor MacPhee, on a question of personal privilege, just who is Supervisor Lewis condemning in this matter. He has belabored all of the members of the Board that we have refused to listen to the legal opinion. The Board has not refused to listen to the opinion. Mr. President, I desire that he either say who he is condemning or that he be ruled out of order.

Supervisor Mead moved that the opinion of the City Attorney be considered by an "Aye" or "No" vote at this time.

Point of Order.

Supervisor Gallagher raised a point of order. Supervisor Mead's motion is out of order. Supervisor Lewis wants to withdraw from Committee what our rules say cannot be withdrawn for 30 days.

Question of Personal Privilege.

Supervisor MacPhee, on a question of personal privilege, I am asking that Supervisor Lewis apologize for the statements he has made.

The Chair: In order that all members of the Board understand the statements of Supervisor Lewis, they are directed to the occupant of the Chair.

Appeal from the Decision of the Chair.

Supervisor Mead, seconded by Supervisor Lewis, moved that an appeal be taken from the decision of the Chair with respect to his ruling that the matter is still in the Commercial and Industrial Development Committee.

Appointment of Chairman Pro Tempore.

Supervisor Gallagher was appointed as Chairman to hear the appeal.

Supervisor Mead: I still insist that action has been taken on the matter by the Committee last week. Had action not been taken I would say that the President is correct. It is my opinion that the matter belongs before the Board and should have been on the Calendar today and I am backed by an opinion from the City Attorney.

Supervisor J. Joseph Sullivan: Last Monday a resolution was introduced and referred to Committee. It is my understanding that a vote was taken and the Committee refused to recommend that matter to the Board. In my opinion the City Attorney's opinion merely outlines the Charter with respect to the matter either being before the Board or not being before the Board. It does not state that we have rules and a legislative procedure ordinance. In my opinion the committee has 30 days in which to act upon the matter. They can consider it any time and refer it to the Board either with, without or with a do not pass recommendation.

Stating the Question.

Supervisor Gallagher: The question before the Board is "Shall the decision of the President stand as the decision of the Board." Any "Aye" vote sustains the President, a "No" vote overrules the President.

Decision of the President Sustained.

The decision of the President was *sustained* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, MacPhee, Mancuso, J. Joseph Sullivan, John J. Sullivan—8.

Noes: Supervisors Lewis, McMurray, Mead.

Calling Matter from Committee.

Supervisor MacPhee stated that he would like the Clerk to see that File No. 4436, repealing the section of the Municipal Code which prohibits the feeding of birds in public places, is placed on the Calendar for the Board meeting on Monday, August 22, 1949.

Clerk directed to place matter on Calendar.

SPECIAL ORDER—2:00 P.M.

Supervisor J. Joseph Sullivan now presiding.

The following, heretofore considered and temporarily postponed, was taken up:

Hearing of Appeal from the Decision of the City Planning Commission.

Hearing of appeal from decision of City Planning Commission, by its Resolution No. 3630, dated June 30, 1949, disapproving application to rezone property bounded by Graystone Terrace, Pemberton Place, Burnett Avenue and Iron Alley from Second Residential District to First Residential District.

Discussion.

Mr. Milton Marks, attorney at law, representing the appellants, explained why the decision of the City Planning Commission should be overruled and also gave a history of the rezoning of Twin Peaks from Second Residential District to First Residential District.

Mrs. Eugene Prince, member of the City Planning Commission, stated that the Commission denied the application to rezone the property because it thought that the building permits had been issued. The Commission wishes to take the position that it has not taken any sides in this matter whatsoever. The permits have now been issued and the owners have the right now to construct the apartments notwithstanding any action that the Commission might take.

Mr. Joseph Costello, attorney at law, representing the opponents, remarked that the permits had been approved prior to the decision

of the Commission and that any action taken by the Board would be an idle act because the apartment houses could be constructed on the property affected whether it was rezoned to First Residential or if it remained Second Residential District.

Supervisor J. Joseph Sullivan, asked of Mr. Costello, what are your remarks with respect to the statements made by Mrs. Prince that the Commission did not decide the matter on the merits of the case.

Mr. Costello: My answer is this. Each of these permits bear the stamp "Approved June 30, 1949." That was between 3 and 3:30 p.m. and the action of the Planning Commission was after 4:00 p.m. on that day. The permits had been approved, the fact that they were not physically picked up that is something else again, but they were approved after exhaustive study and inquiry of the various branches of the Department of Public Works.

Motion to Postpone.

Supervisor Fazackerley, seconded by Supervisor Lewis, moved that the matter be continued for one week and that the City Attorney be requested to render a legal opinion as to whether or not it would be a valid act of the Board to overrule the City Planning Commission in view of the fact that the permits had been approved prior to action by the City Planning Commission.

Supervisor Gallagher, asking of the representative of the City Attorney, can the Board postpone action after it has heard both sides of the question?

Mr. Peddicord, representing the City Attorney, the hearing can be postponed for one week.

The roll was thereupon called and the foregoing motion was *carried* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan—9.

No: Supervisor Lewis—1.

Absent: Supervisor John J. Sullivan—1.

File No. 4436, Ordinance No. . . . (Series of 1939).

August 22, 1949—Consideration continued to August 29, 1949.

Statement by Supervisor MacPhee.

Supervisor MacPhee informed the Board members that he had taken up the subject-matter with the Mayor, who is endeavoring to handle the situation in his own way, and has requested a little more time to achieve mutually-desired results.

Accordingly, Supervisor MacPhee moved, seconded by Supervisor McMurray, that the foregoing measure be referred to committee.

A Mr. Sullivan, purporting to represent the Sisters of Mercy Hospital, requested that action be immediately forthcoming to clean up the mess that the hospital has been and is being subjected to. Mr. Sullivan was informed that he would be apprized if and when the committee met on the measure.

Referred to the Judiciary Committee.

Legislation Taken Up Out of Order.

Supervisor Fazackerley moved the suspension of the rules for the purpose of considering the following matter out of order. Motion seconded by Supervisor Mead and there being no objection motion *carried*.

The following from Judiciary Committee without recommendation was taken up:

Present: Supervisors Mancuso, Christopher, Mead.

Charter Amendment—Sections 40, 41 and 42, Providing for Consolidation of Recreation Department and Park Department into One Department to Be Known as the Recreation and Park Department.

File No. 4490

(Series of 1939).

“Do Pass” Motion.

Supervisor Fazackerley moved, seconded by Supervisor Mancuso, that the foregoing measure “do pass.”

Statement by Supervisor Fazackerley.

Supervisor Fazackerley stated that it has been held that no employees would lose their jobs in event the consolidation is effected; further, that the proposed consolidation merits consideration for the following reasons: 1. There would be an economy of land use; 2. Increase in economy and efficiency; 3. A single, uniform recreational policy can be developed.

Communication.

Supervisor Fazackerley, at this point, read a communication from the San Francisco Junior Chamber of Commerce wherein expression is made favoring the proposed consolidation.

Motion to Resolve Into Committee of the Whole—Lost.

Supervisor Mead moved that the Board resolve itself into a committee of the whole. Motion seconded by Supervisor Lewis.

Supervisors Christopher and Mancuso objected. Thereupon the roll was called and the motion lost by the following vote:

Ayes: Supervisors Fazackerley, Lewis, McMurray, Mead, J. Joseph Sullivan—5.

Noes: Supervisors Christopher, Halley, MacPhee, Mancuso—4.

Absent: Supervisors Gallagher, John J. Sullivan—2.

Statements by Various Supervisors.

Supervisor Lewis stated that he doubted whether the proposed consolidation was proper at this time. Further, he did not have sufficient time within which to study the matter and it therefore should be put over to a later date.

Supervisor Mead stated that the Park and Recreation Departments have thus far managed to handle their respective duties efficiently and undoubtedly would continue to do so. Further, the people had already made their views known some time ago when they defeated a similar proposal. On the other hand, the people have voted a \$12,000,000 bond issue for recreational purposes and the Recreation Department should be permitted the opportunity of utilizing these funds to the best possible advantage and when such expenditures have been made and the results reviewed, it will then be sufficient time to determine if a consolidation is feasible.

Supervisor MacPhee stated that he would like to look at the proposed merger as a civic advancement rather than from the viewpoint of additional jobs. He had voted for the initial charter amendment on consolidation and intended to vote for this one. Further, the people generally look to both the Park and Recreation Departments for recreational activities.

Motion Renewed for Committee of the Whole—Withdrawn.

Supervisor Mead again renewed his motion heretofore defeated, that the Board resolve itself into a committee of the whole. Motion seconded by Supervisor Lewis.

Point of Order.

Supervisor Mancuso rose to a point of order, questioning whether Supervisor Mead's motion, heretofore defeated, was now in order.

Before the President had the opportunity of ruling on the point of order, Supervisor Mead withdrew his motion, there being no objection.

Privilege of the Floor.

The privilege of the floor was extended to Mr. Louis Sutter, member of the Recreation Commission, who contended that the proposed consolidation will not save the city any money but in effect, will cause additional overhead, with possible creation of expensive administrative jobs.

Amendments.

Supervisor Fazackerley moved, seconded by Supervisor Mancuso, that the following language: ". . . notwithstanding any other provision of this charter . . ." found in the second paragraph of Section 40, be deleted.

No objection and motion *carried*.

Supervisor Fazackerley moved, seconded by Supervisor Mancuso, that Section 11 of the charter be added to the proposed charter amendment and to paragraph three thereof, add the words "recreation and park," so that the first sentence shall read: ". . . Any appointee of the Mayor, exclusive of civil service, recreation and park, and public utilities commissioners, and members of the school board, may be removed by the mayor."

No objection and motion *carried*.

Supervisor Fazackerley moved, seconded by Supervisor Mancuso, that the next to the last paragraph of Section 42 the words "or rent" be inserted after the words ". . . The recreation and park commission shall have the power to lease or rent . . ."

No objection and motion *carried*.

Privilege of the Floor.

Supervisor Lewis requested the privilege of the floor for Mrs. Ann Dippel, Recreation Commissioner, who stated that the women of San Francisco do not believe that the present time is the proper time during which to consolidate the two departments and that various women's organizations are opposed to the proposed measure.

Statement by Supervisor McMurray.

Supervisor McMurray stated that he had voted for the submission of such a proposal some two years ago but that since the people have defeated the idea, he was convinced that the present setup was what the people wanted. Further, Supervisor McMurray stated he was in accord with the views expressed by Supervisor Mead in that the Recreation Department should be permitted to spend the \$12,-000,000 bond money in the interest of recreational activities.

Ordered Submitted.

Thereupon the roll was called and the proposed charter amendment to consolidate the Park and Recreation Departments was *ordered submitted* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Halley, MacPhee, Mancuso, J. Joseph Sullivan—6.

Noes: Supervisors Lewis, McMurray, Mead—3.

Absent: Supervisors Gallagher, John J. Sullivan—2.

Privilege of the Floor.

Mr. Costello, attorney-at-law, representing Grace Perego and Associates and the Graystone Terrace Apartments, testified that the corporation had gone to very heavy expense in the purchase of the land in question as well as filing plans and specifications, the total estimate running around sixty thousand dollars, and urged the Board to sustain the City Planning Commission.

Mr. Milton Marks, attorney-at-law, representing the appellants, claimed that the merits of the appeal were not considered by the City Planning Commission; further, that most of the money paid to the city was refundable and that this was based upon an opinion of the City Attorney's office rendered some time ago. Mr. Marks stressed the fact that if the City Planning Commission were overruled, Grace Perego and Associates could still go to court and seek redress, while if the City Planning Commission were sustained, all hope of redress by the appellants would be gone.

Explanations of Votes.

Supervisor Fazackerley stated that in any event the question before the Board was a most difficult one; however, he has decided to vote on the side of the people and vote to override the City Planning Commission.

Supervisor Mancuso stated that the Board found itself in the position of either voting for the appellants or for the City Planning Commission and Mrs. Perego. On the one hand, the appellants, if defeated, have no further avenue of redress, while if the City Planning Commission is overruled, Mrs. Perego has the opportunity of carrying her case to a court of competent jurisdiction. Accordingly, he would vote for the appellants.

Supervisor J. Joseph Sullivan, after relinquishing the Chair to Supervisor Mancuso, stated that the only question before the Board

was whether to approve or disapprove the action of the City Planning Commission; and that the question of substantial compliance was not before the Board. All that the Board was concerned in was whether the subject area should be first or second residential. If the Board should overrule the City Planning Commission then, and only then, can the question of vested rights be brought before the court. Accordingly, I shall vote to override the City Planning Commission.

Supervisor Lewis stated that the question was a very difficult one; however, the members' votes should never be influenced by the fact that one or the other of the parties has the opportunity of instituting litigation proceedings. The matter of planning should be the only thing to be considered by the Board. San Francisco possesses very limited space and should take advantage of providing housing accommodations for as many people as she can; further, he had not been shown that Mrs. Perego's buildings will prove an eyesore to San Francisco, and accordingly he would cast his vote to sustain the City Planning Commission.

Supervisor Gallagher stated that in view of the considerable amount of money expended by the opponents of the appeal, he could not see how they could get their money refunded to them. Further, he would like to hear from Mr. Paul Oppermann, Director of Planning, as to whether the property in question should be either first or second residential.

At this point Mr. Hall, Principal Planner for the City Planning Commission, was interrogated by the President of the Board as to whether he, Mr. Hall, had an opinion in connection with the proposed rezoning to which Mr. Hall stated he did not.

Supervisor Mancuso: Mr. Hall, do you know whether the Commission has any opinion in the matter?

Mr. Hall: I cannot speak for the Commission but I do not think they went into the planning merits of the case.

Supervisor Christopher stated that he had listened attentively to the reports of both Messrs. Marks and Costello and believed that in view of the fact that to rule in favor of the City Planning Commission would cut off any further avenue of redress to the appellants and to vote against the City Planning Commission would still permit Mrs. Perego and Associates to go to court, he saw no other way of adjudicating the matter but to vote in favor of the appellants.

Supervisor Mead stated that his main concern was to obtain more and more housing for San Francisco and since Mrs. Perego's plan was to build multiple-dwelling units, which would not only provide more housing but would also add to the assessment rolls, he was compelled to vote to sustain the City Planning Commission.

The Clerk read the following measure from the Public Buildings, Lands and City Planning Committee:

Disapproving Decision of the City Planning Commission by Its Resolution No. 3630, Denying Application to Rezone Property Bounded by Graystone Terrace, Pemberton Place, Burnett Avenue and Iron Alley, from Second Residential District to First Residential District.
File No. 4516, Resolution No. . . . (Series of 1939).

Question Explained.

There being no further explanations of votes, the President of the Board explained the pending question:

A vote "Aye" overrules the Commission; a vote "No" sustains the Commission. Eight votes are necessary to override the Commission.

The roll was thereupon called and the City Planning Commission was *sustained* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, MacPhee, Mancuso, McMurray, J. Joseph Sullivan—6.

Noes: Supervisors Gallagher, Halley, Lewis, Mead—4.

Absent: Supervisor John J. Sullivan—1.

The following from the Finance Committee was taken up:

Present: Supervisors Mancuso, Christopher, Mead.

Charter Amendment—Section 35.5½, Police Department, Providing for a Basic Work Week of Forty Hours with at Least Two Days Off During Each Week.

File No. 4493

(Series of 1939).

August 29, 1949—Consideration continued to August 31, 1949.

Privilege of the Floor.

Mr. W. I. Kohnke, President of the Police Commission, was called upon to comment and he stated that the Police Officers' Association had asked permission to place a Charter amendment on the ballot and that the Police Commission had granted permission so to do.

Supervisor Christopher asked Mr. Kohnke if the Police Commission had ever considered putting the 40-hour week into effect to which Mr. Kohnke replied that the Police Officers' Association stated that they were formulating a plan that would assure installation of the 40-hour week with no extra cost to the department and with a guarantee of similar protection as now enjoyed. Mr. Kohnke stated that the Police Commission had pledged support of the plan if such a plan could be considered feasible and practicable, but that up to the present time the Commission had not seen the plan.

To a query from a Supervisor as to whether the Charter provisions gave the Police Commission the authority to institute a 40-hour week within the department Mr. Kohnke stated that there was no question in his mind but that the Police Commission had that power.

Supervisor J. Joseph Sullivan: Was any thought given to the 40-hour week at budget time?

Mr. Kohnke: No consideration was given to the 40-hour week.

Supervisor J. Joseph Sullivan: Is it your statement to this Board that to place the 40-hour week would require an additional 125 men?

Mr. Kohnke: Based on \$315 per month.

Supervisor Gallagher stated that it was his understanding that many California cities have police forces operating on a 40-hour week basis, and some at overtime rates beyond the 40 hours and therefore he was in favor of submitting the foregoing Charter amendment to the people.

At this point Supervisor MacPhee inquired of Sergeant Borelli of the Police Officers' Association as to the status of the proposed plan for a 40-hour week which was supposed to have been prepared by the association. The Sergeant replied that it was his understanding the plan had been prepared but had been turned down by Captain McDaniels.

It was further revealed that Oakland policemen get \$10 more per month; Los Angeles policemen work a 41-hour week and get \$340 per month, and Berkeley policemen get \$325 per month for a 40-hour week.

Supervisor J. Joseph Sullivan: Did your Association make any attempt to work it out with the Police Commission?

Sergeant Quinlan stated that they first went before the Commission and the Commission expressed the desire to see the plan. The Commission was told that no plan was available at the moment but that permission was necessary to meet with the Captains and members of the departments for the purpose of formulating one. Progress was being made but in the meantime Captain McDaniels died and nothing was heard further on the matter.

Commissioner Kohnke again stated that when the representatives of the Police Officers' Association first came to see the Commission they told the Commission they had a plan and they were told that when the plan was worked out to again see the Commission.

Motion to Defer Consideration Lost.

Supervisor MacPhee moved, seconded by Supervisor Christopher, that consideration of the foregoing Charter amendment be deferred until September 6th and in the meantime efforts be made to work out a 40-hour week.

Thereupon the roll was called and the foregoing motion to postpone consideration *lost* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, MacPhee, J. Joseph Sullivan—4.

Noes: Supervisors Gallagher, Halley, Lewis, Mancuso, McMurray, Mead—6.

Absent: Supervisor John J. Sullivan—1.

Explanations of Votes.

Supervisor MacPhee: I am not satisfied that the 40-hour week cannot be put into effect with the existing personnel. By voting to place this matter on the ballot, I am not committing myself for additional personnel.

Supervisor Halley: I am voting for the Charter amendment. If additional men are required, I shall be prepared to vote for them.

Thereupon the roll was called on the proposed Charter amendment and it was *ordered submitted* by the following vote:

Ayes: Supervisors Christopher, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, Mead—8.

Noes: Supervisors Fazackerley, J. Joseph Sullivan—2.

Absent: Supervisor John J. Sullivan—1.

Supervisor Gallagher moved, seconded by Supervisor Fazackerley, that consideration of the foregoing measure be continued to Thursday, September 8, 2 p. m.

Charter Amendment—Adding Section 13.1, Providing That the Waiver of Any Statute of Limitations Shall Require a Three-Fourths Vote of the Board of Supervisors.

File No. 4519 (Series of 1939).

Explanations of Votes.

Supervisor McMurray stated that he would vote against the proposed Charter amendment, contending that in his opinion it was not right; that if the people of the City and County of San Francisco should come before the Board and ask for something, he did not see why it would require a three-fourths vote to grant the request; further, he believed that a majority vote of the Board should suffice to permit anyone to sue in the courts of the land.

Supervisor Christopher, in speaking in favor of the measure, stated that Charter provisions were specific in cases where a majority vote would not be sufficient; that certainly he did not believe that an attorney, except under extenuating circumstances, would waive rights for his clients on the demand of someone else except for good cause, and that the waiving of the Statute of Limitations, insofar as the Board was concerned, should require a three-fourths vote.

Thereupon the roll was called and the proposed Charter amendment was *Ordered Submitted* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Halley, Lewis, MacPhee, Mancuso, Mead, J. Joseph Sullivan—8.

Noes: Supervisors Gallagher, McMurray, John J. Sullivan—3.

Ordered Submitted.

Charter Amendment—Amending Section 10, Providing That Members of the Board of Supervisors Shall Receive a Monthly Compensation of \$300, and \$20 for Each Committee Meeting Actually Attended, but That the Total Compensation for Committee Attendance in Any Month Shall Not Exceed \$100; and Providing That the President of the Board, in Lieu of Compensation for Attendance at Committee Meetings, Shall Receive an Additional Compensation of \$100 per Month.

File No. 3797

(Series of 1939).

Ordered Submitted by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—11.

OFF-CALENDAR LEGISLATION.

The following recommendation of the Judiciary Committee was taken up:

Present: Supervisors Mancuso, Christopher, Mead.

Charter Amendment—Section 29.1—Providing That Certain Positions in the Office of the District Attorney Shall Be Subject to Civil Service.

File No. 4465

(Series of 1939).

The foregoing was presented as a substitute for the original Charter amendment.

Motion to Defer Consideration.

After some general discussion, it was determined that the substitute was lacking in clarity and accordingly, Supervisor Mancuso moved, seconded by Supervisor Christopher, that consideration of the measure be continued to Thursday, September 8, at 2 p. m.

No objection and motion *carried*.

Request of Supervisor Mancuso.

Supervisor Mancuso requested that the City Attorney's office prepare the measure in proper form in time for consideration by the Board on September 8th.

No objection and *so ordered*.

Re-reference to Committee.

The following measure from the Finance Committee, without recommendation, was taken up:

Present: Supervisors Gallagher, Fazackerley, MacPhee.

Determining and Declaring That Public Interest and Necessity Demand the Issuance of Bonds in Amount of \$2,500,000 to Implement the Redevelopment Program in the City and County of San Francisco.

File No. 4622, Resolution No. . . . (Series of 1939).

Privilege of the Floor.

The privilege of the floor was extended to Mr. Morgan Gunst, President of the Redevelopment Agency, who informed the Board that sooner or later the Board must submit a bond issue in furtherance of the redevelopment program. However, it was advisable to defer the submission of such a bond issue until next year but in the meantime the Board could assist the program by doing two things: (1) approve the three thousand housing units of the San Francisco Housing Authority for displaced persons from the redevelopment area, and (2) if the bond issue is placed on next year's ballot, the federal government will realize the seriousness of the situation and will allocate funds.

Supervisor Mancuso expressed the opinion that the bond measure should be submitted at the coming November election.

To a query from Supervisor Lewis as to whether displaced persons would be assured of comparable quarters at rents heretofore paid, Mr. Morgan Gunst replied that the city must provide proper housing at rents generally prevailing in the community.

Motion "Do Pass."

Supervisor MacPhee moved, seconded by Supervisor Mancuso, that the proposed bond issue "do pass."

Substitute.

Supervisor Gallagher presented the following measure as a substitute for the pending measure:

Requesting Redevelopment Agency to Activate Program for Procurement of Necessary Funds, and Declaring Intention of Submitting Redevelopment Bond Issue at the 1950 Election.

File No. 4622, Resolution No. . . . (Series of 1939).

Referred to Finance Committee.

Record Expunged.

Supervisor MacPhee moved that the record involving the roll call on the measure determining and declaring necessity of submitting a bond issue in amount of \$2,500,000 to implement the redevelopment program to the people, be expunged. Motion seconded by Supervisor Gallagher.

No objection and *motion carried.*

Thereupon, the President *re-referred the measure to the Finance Committee.*

Adopted.

The following recommendations of Finance Committee were taken up:

Present: Supervisors Gallagher, Fazackerley, MacPhee.

File No. 4645, Resolution No. 9046 (Series of 1939).

Discussion.

Supervisor Mancuso asked whether the proposed ten million dollars would be sufficient to complete the program or if additional money would be necessary, to which question Captain Bernard Doolin,

Superintendent of the San Francisco Airport, replied that the amount of ten million dollars would be sufficient to complete the program.

Supervisor Mancuso expressed the fear that the voters would again turn down the proposed airport bond issue at the coming November election in view of the fact that they had previously turned down a similar bond issue for a lesser amount.

Mr. George Burr, Engineer for the Airport, informed the members of the Board that in event of public support of the bond issue, the Federal Government would allocate funds toward the project.

Captain Doolin stated that the San Francisco Airport has been designated as an International Express Airport and therefore had to conform to rigid specifications which necessitated the enlargement of the runways by approximately 55 per cent; which accounted for the difference between the \$8,500,000 previously submitted to the electorate and defeated, and the present proposed bond issue of \$10,000,000, and reiterated the statement that the ten million dollars would definitely complete the program.

Thereupon the roll was called and the proposed measure was adopted by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—11.

Rescission of Previous Board Action Re Proposed Charter Amendment on Basic 40-Hour Work Week for Members of the Police Department.

Supervisor John J. Sullivan expressed a willingness to be recorded as having voted in favor of the proposed Charter amendment heretofore ordered submitted by the Board, in connection with a basic 40-hour work week for members of the Police Department, and thereupon moved, seconded by Supervisor Mead, that the Board rescind its action whereby it had ordered such Charter amendment, File 4493, submitted to the electorate.

Motion carried by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—11.

Ordered Submitted.

Thereupon the roll was called and the proposed Charter amendment, File 4493, was *Ordered Submitted* by the following vote:

Noes: Supervisors Fazackerley, J. Joseph Sullivan—2.

Rescission of Action Re Submission of Bond Issue in Connection With Cherry River Development Project.

Supervisor Halley expressed the desire to be recorded in favor of submitting the \$4,000,000 Cherry River Development bond issue to the electorate, the resolution declaring the necessity for such submission having been adopted earlier in the meeting (File No. 4644), and accordingly, Supervisor Mead moved, seconded by Supervisor Halley, that the Board rescind its action taken earlier in the meeting whereby it had adopted the measure in connection with declaring the necessity for the submission of the \$4,000,000 Cherry River Development Project bond issue.

Motion carried by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—11.

Communication.

The Clerk read a communication from the Public Utilities Commission in which opposition to the purchase of the California Street Cable Railroad Company through a bond issue was expressed.

No objection and motion *carried*.

Thereupon Supervisor Mancuso moved, seconded by Supervisor Fazackerley, that the proposed Charter amendment, as amended, be ordered submitted and it was *ordered submitted* by the following vote:

Ordered Submitted.

Charter Amendment—Section 29.1, Providing That Certain Employees in the Office of the District Attorney Shall Be Subject to Civil Service.

File No. 4465

(Series of 1939).

September 6, 1949—Consideration continued to September 8, 1949.

Discussion.

Supervisor Halley expressed the opinion that the District Attorney should be privileged to select his own personnel and in event the present District Attorney goes out of office, it would not be fair to saddle the employees on his successor in view of the confidential nature of the work of his office.

Supervisor MacPhee stated that the Board approved submission to the electorate proposed Charter amendments in the past dealing with blanketing into civil service employees of the City Attorney's office, the Park Department and others and did not see why the District Attorney's office should not be accorded similar treatment.

Supervisor Halley inquired of Mr. McLoughlin of the District Attorney's office as to the duties of the Investigator-Reporter, and was advised that the incumbent of such a position takes verbatim statements in cases where necessary.

Supervisor Halley inquired into the duties of the Special Officer, and was informed that the incumbent of such a position handles mental cases at the San Francisco Hospital and his work is purely of an administrative character.

Supervisor Halley inquired into the duties of the General Clerk-Stenographer and was informed that the incumbent of such a position performs such routine work as is performed by other city departments having similar classifications.

Presentation of New Charter Amendment.

Supervisor Mancuso presented a substitute Charter amendment amending Section 34.1 instead of the foregoing which amends Section 29.1.

Question was raised as to the reason for presenting the substitute to which Mr. Walker Peddicord, Deputy City Attorney, stated that the substitute Charter amendment was the logical one to adopt.

Supervisor Lewis expressed the fear that if the employees in the District Attorney's office were permitted to be blanketed into civil service, the possibility of legal difficulties might arise should such employees manage to be transferred to the Public Defender's office, as the District Attorney's office is a prosecuting body while that of the Public Defender's is a defending one.

Supervisor Mancuso stated that the proposed Charter amendment does not emanate from the District Attorney personally but rather from the personnel in his office; however, the District Attorney expressed the hope that the Board would see its way clear to submit the amendment.

Motion "To Submit."

Supervisor Mancuso moved submission of the proposed Charter amendment affecting Section 34.1. Motion seconded by Supervisor MacPhee.

At this point Walker Peddicord, Deputy City Attorney, injected himself into the controversy with the statement that if the Board desired to amend Section 29.1, certain changes would have to be made, however, no action was taken.

Thereupon the roll was called and the proposed Charter amendment affecting Section 34.1 was *ordered submitted* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—9.

Noes: Supervisors Halley, Lewis—2.

Board Action on Charter Amendment Affecting Section 168.1.12, Police Department, Rescinded.

Supervisor Gallagher expressed a desire to be recorded as having voted in favor of the proposed Charter amendment affecting retirement benefits of members of the Police Department, and thereupon moved, seconded by Supervisor Fazackerley, that the Board rescind its action whereby it had heretofore ordered submitted the proposed Charter amendment affecting Section 168.1.12, relating to retirement benefits for members of the Police Department. No objection and motion *carried*.

Thereupon the roll was called and the proposed Charter amendment, affecting Section 168.1.12, was *ordered submitted* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—11.

File No. 4495, Resolution No. 9081 (Series of 1939).

Discussion.

Supervisor Mancuso moved, seconded by Supervisor Christopher, that the foregoing measure, with its accompanying ballot argument, be adopted.

Objection.

Supervisor Lewis again raised objection, contending that the ballot argument did not conform to Charter requirements, and stated that if he were given definite assurance that the individuals will sign the argument, he would vote for the argument. He further felt that it was the responsibility of the legislators to send out arguments to the people which are in full compliance with Charter provisions.

Motion to Delete Endorsements.

At this point Supervisor Mancuso moved, seconded by Supervisor Christopher, that all endorsements on ballot arguments accompanying measure be deleted.

Motion carried by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, J. Joseph Sullivan, John J. Sullivan—10.

No: Supervisor Mead—1.

Supervisor Lewis insisted that ballot arguments must be signed by the individual or officer of the organization presenting it, and that in approving these arguments, the Board must be sure that the text of the argument does not exceed 1,800 words, be not more than four pages in length and signed by the proper officials.

Mr. Walker Peddicord, Deputy City Attorney, was called upon to express an opinion regarding the assertions of Supervisor Lewis, and he stated that the Board had no power to remove the signatures from the arguments; further, that it was the duty of the Registrar of Voters, when the arguments are filed with him, to see that the proper officials affix their signatures and that such action was not within the province of the Board. The Board should not approve the argument if it contains more than 1,800 words but it is the Registrar's duty to see if the argument contains four or more pages, as well as the affixing of signatures.

Rescission.

Supervisor Mead moved, seconded by Supervisor Halley, that the motion deleting all endorsements from ballot arguments, and which carried, be rescinded.

Motion *carried* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, Mead, John J. Sullivan—10.

Statement by Supervisor Halley Re Proposed Charter Amendment Affecting the District Attorney's Office.

Supervisor Halley informed the members of the Board that the present District Attorney, upon assuming office, dismissed many employees who had had many years of service in that office, thus strengthening his (Supervisor Halley's) contention that the duties of the employees of the District Attorney's office are strictly of a confidential nature. (Here Supervisor Halley gave the names of several employees with varying lengths of service who had been dismissed.

Motion to Rescind Previous Board Action.

Supervisor Halley thereupon moved, seconded by Supervisor Lewis, that the Board rescind its action whereby it had ordered submitted

the Charter amendment blanketing into civil service certain employees of the District's Attorney's office.

Supervisor Halley explained that if the motion carried, he would introduce another Charter amendment that would permit certain employees of the District Attorney's office to assume Civil Service rights subject to examination.

Explanations of Votes.

Supervisor Christopher expressed the belief that confidential employees should not be permitted to obtain civil service status, while on the other hand clerical employees have not the status of confidential employees and they must be encouraged to remain in the office and for that reason, the Supervisor felt that he could not vote for rescission.

Supervisor Lewis again brought up the danger of confidential employees in the offices of the District Attorney and the Public Defender being interchangeable, and the resultant difficulties that might ensue in the case of important trials, where the life or lives of persons might be in jeopardy, and for that reason he would vote for rescission.

Thereupon the roll was called on Supervisor Halley's motion for rescission, and it lost by the following vote:

Ayes: Supervisors Halley, Lewis, Mead, John J. Sullivan—4.

Noes: Supervisors Christopher, Fazackerley, Gallagher, MacPhee, Mancuso, McMurray, J. Joseph Sullivan—7.

Ordered Submitted.

The following recommendation of Finance Committee was taken up:

Present: Supervisors Gallagher, Fazackerley, MacPhee.

Supervisor Gallagher moved, seconded by Supervisor Mancuso, that the President of the Board act as Chairman of the Committee of the Whole. No objection and motion *carried*.

Privilege of the Floor.

The privilege of the floor was extended to Mr. Clay Miller, representing the cable line.

Mr. Clay Miller informed the members of the Board that the company had tentatively agreed to pay the men their requested \$1.506 per hour provided the city accepted the offer of sale made by the company and on the terms as contained in the letter of offer, which included assumption by the city of all claims and liabilities.

Discussion.

Supervisor Christopher inquired of Mr. Miller if the city, if it were willing to pay the \$150,000, would it also be liable for pending bills, to which inquiry Mr. Miller replied that such would be the case, although there were no pending bills at the moment.

Supervisor Christopher stated that he would not vote for submission of the proposed Charter amendment if it did not set forth conclusively and unequivocally that all existing claims and/or obligations would be assumed by the company itself.

Request of Supervisor MacPhee.

Supervisor MacPhee, through the Chair, asked Mr. Miller to attempt to confer with the officials of the company for the purpose of reaching an agreement looking to eliminating the proviso to the effect that the city, if purchasing the cable line properties, would assume all liabilities.

Privilege of the Floor.

The privilege of the floor was next extended to Henry B. Mann, speaking on behalf of the Carmen's Union, A. F. of L.

Mr. Mann spoke of the tentative agreement reached with the cable line management, which would have for its effect the payment of the rate of \$1.506 per hour, retroactive to July 1, 1949. The men, he stated, would be willing to go back to work provided the measure was put on the ballot, and that his organization was truly concerned for those citizens who use the cable line as well as for the employes who were entitled to the increase in rate.

Statement by Supervisor Lewis.

Supervisor Lewis: I have always strongly advocated the retention of certain cable lines in San Francisco. They have distinguished this city from other cities of the United States. I am convinced certain lines should be kept; however, I am not satisfied with lines as they are at the present time. Two blocks on Pine and on certain other streets. The voters of San Francisco would want to know those in favor of keeping all of the cable lines and those in favor of freeing certain streets of cable lines, before considering purchasing this line. The people should know what our position will be if the city should purchase it. Definitely I do want a statement to go to the people as to the city's intention in case of acquisition.

Statement by Andrew J. Gallagher, United States Conciliator.

The privilege of the floor was extended to Andrew J. Gallagher, Federal Conciliator, who informed the Board of the tentative agreement reached between the cable line and the interested union, the cable line agreeing to pay the requested rate of \$1.506 per hour, retroactive to July 1, 1949, and up to at least December 31, 1949. The only thing that is preventing immediate resumption of operation is the fact that the union must first take the proposal back to the men for ratification.

Rise and Report.

Supervisor Gallagher moved that the Board rise and report. Motion seconded by Supervisor Mancuso. No objection and motion *carried*.

Amendments to the Proposed Charter Amendment.

Supervisor Gallagher moved, seconded by Supervisor Mancuso, the following amendments:

That "operative properties" as contained in first paragraph, mean to include certain properties located on the southwest corner of California and Hyde Streets and on the west side of Hyde Street, south of Beach Street. (The City Attorney was to prepare the language in proper form.)

No objection and motion *carried*.

That the language in the fourth paragraph reading as follows: "Whenever the Public Utilities Commission, with the advice and approval of the Mayor . . ." be amended by adding after the word "Mayor," the words "and the Board of Supervisors."

No objection and motion *carried*.

That figure of "\$150,000" be inserted in subdivision (a) of the fourth paragraph.

No objection and motion *carried*.

That the word "judgments" be inserted after the words ". . . clear of all claims . . ." appearing in subdivision (b) of the fourth paragraph.

No objection and motion *carried*.

Report of Mr. Clay Miller.

At this point, Mr. Clay Miller, representing the cable line, stated that he was unable to reach other officials of the company in connection with the Board's request that attempts be made to withdraw that portion of the company's offer to the effect that should the city purchase the cable line's operating properties, it must also assume all of its existing claims and obligations, but that efforts would continue along that line.

Explanations of Votes.

Supervisor Christopher stated that he was voting for submission on the assumption that service would again be resumed by next Monday. If he were certain that service would not be resumed, he would not be in favor of so submitting such a proposal to the people.

Supervisor Lewis stated that if the measure goes on the ballot, it should also be referred to the City Planning Commission and the Public Utilities Commission for appraisal of the situation so that the people may be able to vote more intelligently.

Supervisor Mead: I do not see why this Board of Supervisors should get so excited over the question of whether the city should purchase the cable line. My conscience will not permit me to vote for the purchase of the cable line at this time.

Supervisor Mancuso: I want to give the people the opportunity to determine whether they want to purchase the cable line, with the understanding that should they do so, it does not mean that we will assume any existing obligations. We will not pay in excess of \$150,000 for the operating properties which will include real estate properties owned, and that all claims now existing will have to be assumed by the company itself.

Thereupon the roll was called and the proposed Charter amendment, as amended, was *ordered submitted* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, J. Joseph Sullivan, John J. Sullivan—10.

No: Supervisor Mead—1.

Communications.

Supervisor Lewis presented the following communications:

File No. 4646, Ordinance No. . . . (Series of 1939).

Discussion.

The President inquired if a cancellation clause was in the lease and Supervisor MacPhee stated there was.

Supervisor Lewis expressed the opinion that the installation of such machines could very well be on a concession basis rather than a lease proposition.

Mr. Eugene Riordan, Director of Property, stated that the Department of Works land was surplus land and must be handled in accordance with Charter provisions.

Written Opinion Requested.

Supervisor Lewis requested that a written opinion be obtained from the City Attorney as to whether the city is legally bound to lease surplus land belonging to a city department or may the land be offered to private interests on a concession basis.

No objection and so ordered.

At this point, Supervisor Lewis moved, seconded by Supervisor John J. Sullivan, that consideration of the foregoing matter be continued for a period of one week.

Motion to Rescind.

Supervisor Mancuso moved, seconded by Supervisor Christopher, that the Board rescind its action whereby the foregoing measure was adopted.

No objection and motion *carried*.

Statement by Supervisor Mancuso.

Supervisor Mancuso stated that in his opinion, if someone is to be sent back East to attend the convention, it must be someone heading the transportation department and not the head of the public relations department. The trip will involve rather heavy expense and the public relations head is certainly not the proper man for the trip.

Statement by Supervisor Lewis.

Supervisor Lewis, in deviating from his original stand taken contrary to the purposes of the measure, stated that his support of it stemmed from a meeting had with the Manager of Utilities who informed him that the heads of the various public relations departments in Atlantic City had urged him to permit Mr. Irwin to make the trip as his presence would prove very beneficial to the city.

Thereupon the roll was called and the measure was *adopted* by the following vote:

Discussion.

Supervisor Gallagher announced that it had been rumored to him that the Los Angeles City Council as well as its Board of Supervisors had refused to go along with the purport of similar legislation presented to those bodies, and that the Board should look further into the matter.

Supervisor Fazackerley stated that the organization in question was not a San Francisco organization; further, that San Francisco citizens would be called upon shortly to support its Community Chest, and while he was not opposed to the principle involved, he believed that local charities should be given prior public support.

Accordingly, Supervisor Fazackerley moved, seconded by Supervisor Halley, that the foregoing matter be re-referred to committee.

Supervisor Gallagher moved as an amendment, seconded by Supervisor MacPhee, that the Clerk communicate with the Los Angeles City Council as well as its Board of Supervisors for the purpose of ascertaining if those bodies had refused to consider legislation of the character now before the Board. Supervisor Mancuso suggested that in order to expedite matters, the Clerk phone the respective legislative bodies.

Subsequently the Clerk of the Board reported that the City Council at Los Angeles had adopted a resolution commending such an undertaking but had gone no further, while the Los Angeles Board of Supervisors did not take action of any kind.

With this information at hand, Supervisor Gallagher withdrew his amendment, there being no objection.

The roll was thereupon called on Supervisor Fazackerley's motion to recommit, and it *carried* by the following vote:

Ayes: Supervisors Fazackerley, Gallagher, Halley, MacPhee, Mancuso, McMurray, J. Joseph Sullivan, John J. Sullivan—8.

Noes: Supervisors Christopher, Lewis, Mead—3.

Consideration Continued.

The following recommendation of Public Utilities Committee was taken up:

Present: Supervisors Lewis, Mancuso.

Authorizing City Attorney to Represent the City in Matter of Application by the Southern Pacific Company to the State Public Utilities Commission for Increase in Peninsula Rates.

File No. 4711, Resolution No. . . . (Series of 1939).

Change in Caption Language.

Supervisor Mead stated he was in somewhat of a quandary for upon reading the foregoing caption, he did not know whether the Board was authorizing the City Attorney to support or oppose the application of the Southern Pacific Company.

Supervisor Lewis, Chairman of the Committee, after reading the caption, agreed that it was erroneously designed and requested that it be corrected.

Subsequently the corrected measure was brought before the Board, with the caption reading as follows:

Authorizing the City Attorney to Oppose the Application Made by the Southern Pacific Company Before the State Public Utilities Commission for Increase in Peninsula Rates.

File No. 4711, Resolution No. . . . (Series of 1939).

Query.

Supervisor Mead raised the question of whether there has been a wage increase granted by the Southern Pacific Company which compelled it to ask for a fare increase. No one present was able to supply the information.

Thereupon Supervisor Gallagher moved, seconded by Supervisor Mead, that consideration of the foregoing be continued for a period of one week.

No objection and motion *carried*.

Consideration Continued.

The following from the Public Utilities Committee without recommendation was taken up:

Present: Supervisors Lewis, Mancuso.

Disapproving Abandonment of Portion of No. 28 Municipal Railway Bus Line, from Alemany Boulevard and Sickles Avenue to Alemany Boulevard and Bay Shore Highway.

File No. 4639, Resolution No. . . . (Series of 1939).

Committee of the Whole.

Supervisor Lewis moved that the Board resolved itself into Committee of the Whole for the purpose of hearing interested parties. Motion seconded by Supervisor Mead.

Motion *carried* by the following vote:

Ayes: Supervisors Fazackerley, Gallagher, Halley, Lewis, McMur-ray, Mead, J. Joseph Sullivan, John J. Sullivan—8.

Noes: Supervisors Christopher, MacPhee, Mancuso—3.

Discussion.

Supervisor Mancuso stated that 11 improvement clubs in the area had been informed of committee hearing and the only opposition to the proposed abandonment was from two individuals who sent in communications, and that there was no organized opposition.

Privilege of the Floor.

The privilege of the floor was extended to the following:

Mr. William H. Scott, General Manager of the Municipal Railway, stated that he had been requested by the Public Utilities Commission to make a survey of the line and found that it lost between \$60,000 and \$70,000 a year and that the entire system as a whole lost around \$441,000 a year. The figure of \$441,000 was based upon information received from the Controller's office and the Public Utilities Commission would be out that amount and that expenses must be cut somewhere along the line to meet the expected deficit.

At this point Supervisor Lewis stated that he had received two communications, one from the President of Apparel City and the other from St. Mary's Park Improvement Club, both protesting vehemently the proposed abandonment.

Mr. Scott at this point interjected, stating that the No. 25 line carries the most people and its service is available to the people from Apparel City.

Mr. Phil Landis, President of the Public Utilities Commission, asserted that his Commission had studied reports for several months, including the Jenkins Report, and from such study the fundamental principle was established of eliminating duplicate service lines, and at the same time exercising reasonable economy, and after such a study, the foregoing measure is the result of such deliberations.

Mr. Charles R. Wood, representing the Cayuga Improvement Club, stated that the No. 28 bus line is a cross-town line serving many people along its entire route and his organization is definitely opposed to its abandonment.

Mrs. Rose Walker, representing the Longfellow-Mt. Vernon Improvement Association, stated that the notice of the Committee hearing had come too late for her to get the council's policy with respect to it, but expressing her own personal opinion, she charged that to discontinue the portion of the No. 28 bus line would be akin to sabotaging the Municipal Railway, and that, surely, there were other ways for the Public Utilities Commission to effect economies.

Rise and Report.

Supervisor Mancuso moved that the Committee rise and report. Motion seconded by Supervisor Gallagher. No objection and motion carried.

Supervisor Lewis moved adoption of the measure. Motion seconded by Supervisor John J. Sullivan.

Explanation of Vote.

Supervisor Lewis stated that as a result of a letter received from the President of Apparel City, where San Francisco's second largest industry is centered, as well as letters from other improvement clubs, protesting the proposed abandonment, he would vote against such discontinuance.

Thereupon the roll was called and the foregoing measure lost by the following vote:

Ayes: Supervisors Gallagher, Lewis, Mancuso, McMurray, Mead, John J. Sullivan—6.

Noes: Supervisors Christopher, Fazackerley, Halley, MacPhee, J. Joseph Sullivan—5.

Rescission of Board Action Re Discontinuance of a Portion of No. 28 Bus Line.

Supervisor Lewis informed the Board members that he had just contacted Mr. Fleishman, President of Apparel City, who told him that the industry was violently opposed to the proposed abandonment of a portion of the No. 28 bus line, and being the city's second largest industry, it was certainly deserving of more consideration. Supervisor Lewis asked whether the issue before the Board was one of saving money or serving the people. To discontinue the portion of the No. 28 bus line proposed would seriously hamper the progress made by Apparel City and would prove most detrimental to its employees.

Thereupon Supervisor Lewis moved that the Board rescind its action wherein it had earlier in the day approved the discontinuance of a portion of the No. 28 bus line. Motion seconded by Supervisor John J. Sullivan.

At this point the President of the Board stated that there was very serious doubt in his mind that the Board had the power to rescind action taken in connection with the abandonment of a line, and accordingly posed the question to Mr. Walker Peddicord, Deputy City Attorney.

Mr. Peddicord expressed the opinion that if the Board maintained jurisdiction before adjournment of the meeting it also had the power to rescind.

The President then inquired of the Deputy City Attorney as to the number of votes required to rescind such action to which Mr. Peddi-

cord replied that the same number normally required of any parliamentary procedure, namely six votes, would maintain in this case.

Inquiry was made of Mr. Turner if the Commission held a public hearing in connection with the proposed abandonment, who stated that the Commission did hear the matter but no public hearing was held.

The President informed the Board that he would entertain a motion at the end of the meeting that when the Board recessed, it do so to meet again on Thursday, September 29, at 4 p. m.

Public Notice in Local Newspapers.

Supervisor Gallagher requested that the Clerk of the Board advertise notice of recessed meeting of the Board to be held on Thursday, September 29, at 4 p. m. to consider the proposed abandonment of a portion of the No. 28 bus line.

Privilege of the Floor.

The privilege of the floor was extended to the following:

Mr. Philip Landis, President of the Public Utilities Commission, who stated that the action of the Commission in seeking abandonment of portion of the No. 28 bus line was based on studies made by experts and upon engineering data and plans which have been developed and which will be stymied if the abandonment is not approved; further, the No. 28 bus line is the most "losing" bus line on the system, losing around \$160,000 a year. By eliminating the desired portion of the bus line, about one-half of the loss would be salvaged. (Here Mr. Landis quoted facts and figures from a written sheet.)

Supervisor Lewis inquired of Mr. James H. Turner, Manager of Utilities, if the No. 28 bus line is more convenient for persons working in Apparel City, to which Mr. Turner replied that the No. 25 line is more convenient and serves more people.

Supervisor Lewis stated that those people who live in the western part of town and who desire to travel to the Richmond District stand to lose by the proposed abandonment.

Mr. Turner informed the Board that people constantly send in requests to his office for transit changes, many have been accepted and put into effect, and that studies are constantly being made to improve the service.

President J. Joseph Sullivan: Was the decision of the Public Utilities Commission unanimous in disapproving the abandonment?

Mr. Turner: It was unanimous.

The privilege of the floor was next extended to David Rubenstein, Attorney for Apparel City, who informed the Board that as far as facts and figures presented by the Public Utilities Commission tending to support the proposed abandonment were concerned, they could very well be distorted and made to be viewed from a different perspective. Mr. Rubenstein laid stress on the fact that Apparel City was a 25 million dollar industry with a large payroll and if the bus line portion was discontinued, the industry would have trouble obtaining employees, and would seriously endanger San Francisco's prestige of being the leading apparel city in the world with the finest of working conditions, and the proposed abandonment would certainly result in unwarranted complications.

Mr. Charles R. Wood, President of the A. F. of L. Carmen's Union, speaking on behalf of the Cayuga Improvement Association, commenting on the check made by the Public Utilities Commission on that certain day in August, which eventually proved to be the basis for discontinuing the line, stated that at that time the pupils of Balboa High School, Denman Jr. High School, as well as primary and parochial schools were still on vacation and that the check made was not a correct picture of traffic on the No. 28 bus line, and that he was requested by the Cayuga Improvement Association to definitely oppose the proposed abandonment.

Jennie Matyas, A. F. of L. Vice-President of the International Ladies' Garment Workers' Union, next spoke, asserting that the proposed abandonment, if approved, would inconvenience the workers; that a number of them came to her office and requested that, in event of abandonment, they be found jobs in the downtown area, where, although farther from their respective homes, at least transportation was readily available. She also stressed the importance of retaining the No. 28 bus line in toto as it served many of the workers in that they had to first pick up their children at the nurseries and then proceed homeward.

Mr. Charles Fleishman next spoke, representing one of the manufacturing firms located in Apparel City, advised that he had taken a check of his employees with respect to utilization of the No. 28 bus

line and ascertained the following facts: 10 employees use the No. 28 bus line, and occasionally transfer to the No. 23; 18 employees use a combination of No. 25 and "H" line; 5 of the 18 make four transfers; 12 of them make three transfers; 5 make two transfers and no one uses the No. 25 direct; 6 use the No. 23 line and 6 use their own transportation. Since the inception of Apparel City, transportation facilities have actually gotten worse. Now with the new freeway construction under way as well as the construction of the Third Street bridge, congestion is really serious. To abandon the portion of the No. 28 bus line as being proposed would take away from the employees of Apparel City their best and most convenient mode of transportation.

Mr. Milton Dorman, representing Ever Ready Products Company of Apparel City, next spoke, stressing the fact that Apparel City is the center of 192 small firms doing a tremendous business. When these firms first moved to Apparel City, they were given the definite assurance that they would be afforded adequate transportation, and that the sixty odd thousand dollars purported to be the loss sustained by the No. 28 bus line is more than made up through the taxes paid by the apparel industry.

Mrs. Lena Beard and a representative from the outer Mission also spoke, urging that the proposed abandonment be not approved.

Motion to Rise and Report.

Supervisor John J. Sullivan moved, seconded by Supervisor Mead, that the Committee of the Whole rise and report. No objection and motion *carried*.

Supervisors' Statements.

Supervisor Lewis commended the Public Utilities Commission upon its policy of following plans outlined by transportation experts and supported by engineering data and to effect economies whenever possible but in the case at hand San Francisco's second largest industry is being endangered by lack of adequate transportation and accordingly, he would vote to disapprove the abandonment.

Supervisor Fazackerley stated that he was convinced an adequate hearing was not conducted by the Public Utilities Commission and that the largest group was not informed of the proposed abandonment; further, he did not feel that the check taken was a fair one; it was taken on the wrong day, at the wrong place and at a time when vacation was in progress. The Supervisor stated that he would go along for abandonment if it had been properly documented and supported by the necessary data; therefore, under the circumstances, he intended to reverse his previous position and vote against approving the abandonment, or until such time as an adequate substitute is offered.

Supervisor Mancuso stated that Apparel City has not been afforded adequate transportation and to take away a portion of the No. 28 bus line that serves that area does not seem to be good business.

Supervisor Christopher stated that the unfortunate thing about the whole matter is that no public hearings were held by the Public Utilities Commission. The Commission should conduct a hearing and endeavor to provide an adequate substitute service and then come back again before the Board. The Supervisor stated that he did not like to see the Public Utilities Commission come before the Board each time with a proposition for abandonment only to have the Board reject it.

Supervisor MacPhee stated that he was satisfied the Public Utilities Commission had made a thorough study and assumed that the people in the area affected had been given a hearing. On the other hand, representations were made to the people at Apparel City and the Supervisor stated he remembered when the Apparel City group was promised every cooperation by the city.

At this point Supervisor MacPhee asked Mr. Turner, Manager of Utilities, if, in case of abandonment, service could not be rendered to the area affected during morning and evening peak hours only, to which Mr. Turner replied that such action would be impossible of fulfillment due to the fact that there were sharp peaks in service and getting sharper every day and to move vast numbers of people during the peak hours has become an acute problem of management.

Supervisor Halley stated that over the past two years the Municipal Railway had gone through one of the most thorough overhaul jobs in the United States, and that it was a very dangerous precedent for the Board to enter the transportation field. The Supervisor stated he would vote for approving the abandonment as he felt that if the need for transportation was acute, the people would be served.

At this point Mr. Phil Landis, President of the Public Utilities Commission, observed that the Public Utilities Commission conducted a hearing on the matter but insofar as a public hearing was concerned, the Charter provided that such a hearing shall be held only before the Board of Supervisors.

Inquiry was made of Mr. Peddicord, Deputy City Attorney, as to Mr. Landis' statement and he replied that the only Charter requirement for a public hearing is before the Board of Supervisors.

Supervisor Mancuso asserted that Section 132.1 of the Charter presupposes that there had been a public hearing by the Public Utilities Commission and ascertainment of facts as to whether or not the line should be abandoned or continued, and after a study and hearing with the people involved, the matter is then referred to the Board, at which time the provisions of Section 132.1 provide that a public hearing shall be held to determine whether the Public Utilities Commission acted correctly or incorrectly.

At this point Supervisor Christopher inquired of Mr. Landis if his Commission was willing to withdraw the request for abandonment for the purpose of conducting a public hearing with the interested parties, to which Mr. Landis replied that the resolution had been adopted by the Public Utilities Commission at a formal hearing; further, he had been advised by Public Utilities Counsel that the action taken by the Commission had been proper.

Supervisor Halley inquired of Mr. Turner that, in event the portion of the No. 28 bus line was abandoned, was it his (Mr. Turner's) intention to provide adequate transportation to the people of that area, to which query Mr. Turner replied that such was his plan.

Supervisor McMurray stated he would vote against approving the abandonment and surely if the Public Utilities Commission was losing money on the venture it could certainly make up the loss in some other manner and still provide the people with adequate transportation.

Supervisor Gallagher asked Mr. Peddicord, Deputy City Attorney, whether, in the event the Board turned down the request of the Public Utilities Commission for abandonment of a portion of the No. 28 bus line, could that body renew its request before the Board at any future time, to which Mr. Peddicord replied that the Commission had such right.

Disapproval Defeated.

Thereupon the roll was called on the measure, designed to disapprove abandonment of a portion of the No. 28 bus line, was *adopted* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, John J. Sullivan—9.

File No. 4324, Resolution No. . . . (Series of 1939).

Discussion.

Supervisor MacPhee raised the question of whether the memorial should be placed in Golden Gate Park in view of the fact that upkeep of the same may be ultimately neglected and further, he had received a request from a group from Hunter's Point which had expressed a desire to have the memorial located in that area with the guarantee that it would have perpetual care.

Supervisor John J. Sullivan expressed the opinion that consideration of the matter should be continued for one week and that the Park Commission be invited to appear before the Board.

Supervisor Fazackerley stated that he believed the Park Commission should review all possible sites including the one at Hunter's Point before arriving at a final determination.

Supervisor Mead ventured the opinion that the Board should "tell" the Park Commission what to do with the Board's money and not merely "request" them.

Motion for Continuance.

Supervisor MacPhee moved that consideration of the foregoing be continued for one week. Motion seconded by Supervisor Mancuso.

No objection and motion *carried*.

Supervisor Gallagher stated he had no objection to placing the memorial at Land's End but did see some objection to placing it at Hunter's Point in view of the fact that the Mayor's Committee appointed for the purpose had recommended Land's End as the logical site for the memorial.

The Clerk was instructed to have representatives of the Park Commission, the Mayor's Committee and the Hunter's Point group on hand for the next regular meeting of the Board.

Discussion.

Supervisor Fazackerley inquired of Mr. Pracy, General Manager of the Water Department, if, upon adoption of the foregoing measure, steps would be taken to have a meeting of the interested departments to study the type of roof to be used and upon which recreational facilities may be installed, and Mr. Pracy replied that he would be happy to cooperate fully; however, he advised there was only money enough in the appropriation to provide for a fifty-pound roof and if money is made available for a heavier roof, he would be glad to put on any type roof deemed feasible.

The No. 54 line was losing around \$25,000 a year.

Mrs. Koch, a citizen, stated that this was the first time she had heard of such proposed abandonment and that many people in the area were not notified of such proposed action.

Supervisor Gallagher asked Mr. Scott if a public hearing had been held before the Public Utilities Commission, and he replied that a hearing was held and people were heard and that the Commission had authorized him to put the bus line on a 60-day trial period, on the assumption that the people would use it, and although there are some fifteen thousand people in the area, very few use it. Hunter's Point originally employed some eighteen thousand persons; now it only employs some five thousand; however, special coaches are still serving that area.

Mr. Small, representing the East and West of Castro Street Improvement Club, expressed the hope that the No. 54 bus line would be continued but in the event of abandonment, he desired that the No. 35 bus line would be arranged to accommodate those heretofore using the No. 54 bus line.

To this request Mr. Scott replied that if traffic increased so would the service.

Supervisor Fazackerley: Do we have assurance that additional busses will be put on the No. 35 bus line?

Mr. Scott: If needed, yes.

Rise and Report.

Supervisor John J. Sullivan moved that the Board rise and report. Motion seconded by Supervisor Mead. No objection and motion *carried*.

Discussion.

Supervisor Gallagher expressed the opinion that a meeting should be held on the matter by the Board and the Clerk directed to advertise a display ad in the local newspapers.

Supervisor Fazackerley asserted that it was about time that the Board requested the Public Utilities Commission to hold public hearings on matters of abandonment and thereafter the matter could come before the Board for a public hearing in accordance with the provisions of the Charter.

Supervisor Mead expressed the opinion that the Public Utilities Commission was not fulfilling its obligations and unintentionally passing the buck to the Board of Supervisors and that the Commission was not being fair either to itself or to the members of the Board.

Motion to Defer Consideration.

Supervisor Gallagher moved, seconded by Supervisor McMurray, that consideration of the matter be deferred until Friday and that a display advertisement be inserted in the local newspapers.

Explanations of Vote.

Supervisor Christopher explained his vote by stating that he felt the Public Utilities Commission should receive more cooperation and support from the Board of Supervisors in efforts to arrive at an economical operation of the Municipal Railway. It is unfortunate that a public hearing was not held by the Commission on this matter because such a responsibility lies with them, and that by conducting such a public hearing many difficulties may be ironed out. The Board cannot do justice to the car riders by trying to adjudicate such a matter within 15 or 20 minutes. The members of the Board are not experts in this particular field; however, a public hearing should emanate from the Public Utilities Commission.

Supervisor MacPhee expressed the opinion that the Public Utilities Commission should first hold public hearings on matters of abandonment. The Commission should be commended for attempting to effect economical moves; however, it was incumbent upon the Commission to hear all interested parties in cases of abandonment.

Supervisor Mead stated he was voting for the measure, asserting that by such abandonment some people would be deprived of transportation to and from work, and further, such action tends to drive business out of the city.

In refutation of the foregoing statement by Supervisor Mead, Supervisor Mancuso countered by saying that abandonment of the No. 54 bus line would not take away service but would in reality give better service, as the people would have bus service near instead of walking three or four blocks to get on the No. 54 bus line.

Motion to Defer Consideration—Lost.

Thereupon the roll was called and Supervisor Gallagher's motion to defer consideration lost by the following vote:

SPECIAL ORDER—2:00 P. M.

Presented by the Clerk:

Refused Adoption—City Planning Commission Sustained.

Disapproving Decision of the City Planning Commission by Its Resolution No. 3647, Denying Application to Rezone Property Located on the Easterly Line of Bay Shore Boulevard North of Thornton Avenue, from First Residential District to Commercial District.

File No. 4649, Resolution No. . . . (Series of 1939).

October 3, 1949—Consideration continued to October 10, 1949.

Privilege of the Floor.

The privilege of the floor was extended to the following:

Mr. Robert Nicco, Attorney-at-law, representing the appellants. Mr. Nicco contended that his client's application for a rezoning to permit the construction and operation of a pastry shop was a worthy one, in that the traversing of the Bay Shore Highway was a dangerous practice but that such action was necessary if one was to reach the commercial area. The area sought to be rezoned now resembles a junk yard and the construction of a new building would not only enhance the location's appearance but would serve the many people living in the neighborhood; further, not a single protest has been lodged with the City Planning Commission in connection with the requested rezoning, and that any argument that may be voiced by the Planning Commission can be refuted.

Mr. Bryant Hall, representing the City Planning Commission, observed that nearby on San Bruno Avenue were splendid facilities for shopping and that to grant the rezoning would tend to break down existing residential values; further, that spot zoning is not sound zoning.

Mr. Emile Delucchi, a resident, spoke in favor of the appellants and stressed the danger of attempting to cross Bay Shore Boulevard.

Explanations of Vote.

Supervisor Lewis expressed the opinion that spot zoning is not good zoning as a rule; however, he was impressed with the fact that not a single protestant appeared to claim that such proposed rezoning would hurt his or her interests; further, such a store as is proposed being constructed is merely an accommodation store and is of tremendous value to the neighborhood; accordingly, he would vote to rezone the property in question.

Supervisor Mead stated that there was already one non-conforming structure in the neighborhood, another store, especially a pastry shop, would provide employment and would certainly not hurt the neighborhood, and he would accordingly vote for the rezoning.

Question.

The question was thereupon put to the Board by the President: A vote of "Aye" overrides the Commission and grants the rezoning; a vote of "No" sustains the Commission and denies the appeal.

Thereupon the roll was called and the foregoing measure was *refused adoption* by the following vote:

Ayes: Supervisors Christopher, Gallagher, Lewis, Mancuso, McMurray, Mead—6.

Noes: Supervisors Fazackerley, Halley, MacPhee, J. Joseph Sullivan, John J. Sullivan—5.

City Planning Commission *sustained*.

SPECIAL ORDER—2:00 P. M.

Presented by the Clerk:

Refused Adoption—City Planning Commission Sustained.

Disapproving Decision of the City Planning Commission by Its Resolution No. 3646, Denying Application to Rezone Property Located on the Southerly Line of Sutter Street, 125 Feet West of the Westerly Line of Baker Street, from Second Residential District to Commercial District.

File No. 4650, Resolution No. . . . (Series of 1939).

October 3, 1949—Consideration continued to October 10, 1949.

Privilege of the Floor.

The privilege of the floor was extended to the following:

Proponents:

A Mr. Edmundsen spoke for Mr. Plousha, the appellant in the case. Mr. Edmundsen stated to the members of the Board that he was more or less importuned to act as counsel in the case and had but little time to become acquainted with the facts but that he was informed by Mr. Plousha that the facts are these: Mr. Plousha purchased the store some ten years ago and has, since that time, made improvements. The premises is a radio store and that he was but recently informed by the City Planning Commission that such an establishment in a second residential area was not compatible to sound zoning. Mr. Plousha thereupon requested, upon application to the City Planning Commission, that a zone change be permitted, from second residential district to commercial district, to permit the continued operation of the radio shop. This was denied.

Mr. Plousha himself took the floor and stated that there were no protestants to his petition for rezoning.

Opponents:

Mr. Bryant Hall of the City Planning Commission informed the Board members that there were sufficient shops in the immediate area, namely on Geary and Divisadero, to satisfy the neighborhood's wants, and to grant this application would be spot zoning and therefore unsound zoning.

Explanation of Vote.

Supervisor Halley stated that he was fundamentally opposed to spot zoning but in this instance it would be a crime to put a man who had been in business for a period of ten years out of business, and therefore he would vote to permit the zone change.

Question.

Thereupon the question was put to the Board by the President: A vote "Aye" overrides the City Planning Commission and permits the rezoning; a vote "No" sustains the Commission and denies the application.

Thereupon the roll was called and the foregoing measure was *refused adoption* by the following vote:

Ayes: Supervisors Christopher, Gallagher, Halley, Lewis, Mead, John J. Sullivan—6.

Noes: Supervisors Fazackerley, MacPhee, Mancuso, McMurray, J. Joseph Sullivan—5.

Committee of the Whole.

Supervisor Fazackerley moved, seconded by Supervisor MacPhee, that the Board resolve itself into a Committee of the Whole for the purpose of hearing from interested parties. No objection and motion *carried*.

President to Serve as Chairman of the Committee of the Whole.

Supervisor Fazackerley moved that the President of the Board serve as Chairman of the Committee of the Whole. Motion seconded by Supervisor MacPhee, and there being no objections, motion *carried*.

Privilege of the Floor.

The privilege of the floor was extended to the following:

Fred H. Sweifel, representing the Employees' Association at Hunter's Point, stated that he understood plans had been drawn for installation of the memorial at Land's End; however, the Mayor's Citizens' Committee had taken Hunter's Point into consideration but had declined favorable action because it was not considered to be the proper location for such a memorial. Mr. Sweifel pointed out that indecision on the part of San Francisco with respect to the permanent location of the "bridge" was not giving the city favorable publicity and that definite action must be taken one way or the other.

Mr. Robert Callahan of Admiral Callahan Post of the American Legion asserted that he had been directed by the Post to state that the memorial had been purchased by the people and to be viewed by the people and that The Post favored Land's End.

Rise and Report.

Supervisor Mead, seconded by Supervisor John J. Sullivan, moved that the Board rise and report. No objection and motion *carried*.

Statements.

Supervisor Mead stated that he believed the memorial should be placed in a location where it could be seen by all the people and if necessary the Board should, from time to time, appropriate additional funds for its maintenance.

Supervisor John J. Sullivan stated that the Mayor's Citizens' Committee was appointed specifically for the purpose of determining the best possible location for such a memorial; they selected Land's End and therefore he would go along with the Committee's decision.

At this point Supervisor Gallagher posed a question to Mr. Julius Girod, Superintendent of the Park Department, as to whether the Park Commission would start immediately with locating the memorial at Land's End, to which query Mr. Girod replied that the Park Commission will give the matter very careful consideration and cooperate with the City Planning Commission and the Art Commission, provided the \$15,000 is sufficient for the purpose; however, he had not seen the plans or specifications of the project.

Supervisor Mancuso expressed the opinion that the Park Commission should come before the Board with a plan covering the total cost. As the situation stands at the moment, the Board intends to transfer an appropriation to the Park Commission; the Commission says it has no plans or specifications nor any knowledge as to the total cost of the project. The Board should not appropriate any money requested by the Mayor's Citizens' Committee until the Commission has determined the amount of money that will be required and accordingly, he will vote against the appropriation.

Supervisor Lewis suggested that the entire matter be referred to the City Planning Commission. Various department heads can be called in and all locations studied, and that a report be forthcoming in two or three weeks.

Motion to Defer Consideration—Lost.

Supervisor Lewis moved, seconded by Supervisor Mancuso, that consideration of the foregoing measure be continued for one week, and extended if necessary, and in the interim the City Planning Commission be requested to consider the matter, together with heads of other departments with respect to selecting the best possible location and that a report be forthcoming at an early date.

Mr. Frank Barrett, Chairman of the Mayor's Citizens' Committee, at this moment entered the Chambers and was called upon to make a few remarks on the subject. Mr. Barrett stated that many hearings were held on the subject of selecting a site, and that after much study and deliberation, the Land's End site was chosen; personally, he preferred the entrance to the Golden Gate Park, although it was pointed out to him that such a memorial at the entrance would tend to cause additional congestion.

Thereupon the roll was called on Supervisor Lewis' motion and it lost by the following vote:

Ayes: Supervisors Lewis, Mancuso—2.

Noes: Supervisors Christopher, Fazackerley, Gallagher, Halley, MacPhee, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—9.

The roll was then called on the measure proper and it was adopted by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—11.

Final Passage.

(In conformity with Master Plan.)

October 3, 1949—Consideration continued to October 10, 1949.

Motion to Defer—Carried.

Supervisor Halley stated he desired to see the contract entered into between the Park Commission and J. G. Gratton, and since such a document is not available at the moment, moved, seconded by Supervisor Fazackerley, that consideration of the foregoing be continued for one week.

No objection and motion *carried*.

No objection and motion *carried*.

At the conclusion of such discussion, the roll was called and the subject matter was *Finally Passed* by the following vote:

Disapproving Abandonment of Portion of No. 26 Municipal Railway Bus Line, South of Daly City.

File No. 4684, Resolution No. . . . (Series of 1939).

Since a public hearing notice has been advertised in the local newspapers, it has been determined that the necessity for resolving into a Committee of the Whole does not exist.

Privilege of the Floor.

The privilege of the floor was extended to the following:

Mr. Sam McKee, member of the Public Utilities Commission, who stated that the line was operating at a heavy loss; that in August of 1949 the loss ran to \$2,555; the Broadmoor extension was initiated on November 23, 1947, and since that time it has operated in the red. Mr. McKee continued by saying that if the Board approved the abandonment of the No. 26 bus line south of Daly City, the Commission would agree to operate a shuttle bus to be known as No. 76 and to operate south of Daly City into Broadmoor, with a ten-cent fare and no transfer privileges. This service will be given a 90-day trial and if, at the end of that period of time, the line continues to lose, the Commission will have no alternative but to abandon it.

The following residents of Broadmoor were accorded the privilege of expressing their views: Messrs. E. W. Allen, Leonard Stiller, Ernest Brown.

At the conclusion of the citizens' presentations, the roll was called and the foregoing measure was *refused adoption* by the following vote:

Noes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—11.

Confirming Sale of Surplus Water Department Land (Approximately 386 Acres), Located Between Ravenswood Point and Cooley Landing, in San Mateo County, to the Leslie Salt Company for \$19,300.

File No. 4305, Resolution No. . . . (Series of 1939).

September 19, 1949—Re-referred to Finance Committee.

Privilege of the Floor.

The privilege of the floor was extended to the following:

Mr. Sam McKee, member of the Public Utilities Commission, who contended that the property in question should bring in more than the \$19,000 bid so far, in view of the fact that construction is going on in the area, together with the fact that the San Francisco Airport reconstruction job near by should enhance the value of the property.

Mr. Dan Cameron, Public Utilities Commissioner, stated that it was his opinion that if the city held on to the property for some time, it would eventually bring in more than \$50 per acre.

To a query by Supervisor Gallagher as to the amount of taxes paid by San Francisco to San Mateo since 1931, Mr. Eugene Riordan, Director of Property, advised that the city paid around \$4,500, and that the property is assessed at \$22 per acre.

Mr. Riordan informed the Board that he had received but one bid, namely the one from the Leslie Salt Company, offering to purchase the property at \$50 per acre. This offer was transmitted to the Public Utilities Commission who requested that an ordinance be prepared accepting the offer. Mr. Riordan further stated that in accordance

with the provisions of the Charter, the Board must either confirm or reject the sale. If, in event of rejection, the Board must order the sale of such property at public auction, thus entertaining the possibility of having to accept a much lower amount than \$50 per acre.

Supervisor Gallagher expressed the opinion that the subject land should be worth more than \$50 per acre and suggested that the matter be remanded to the Real Estate Department and that the Director again call for bids.

Legal Opinion Requested.

Supervisor Mancuso requested that the Clerk obtain a written opinion from the City Attorney as to what prerogatives may be exercised by the Board, it being the contention of the Director of Property that the Board must either confirm or reject the bid; that in event of rejection the Director of Property has no alternative but to call for bids at public auction, with the possibility that a smaller amount than \$50 per acre may be bid and would have to be accepted.

No objection and so *ordered*.

Motion to Defer—Carried.

Thereupon Supervisor Mancuso moved, seconded by Supervisor Gallagher, that consideration of the foregoing matter be continued for one week. Motion *carried* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—11.

October 17, 1949—Consideration continued to October 24, 1949.

Legal Opinion Read.

The Clerk read a legal opinion received from the City Attorney's office, which had been requested by Supervisor Mancuso at a previous meeting of the Board, relating to the authority of the Board to confirm or reject the sale of surplus Water Department land.

Discussion.

Supervisor Mancuso asked Mr. Walker Peddicord, Deputy City Attorney, if the Board had any alternative in connection with the subject, once it had been submitted to the Board, and Mr. Peddicord replied to the effect that once the ordinance authorizing the sale of property is in effect, the Board must then either accept the tender or reject it, and in event of rejection, action must then be taken calling for sale of the property by public auction.

Supervisor Mancuso then asked Mr. Peddicord if, in the event a public sale by auction was held, does the Board have to accept any bid, or may the Board set a percentage, say 90 per cent, under which no tender will be entertained or accepted, to which Mr. Peddicord replied that the 90 per cent provision as contained in the Charter, did not apply to public auction sales.

Thereupon the roll was called and the subject measure was *adopted* by the following vote:

OFF-CALENDAR LEGISLATION.**Tabled.**

The following recommendation of the Streets Committee was taken up:

Present: Supervisors Mead, Halley.

Authorizing Temporary Closing of Fulton Street Between Hyde and Larkin Streets, November 3-13, 1949, for Conduct of Show by Fair Advertising Enterprises, Portion of Proceeds from Such Show to Be Donated to Pets Unlimited, Inc.

File No. 4814, Resolution No. . . . (Series of 1939).

Discussion.

Supervisor Mancuso, author of the legislation, stated that in view of apparent hesitancy on the part of the Police Department to grant

the permit, he would make the contents of the measure provisional to the extent that the temporary closing of Fulton Street be made subject to the approval of the Police Department.

Request for Opinion from City Attorney.

Supervisor Lewis requested that the Clerk be instructed to procure a written opinion from the City Attorney on the question of whether the Board of Supervisors is the sole judge in determining whether streets may be closed temporarily for amusement or for other purposes, or if such legislation, upon adoption, must be reviewed and approved by the Police Department.

No objection and *so ordered*.

At this point a gentleman purporting to represent Fair Advertising Enterprises, stated that Pets Unlimited would receive 60 per cent of the income derived from the "rides," with a minimum of \$1,000.

Communication.

The Clerk read a communication from Deputy Chief of Police James L. Quigley to the effect that the Police Department does not look with favor upon the temporary closing of streets to the detriment of the motoring public.

Privilege of the Floor.

The privilege of the floor was granted to Deputy Chief James L. Quigley who stated in unmistakable terms that the Police Department is opposed to granting permits for the use of any street to any organization because of the traffic and fire hazards involved. If a permit were to be granted, in this case to the Fair Advertising Enterprises, his department would undoubtedly receive requests from other organizations for similar treatment. Deputy Chief Quigley cited as an example the recent public disapproval of a carnival being permitted to use portions of Broadway and Larkin Streets, and sponsored by the Polk Gulch Fiesta organization, and concluded that Fair Advertising Enterprises could very well use available lots for their show.

Amendment.

Supervisor Mancuso moved that one-half of the roadway on Fulton between Hyde and Larkin Streets be temporarily closed during the period November 3-13, 1949, and that details of such an arrangement be worked out with Deputy Chief Quigley.

Motion *lost* for want of a second.

At this point Supervisor Mancuso appeared to be somewhat miffed and blurted that in his six years as a Supervisor he had seen many requests for temporary street closing granted and now when it happens that he is a sponsor of such a street closing, and incidentally the first one, he is rebuffed.

Motion to Table—Carried.

Supervisor Mead thereupon moved, seconded by Supervisor Halley, that the subject matter be tabled.

Motion *carried* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—8.

No: Supervisor Mancuso—1.

Absent: Supervisors Lewis, MacPhee—2.

Consideration Continued.

The following recommendation of Joint Finance and Public Buildings, Lands and City Planning Committee was taken up:

Present: Supervisors Gallagher, Fazackerley, MacPhee, Halley, Mead.

File No. 4781, Resolution No. . . . (Series of 1939).

Committee of the Whole.

Supervisor Mancuso moved, seconded by Supervisor Christopher, that the Board resolve itself into a Committee of the Whole for the purpose of hearing from interested parties.

No objection and motion *carried*.

Supervisor Fazackerley moved that the President of the Board serve as Chairman of the Committee of the Whole. Motion seconded by Supervisor Mancuso.

No objection and motion *carried*.

Amendments.

Supervisor Christopher moved, seconded by Supervisor Mancuso, that the following amendments be adopted:

1. *Add*, after third paragraph, second page of resolution:

Whereas, it is the policy of the City and County of San Francisco that there shall be no discrimination or segregation in any form by reason of race, color, religion, national origin or ancestry in expenditure of public funds, in exercise of public powers, or in development or administration of any program entailing such funds or powers, whether through tax exemption or other forms of public contribution or cooperation:

2. *Add*, after paragraph number 4 on third page (page is numbered "1" at bottom) a new paragraph number 5 as follows, (and alter numbering of subsequent paragraphs accordingly):

That the Board of Supervisors of the City and County of San Francisco declares that the best interests of the community will be served by an administration of all low-rent housing projects or developments which results in integrated or nonsegregated occupancy by families, otherwise eligible, of all groups comprising the city's population, and that it is a condition of approval of said Agreement by Board of Supervisors of the City and County of San Francisco that in the development and/or administration of each and all housing projects or developments under the jurisdiction of the Housing Authority of the City and County of San Francisco said Housing Authority shall avoid or refrain from any policy or practice which results, directly or indirectly, in discrimination or any form of segregation by reason of race, color, religion, national origin or ancestry.

3. *Add*, following numbered paragraph 8 of the Cooperation Agreement (numbered page 9), paragraph 9 as follows (and alter number of subsequent paragraphs as necessary):

In respect to the development and/or administration of each Project or development the Local Authority shall avoid or refrain from any policy or practice which results, di-

rectly or indirectly, in discrimination or any form of segregation by reason of race, color, religion, national origin or ancestry.

Substitute Motion—Lost.

Supervisor Fazackerley moved, as a substitute, that the subject matter, together with the proposed amendments, be re-referred to committee for further study.

Motion lost for want of a second.

Amendment on the Measure as Originally Proposed.

Supervisor MacPhee moved, seconded by Supervisor Christopher, that Paragraph designated I, be amended by adding at the end of said paragraph the following: "the location of such projects or units thereof to be approved by the Board of Supervisors of the City and County of San Francisco."

Statements by Supervisors.

Supervisor Christopher stressed most emphatically the opinion that public funds used by the Housing Authority of the City and County of San Francisco are not intended nor should they be used to the detriment of any group.

Supervisor Mancuso asserted that the measure before the Board should be passed immediately, the Housing Authority granted permission to enter into the necessary contract, and reaffirmed the opinion expressed by Supervisor Christopher that expenditure of public funds should not militate against any particular group but should inure to the welfare of all.

Motion to Defer Consideration—Lost.

Supervisor Fazackerley moved that consideration of the subject measure, together with all pending amendments, be continued for one week, and that the City Attorney consult with the Housing Authority on the proposed amendments.

Motion lost for want of a second.

Statement by Mr. William A. O'Brien, Attorney for the Housing Authority.

Mr. William A. O'Brien, Attorney for the Housing Authority, informed the members of the Board that the proposed amendments submitted by Supervisor Christopher were "full of jokers" and passage of same would do irreparable harm to the program of the Housing Authority, and proceeded to elaborate on a portion of the amendment.

Motion to Rise and Report.

Supervisor John J. Sullivan moved, seconded by Supervisor Mead, that the Committee rise and report. No objection and motion carried.

Motion to Defer Consideration—Carried.

Supervisor Christopher moved, seconded by Supervisor MacPhee, that the Board defer action on the subject measure and pending amendments until Monday, October 31, at which time the subject legislation will again be considered by the Board, sitting in Committee of the Whole.

No objection and motion carried.

Resumption of Consideration of File No. 4781, With Respect to Approving Application of Housing Authority for a Loan of \$450,000 from the Federal Public Housing Administration for the Development of Low-Rent Dwelling Units.

Privilege of the Floor.

The privilege of the floor was extended to Mr. William A. O'Brien, Legal Counsel for the Housing Authority of the City and County of San Francisco. Mr. O'Brien told the members of the Board that the amendments to the proposed measure now currently before the Board had been discussed with the local office of the Federal Public Housing Administration. That this office, in telephone conversation with the General Counsel for the home office of the Federal Public Housing Administration at Washington, D. C., had been authorized to state unequivocally that the present form of the proposed amendments were certainly not acceptable and would not be approved as such.

Discussion.

Supervisor Halley stated that a continuance of two weeks should be authorized to permit the Housing Authority of the city as well as Federal Public Housing authorities at Washington, D. C., to get together with a view of reaching a meeting of the minds with respect to the proposed amendments.

Supervisor Mancuso stated that the matter should be voted upon today, and expressed the opinion that should the amendments fall short of approval, the Federal Government would take steps to recommend desirable changes.

Mr. O'Brien stated that when the local office of the Federal Public Housing Administration saw the proposed amendments, it was the first time that anybody connected with this particular federal office had seen them, and that the objections of such office with respect to the proposed amendments were based purely on legal grounds.

Mr. Edward Howden, Executive Director, Council for Civic Unity, the sponsor of the proposed amendments, informed the members that it was certainly not the intention of his organization to insert any "jokers" in the proposed resolution. (Mr. Howden was apparently referring to remarks made by Mr. O'Brien at the last regular meeting of the Board when he stated that the proposed amendments were full of "jokers.")

Request of Supervisor MacPhee.

Supervisor MacPhee requested that the Clerk of the Board contact the local office of the Federal Public Housing Administration for the purpose of arriving at language relating to non-discrimination and non-segregation safeguards which, meeting with that body's approval, could be inserted as amendments to the proposed resolution dealing with public housing.

No action taken.

Motion to Rise and Report.

Supervisor Halley moved, seconded by Supervisor Fazackerley, that the Board rise and report. No objection and motion *carried*.

Motion to Continue Consideration.

Supervisor Halley moved that consideration of the foregoing be continued for a period of two weeks. Motion seconded by Supervisor John J. Sullivan.

Amendment to Motion.

Supervisor Mancuso moved as an amendment that consideration of the proposed measure and its accompanying amendments be continued for a period of one week. Motion seconded by Supervisor MacPhee.

At this point the President of the Board stated that he was assuming the responsibility of seeing to it that action would be forthcoming during the week from the local office of the Federal Public Housing Administration.

Motion and Amendment Withdrawn.

Supervisor MacPhee suggested that the mover of the motion to defer consideration of the subject-matter for two weeks and the mover to defer consideration of the subject-matter for one week, withdraw their respective motions so that he could restate his position in the form of a motion relating to the proposed amendments.

No objection and respective motion and amendment to the motion *withdrawn*.

Motion by Supervisor MacPhee.

Supervisor McPhee thereupon moved that the Clerk be authorized to direct a letter to the local office of the Federal Public Housing Administration, for the purpose of determining the exact language which could be incorporated in the proposed resolution relating to public housing, as an amendment to provide for non-discrimination and non-segregation in projects under the jurisdiction of the Housing Authority of the City and County of San Francisco.

Motion seconded by Supervisor Halley.

No objection and motion *carried*.

Thereupon Supervisor MacPhee moved, seconded by Supervisor Halley, that consideration of the entire subject-matter be continued for a period of one week. No objection and motion *carried*.

Consideration continued for one week.

Supervisor Christopher requested that the Clerk address a communication, under the Supervisor's signature, to the Mayor, requesting that consideration be given to augmenting the membership on the Centennial Committee.

Discussion Re Financial Status of Municipal Railway.

Supervisor Christopher brought up the matter of the financial condition of the Municipal Railway and made light of the fact that on one day local papers published an item to the effect that the

Municipal Railway had gone in the red for over two million dollars, and that on the very next day the local papers published an item to the effect that the Manager of Public Utilities had declared that the Municipal Railway, instead of losing some two millions of dollars had actually earned a surplus. Supervisor Christopher stated that in his opinion the time has come when only one set of books should be kept and from which a definite picture can be gleaned at all times, and that the set of books to be kept should be in conformity with standards of accounting adopted by other railroads in the country.

The Controller, Harry Ross, was sent for and upon his arrival stated, in answer to Supervisor Christopher's statement, that the records of the Public Utilities Commission were maintained in accordance with requirements of the State Public Utilities Commission; further, that there is no quarrel between the Controller's office and the Bureau of Accounts of the Public Utilities Commission as to the keeping of the records, and where Mr. Turner got his figures he could not say, and that there was no difference between the figures of Price, Waterhouse firm and those of the Bureau of Accounts of the Public Utilities Commission.

Mr. Robert Scott, head of the Bureau of Accounts of the Public Utilities Commission, stated that the books of his bureau were kept in accordance with procedure outlined by the State Public Utilities Commission. What the Municipal Railway attempted to do was to take into consideration the revenues earned, plus the tax subsidy, plus the ten-cent fare and on that basis there ensued a cash surplus of over one million dollars; further, that the Price, Waterhouse audit conforms substantially to the records kept by the Bureau of Accounts.

Statement by Supervisor Mancuso.

Supervisor Mancuso expressed the opinion that the Public Utilities Commission was doing a good job and shortly would not be needing any further tax subsidy and would pay its own way.

No further discussion or action taken on the above.

File No. 4866, Ordinance No. . . . (Series of 1939).

(In conformity with Master Plan.)

Supervisor Lewis expressed the opinion that there were many neighborhoods in the outlying districts which needed lighting improvements much more than the area under discussion and inquired of Mr. Devine of the Public Utilities Commission why such neighborhoods were not first taken care of instead of spending so much money on a portion of the downtown area. Mr. Devine replied to the effect that many of the neighborhoods still had overhead electric wiring while the area under discussion already was an underground district, and therefore the expense of such an undertaking was considerably less than would be the case if a neighborhood were selected.

Supervisor Lewis was apparently far from satisfied with the explanation offered, and suggested that the members of the Board review the situation. He thereupon moved, seconded by Supervisor Mancuso, that consideration of the foregoing be continued for one week.

No objection and motion *carried*.

Consideration Continued.

The following from Finance Committee with recommendation "Do Pass" after amendment as follows, was taken up:

File No. 4863, Ordinance No. . . . (Series of 1939).

Discussion.

Supervisor Mancuso questioned the necessity of several of the requested employments, especially the Confidential Secretary to the General Manager, while Supervisor Christopher doubted the necessity of hiring a full-time janitor to take care of only four rooms to be occupied by the Parking Authority.

Thereupon Supervisor Gallagher moved, seconded by Supervisor Mancuso, that the matter be re-referred to the Finance Committee for further study.

No objection and motion *carried*.

Approving Application of the Housing Authority of the City and County of San Francisco to the Public Housing Administration for a Preliminary Loan Not to Exceed \$450,000, to Cover Cost of Surveys and Planning in Connection With Development of Not to Exceed Approximately 3,000 Low-Rent Dwelling Units.

File No. 4781, Resolution No. . . . (Series of 1939).

October 31, 1949—Consideration continued to November 7, 1949.

Reading of Communication from Federal Public Housing Administration.

The privilege of the floor was extended to Deputy City Attorney Walker Peddicord, who read a copy of a letter dated November 3, 1949, from the Public Housing Administration, Washington, D. C., addressed to the Housing Authority of the City and County of San Francisco, wherein they acknowledged receipt of the proposed resolution now being considered by the Board, and recommending amendments of their own as well as changes in the proposed amendments pending before the Board. Mr. Peddicord read the proposed changes to the Board and spoke on them.

Mr. Edward Howden, Executive Secretary for the Council for Civic Unity, was next granted the permission of the floor and informed the Board that the contents of the letter from the Public Housing Administration were discussed with the Housing Authority, and while the Council was not satisfied with some of the proposals made, they would go along with the changes rather than hold up the legislation.

Mr. William A. O'Brien, Counsel for the Housing Authority of the City and County of San Francisco, next spoke, advising that in view of the fact that he received the letter from the Washington office of the Public Housing Administration at noon today, he could not, in the short time between noon and the Board meeting, give adequate study and consideration to its contents and suggested that a two weeks' postponement be allowed.

Motion to Defer Consideration—Lost.

Thereupon Supervisor John J. Sullivan moved, seconded by Supervisor Halley, that consideration of the subject-matter be postponed for a period of two weeks.

Mr. Edward Howden, representing the Council for Civic Unity, requested permission, which was granted, to have Mr. Poole, the council's legal counsel, speak briefly on the subject-matter.

Mr. Poole stated that in his opinion there was nothing in the changes proposed by the Washington office of the Public Housing Administration that required further deliberation. The Board should adopt the amendments as suggested and if further changes are required by the Public Housing Administration, they can be included later on, and that a postponement of two weeks as proposed is a waste of time.

Query of the President.

With respect to a proposal by the Public Housing Administration relating to Paragraph 1(a) of the Cooperation Agreement in which the suggested amendment after the words "Program Reservations," and reading as follows: ". . . covering not to exceed units . . .", the President of the Board inquired of Deputy City Attorney Walker Peddicord if such language required a finding of fact by the Housing Authority as to the number of units and to be made prior to approval of the Cooperation Agreement by the Board, Mr. Peddicord replied that agreement must be reached between the City and County and the Housing Authority and necessary data filled in before approval of the Cooperation Agreement by the Board.

Statement by Supervisor Fazackerley.

Supervisor Fazackerley asserted that he would vote for postponement, contending that sufficiently new material had been injected into the subject, and that there was no question in his mind that some form of non-discrimination and non-segregation safeguards should be incorporated into the measure.

Thereupon the roll was called and the motion to defer consideration lost by the following vote:

Ayes: Supervisors Fazackerley, Halley, Mead, John J. Sullivan—4.

Noes: Supervisors Christopher, Gallagher, Lewis, MacPhee, Mancuso, McMurray, J. Joseph Sullivan—7.

Consideration and Adoption of Amendments.

At this point the President of the Board announced the following amendments, to-wit: those suggested by the Public Housing Administration and those which had been moved at a previous meeting of the Board and were still pending. They are as follows:

In the second "WHEREAS" of the resolution, after the words "deceased veterans and servicemen," add the following: "which need is not being met by private enterprise."

The above motion was offered by Supervisor Mancuso, seconded by Supervisor Gallagher.

No objection and motion *carried*.

Insert after the last "WHEREAS" and just prior to the "NOW THEREFORE, BE IT RESOLVED," a new paragraph reading as follows:

"WHEREAS, it is the policy of the City and County of San Francisco that there shall be no discrimination or segregation in any form by reason of race, color, religion, national origin or ancestry in expenditure of public funds, in exercise of public powers, or in development or administration of any program entailing such funds or powers, whether through tax exemption or other forms of public contribution or cooperation."

The foregoing motion was one originally sponsored by Supervisor Christopher, and it was again repeated by the President. For the record, Supervisor Christopher again moved it, seconded by Supervisor Mancuso.

At this point, Mr. William A. O'Brien, Counsel for the Housing Authority, warned the Board to be certain of what they were trying to accomplish by the adoption of the amendments. The Board in effect was acting on matters of policy instead of those relating to legal form. That the Housing Authority was not discriminating; if it were, they would be enjoined in the courts, and that the Public Housing Administration was interested only in matters of legal form and that the matter of policy-making rests exclusively with the Housing Authority.

Mr. O'Brien read Section 22 of the Charter wherein it is set forth that the Board of Supervisors shall not interfere in the administrative affairs of other departments.

Supervisor Fazackerley called upon Mr. Peddicord, Deputy City Attorney, in connection with Section 22 and asked if the Board was acting contrary to its provisions, to which Mr. Peddicord replied that the adoption of the resolution by the Board did not conflict with the provisions of the section.

Questions by Supervisor Mead.

Supervisor Mead: Has there ever been any discrimination on the part of the Housing Authority?

Mr. O'Brein: There has been no discrimination, because if there were, we could be enjoined in the courts.

Supervisor Mead asked the same question of Mr. Howden, representing the Council for Civic Unity, and he replied that the absence or presence of litigation in the courts does not indicate whether there is or is not discrimination. It was the considered view of his organization that where there is a policy involving segregation, that policy invariably involves discrimination. Mr. Howden summed up his remarks by inquiring if Mr. O'Brien feels the Housing Authority is not discriminating, what objection would there be in inserting such a provision in the agreement.

Thereupon the roll was called on the amendment and it *carried* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Lewis, MacPhee, Mancuso, McMurray, J. Joseph Sullivan—8.

Noes: Supervisors Halley, Mead, John J. Sullivan—3.

The next amendment read by the President was the one originally sponsored by Supervisor MacPhee, and reading as follows:

After the "NOW, THEREFORE, BE IT RESOLVED," at the end of Paragraph No. 1, add the following:

"... the location of such projects or units thereof to be approved by the Board of Supervisors of the City and County of San Francisco."

For the record, Supervisor MacPhee again moved the foregoing amendment, seconded by Supervisor Gallagher.

Amendment to Amendment—Lost.

Supervisor Fazackerley moved as an amendment to the preceding amendment, that consideration of the entire matter be postponed for a period of two weeks. Motion seconded by Supervisor John J. Sullivan.

Motion *lost* by the following vote:

Ayes: Supervisors Fazackerley, Halley, Mead, John J. Sullivan—4.

Noes: Supervisors Christopher, Gallagher, MacPhee, Mancuso, McMurray, J. Joseph Sullivan—6.

Absent: Supervisor Lewis—1.

Thereupon the roll was called on Supervisor MacPhee's amendment and it *carried* by the following vote:

Ayes: Supervisors Christopher, Gallagher, Lewis, MacPhee, Mancuso, McMurray—6.

Noes: Supervisors Fazackerley, Halley, Mead, J. Joseph Sullivan, John J. Sullivan—5.

The next amendment by Supervisor Christopher was read by the President, appearing as a new Paragraph 5 but omitting therefrom, upon the request of the Public Housing Administration, the following language: "... that it is a condition of approval of said agreement by Board of Supervisors of the City and County of San Francisco ..."

With the deletion of the foregoing phrase, the new amendment now reads:

"5. That the Board of Supervisors of the City and County of San Francisco declares that the best interests of the community will be

served by an administration of all low-rent housing projects or developments which results in integrated or non-segregated occupancy by families, otherwise eligible, of all groups comprising the City's population, and that in the development and/or administration of each and all housing projects or developments under the jurisdiction of the Housing Authority of the City and County of San Francisco said Housing Authority shall avoid or refrain from any policy or practice which results, directly or indirectly, in discrimination or any form of segregation by reason of race, color, religion, national origin or ancestry, provided that nothing herein would require the Authority to relocate any tenant presently occupying a dwelling unit."

Supervisor Christopher moved the foregoing amendment in its changed form. Motion seconded by Supervisor Mancuso.

Thereupon the roll was called and the motion *carried* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Lewis, MacPhee, Mancuso, McMurray, J. Joseph Sullivan—8.

Noes: Supervisors Halley, Mead, John J. Sullivan—3.

With the passage of Paragraph 5, former Paragraphs 5 and 6 become Paragraphs 6 and 7.

The next amendment originally introduced by Supervisor Christopher, was read by the President, appeared as Paragraph 9 of the Cooperation Agreement, and the present Paragraph 9 becomes Paragraph 10.

This proposed amendment, the Public Housing Administration suggested, be changed by deleting after the words "... of each project . . ." the following words: ". . . or development."

The revised amendment now reads:

"9. In respect to the development and/or administration of each project the Local Authority shall avoid or refrain from any policy or practice which results, directly or indirectly, in discrimination or any form of segregation by reason of race, color, religion, national origin or ancestry."

Supervisor Christopher moved the foregoing revised amendment; seconded by Supervisor Mancuso.

Motion *carried* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—11.

Consideration of Entire Matter Continued.

Supervisor Fazackerley moved, seconded by Supervisor Halley, that consideration of the entire matter be continued for two weeks.

No objection and motion *carried*.

OFF-CALENDAR MATTERS.

Consideration of Mayor's Veto.

The Clerk read a communication from the Mayor disapproving and vetoing File No. 4859 entitled:

"Memorializing the State Department of Public Works to Immediately Undertake a Program to Construct Additional Approaches to the San Francisco-Oakland Bay Bridge."

Discussion.

Supervisor Lewis expressed surprise at the Mayor's action, contending that it was his belief the Mayor was in accord with the action suggested in the measure.

At this point Chief Administrative Officer Mr. Thomas A. Brooks was called upon to clarify the situation and he advised the Board as follows:

Mr. Brooks: What the Mayor is afraid of is that if the state should spend as proposed by the Bay Area Council, approximately 22 million dollars on this side of the bay, and a like amount on the other side, in order to do similar work on the approaches, the expenditure of approximately fifty million dollars would mean that the building of the parallel bridge would be delayed two or three years and the building of the southern crossing would be delayed some four to six years. That would put the city in the position of sponsoring a delay of the southern crossing some four to six years. If San Francisco at this time agrees to the proposal of the State Department of Public Works as presented to the California Toll Bridge Authority last Tuesday, it might mean that the parallel bridge would be realized because of the delay which is necessary in order to wait for the financing of the southern crossing.

Motion to Defer Consideration.

At this point Supervisor Lewis moved, seconded by Supervisor Fazackerley, that consideration of the Mayor's veto be continued for a period of two weeks.

No objection and motion *carried*.

Poll of Members—Re Attendance Dinner Meeting of League of California Cities.

The Clerk took the following poll of Board members re attending dinner meeting of League of California Cities, Thursday, November 17, 6:30 p. m., Rickey's Studio Club, 4219 El Camino Real.

Supervisors Christopher, No; Fazackerley, No; Halley, No; Lewis, Yes; McMurray, Will Try; Mead, No; J. Joseph Sullivan, No; John J. Sullivan, No. Other members were not present.

Rescission of Board Action.

Supervisor Gallagher stated that he desired to be recorded in favor of voting favorably on File No. 4822 the caption of which is as follows:

"Appropriating \$1,770,430, Recreation Department, from Unappropriated Balance in 1947 Recreation Bond Fund, for Expenditures and Certification of Contracts in Connection With the Acquisition and/or Development of Recreation Areas and Playgrounds."

and accordingly moved that the Board rescind its previous action on the foregoing. Motion seconded by Supervisor MacPhee.

No objection and motion *carried*.

The roll was thereupon called and the foregoing measure was *finally passed* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, MacPhee, Mancuso, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—11.

Supervisors Excused.

File No. 4738, Ordinance No. . . . (Series of 1939).

Privilege of the Floor.

The privilege of the floor was extended to Captain Bernard M. Doolin, Manager of the San Francisco Airport, who explained that the proposed administration building has been only partially completed with the funds of the last bond issue and due to rising costs, the funds were depleted and the building project stopped. Further, existing conditions call for an examination of the plans drawn at that time, in order to take into account the expansion of the airlines industry.

Supervisor Mancuso spoke in opposition to the expenditure of any money for the temporary facilities, contending that any preparation made at this time for the construction of temporary facilities tends only to further delay the construction of the permanent edifice, and expressed surprise that the administration building was not completed with the funds originally voted upon.

It was explained that the purpose of the appropriation was first of all to construct suitable appurtenances that would provide accommodations for the thousands of customers patronizing the various air

lines using the field. Further, that additional ticket office facilities were being constructed, the present ones being very small and cramped, and that such accommodations must be provided in order to hold the business that the city has and to assure the lines that San Francisco does intend to offer the best service possible.

Supervisor MacPhee stated that he was in favor of the appropriation, contending that it would assist the people with whom the city was doing business.

Amendment—Carried.

Thereupon Supervisor Gallagher moved, seconded by Supervisor Fazackerley, that the appropriation of \$115,000 be reduced to \$100,000.

No objection and motion *carried*.

The roll was then called and the measure, as amended, was *Passed for Second Reading* by the following vote:

Substitute Motion—Lost.

Supervisor Mancuso expressed the opinion that the Parking Authority certainly did not need a car at this stage of the proceedings, contending that if a car were necessary, numerous city departments would be in a position to supply the Authority with cars at different times, and accordingly moved that the total amount of \$5,500 set up in the Equipment account for the purpose of purchasing an automobile, be deleted.

Motion lost for want of a second.

The President ruled the *point of order not well taken*.

Question to Deputy City Attorney.

Supervisor Fazackerley asked Deputy City Attorney Walker Peddicord if the purport of the motion is in violation of the provisions of Section 22 of the Charter, to which Mr. Peddicord replied that his office had rendered an opinion dealing with the same fundamental question some time ago, in which he believed it was ruled that the Board could not enact such an ordinance as proposed.

The President *referred the subject motion to the Judiciary Committee.*

Supervisor McMurray moved, seconded by Supervisor Mancuso, that the President of the Board serve as Chairman of the Committee of the Whole.

No objection and motion *carried*.

Privilege of the Floor.

The privilege of the floor was extended to Mr. E. N. Ayer, Chairman of the Housing Authority of the City and County of San Francisco, who stated that his Authority had no way of knowing exactly how many units were to be constructed under the proposed program, and further, that if the subject application is not approved before December 15, 1949, San Francisco's application may be cancelled due to the expiration of the 90-day time limit.

Introduction of New Legislation.

At this point Mr. William O'Brien, Counsel for the Housing Authority of the City and County of San Francisco, introduced a measure reading as follows:

Resolution Approving Application of Housing Authority of the City and County of San Francisco to the Public Housing

Administration for a Preliminary Loan in an Amount Not to Exceed \$450,000.00 to Cover the Costs of Surveys and Planning in Connection With the Development of Not to Exceed 3,000 Dwelling Units of Low-Rent Public Housing in the City and County of San Francisco.

Whereas, the Housing Authority of City and County of San Francisco is applying to the Public Housing Administration in accordance with the provisions of the United States Housing Act of 1937, as amended, for a Preliminary Loan in the amount of \$450,000.00 to cover the costs of surveys and planning in connection with the development of not to exceed approximately 3,000 dwelling units of low-rent public housing; and

Whereas, there exists in the City and County of San Francisco a need for such low-rent public housing at rents within the means of low-income families, especially families of living or deceased veterans and servicemen, which need is not being met by private enterprise; and

Whereas, such a condition constitutes a menace to the health, safety, morals and welfare of the inhabitants of the City and County of San Francisco;

Now, Therefore, Be It Resolved by the Board of Supervisors of the City and County of San Francisco, That the Board of Supervisors of the City and County of San Francisco does hereby approve the Application of the Housing Authority of the City and County of San Francisco to the Public Housing Administration for a Preliminary Loan in an amount not to exceed \$450,000.00, to cover the costs of surveys and planning in connection with the development of not to exceed approximately 3,000 dwelling units of low-rent public housing in the City and County of San Francisco; and does hereby declare its intent to enter hereafter into an agreement with said Housing Authority for the local cooperation by the City and County of San Francisco in the provision of said low-rent public housing which may be required by the Public Housing Administration pursuant to the United States Housing Act of 1937, as amended.

Privilege of the Floor.

Mr. Edward Howden, representing the Council for Civic Unity, was accorded the privilege of the floor, and when asked regarding the proposed new legislation, he stated that his organization would like to have legislation adopted carrying with it the amendments voted upon by the Board at its meeting two weeks ago.

Statement by Supervisor Mead.

Supervisor Mead expressed the opinion that the Board should pass the measure as proposed by Mr. O'Brien and at a later date take up the question involving non-discrimination and non-segregation.

Privilege of the Floor.

The privilege of the floor was extended to Mr. Carroll Newburgh, representing the Central Council of Civic Clubs, who spoke on the MacPhee amendment wherein it vests power in the Board of Supervisors to determine sites for housing units. Mr. Newburgh requested that consideration of the entire matter be postponed for two weeks for the purpose of having representatives of civic clubs appear before the Board to speak on the matter. Mr. Newburgh expressed the opinion that the civic clubs feel that the Board is delegating some of its powers to the Housing Authority.

Motion to Rise and Report.

Supervisor John J. Sullivan moved that the Board rise and report. Motion seconded by Supervisor Mead.

No objection and motion *carried*.

Communications.

The Clerk read the following communications:

From the Jefferson-Lafayette Improvement and Central Council of Civic Clubs, endorsing the MacPhee amendment to the Public Housing resolution which purports to vest the authority of approving and disapproving housing site selections in the Board of Supervisors.

From the Building and Construction Trades Council, approving and endorsing the neighborhood pattern formula developed and used by the San Francisco Housing Authority.

From Parkside District Improvement, Sunset Community Improvement and Bay View Civic Clubs, favoring Supervisor MacPhee's amendment to proposed housing resolution, which purports to provide for a public hearing before the Board relative to the location of the 3,000 units proposed by the Housing Authority.

Statements by Supervisors.

Supervisor Fazackerley expressed the opinion that the Board has not had sufficient information to capably enact legislation involving non-discrimination and non-segregation principles. The Board should know how other communities are meeting the neighborhood pattern as presently being used by San Francisco's Housing Authority, and how non-segregation housing is working out in other communities.

Substitute Legislation Moved—Adoption Refused.

Supervisor John J. Sullivan moved, seconded by Supervisor Mead, that the legislation introduced by Counsel William O'Brien be substituted for the measure as amended and now pending before the Board.

Explanations of Votes.

Supervisor Mead again expressed the hope that the Board would see fit to vote for the substitute, and stressed the fact that the non-discrimination and non-segregation principles could be considered at a later date.

Supervisor Mancuso stated he was against the idea of considering the matter in two parts and that he would vote for the one appearing on the calendar in its amended form.

The roll was thereupon called and the substitute measure was *refused adoption* by the following vote:

Ayes: Supervisors Fazackerley, Halley, Mead, J. Joseph Sullivan—4.

Noes: Supervisors Gallagher, MacPhee, Mancuso, McMurray, John J. Sullivan—5.

Absent: Supervisors Christopher, Lewis—2.

Motion Re Amending Section of "Cooperation Agreement."

Supervisor MacPhee moved, seconded by Supervisor Mancuso, that the "Cooperation Agreement," as contained in File No. 4781, be amended by adding after the words ". . . within any further Program Reservations . . ." in subsection (a) thereof, the words, "covering not to exceed 3,000 units."

Thereupon the roll was called and the foregoing amendment was *adopted* by the following vote:

Ayes: Supervisors Fazackerley, Gallagher, MacPhee, Mancuso, J. Joseph Sullivan—5.

Noes: Supervisors Halley, McMurray, Mead, John J. Sullivan—4.

Absent: Supervisors Christopher, Lewis—2.

Statements by Supervisors.

Supervisor Halley stated that he believed the amendment certainly not in order, and that he would vote against the entire program.

Supervisor Mead stated he was voting against the proposed measure, something that he disliked doing very much, but that he had a policy to which he rigidly adhered, and that was when in doubt, vote "no," and he was in doubt about the efficacy of the program.

Thereupon the roll was called and the pending measure, as amended, was *adopted* by the following vote:

Ayes: Supervisors Fazackerley, Gallagher, MacPhee, Mancuso, McMurray, J. Joseph Sullivan—6.

Noes: Supervisors Halley, Mead, John J. Sullivan—3.

Absent: Supervisors Christopher, Lewis—2.

Supervisor Mancuso asked the Deputy City Attorney if the intent of the resolution violates the provisions of the Charter with respect to civil service procedure.

Mr. Peddicord advised the Supervisor that Section 10, subdivision (c) of the Parking Authority Law governs with respect to personnel, and that the employment of such personnel is subject to the approval of the legislative body.

Supervisor Mancuso moved, seconded by Supervisor McMurray, that the President of the Board serve as Chairman of the Committee of the Whole.

No objection and motion *carried*.

Privilege of the Floor.

The privilege of the floor was extended to the following:

Mr. Philip Landis, President of the Public Utilities Commission, who pleaded with the Board to waive the residence qualifications for the position of Superintendent of Traffic. He stated that the creation of such a position would assist tremendously with the problem of not only developing schedules but maintaining them effectively, and that in order to be certain of securing a trained and capable man to handle so important a job, the Public Utilities Commission is most anxious to have the examination held on a nationwide basis.

Mr. Henry S. Foley, representing the Carmen's Union, C.I.O., with the permission of the Chair, inquired of Mr. Turner, Manager of Utilities, if the proposed new position would be subject to Civil Service Commission regulations, to which query Mr. Turner stated that such would be the case.

Mrs. Kathleen Dolen of the Civil Service Commission stated that a competitive examination would be held and would be handled in the manner generally followed for such examinations.

Mr. Foley expressed the opinion that there are qualified persons locally who are able to handle the job; further, he claimed, there are many unfilled positions now existing in the Municipal Railway, and the fact that such positions are unfilled, is denying to deserving employees the opportunity of promotion, and that consideration of the proposed new position should be withheld until the unfilled positions are first occupied. Further, his union was opposed to the Civil Service Commission going outside of the city and county to find trained personnel.

Mr. Charles Wood, representing the Carmen's Union, A. F. of L., asked Mr. Turner, Manager of Utilities, as to what employes would come under the supervision of the new position, to which Mr. Turner replied that the holder of such new position would supervise traffic checkers, clerks, statisticians as well as being the head of the scheduling department. The position, however, would be directly responsible to the Manager of the Municipal Railway.

Mr. Wood asserted that his organization was against the waiving of residential requirements until all local efforts have been exhausted.

In reply to a previously made allegation by Mr. Foley that there were many jobs in the Municipal Railway the occupants of which were working out of their classifications, Mr. Turner informed the board that such number has been reduced from 122 from the war years, to about 33, and that he would be glad to render a detailed report to the Board on the situation.

Statement by Supervisor Christopher.

Supervisor Christopher expressed the opinion that the Public Utilities Commission had more positions of a managerial hue than any other privately-owned or publicly-owned railroad in the country, and that there has been no tendency to delete unnecessary jobs but to retain those already existing and to add to them.

In reply to the above, Mr. Landis stated that in his opinion the reason why the Seattle railroad is an effective railroad is that the manager can appoint any number of assistants and do it quickly; that this was the first time the Public Utilities Commission has come before the Board to apply for the type of man it was seeking. Any type of statistical data may be procured in Seattle but the same does not hold in San Francisco because there is no trained personnel to do the job. Mr. Landis asserted that he differed with Mr. Turner in one respect, in that the present scheduling is not good and that San Francisco should run its railroad properly.

Mr. Sam McKee, a member of the Public Utilities Commission, stated that there was no one on the railway with the ability of filling the position of Superintendent of Traffic and that was the reason why the Commission was desirous of waiving the residential requirements.

Motion to Rise and Report.

Supervisor John J. Sullivan moved, seconded by Supervisor Mead, that the Board rise and report.

No objection and motion *carried*.

Explanations of Votes.

Supervisor Lewis: I want to commend the Public Utilities Commission for having the courage to come here and admit that scheduling is one of the most important parts of the railroad and that the scheduling has been bad. I am definitely for the position, I want to get the best man possible and I don't care where he comes from.

Supervisor McMurray ventured the opinion that there must be someone in San Francisco with the required qualifications, and that he had always been against the principle of waiving residence requirements.

The roll was thereupon called and the subject measure was adopted by the following vote:

Resumption of Consideration of File No. 4912, Relative to Correction of Clerical Errors in 1949-50 Assessment Roll.

The hearing was continued relative to possible appearance of protestants in connection with correction of clerical errors in the 1949-50 Assessment Roll, which if approved, would tend to increase amount of taxes.

Mr. Walter Allen, Chief Deputy Assessor, who had earlier in the meeting taken leave of the Board for the purpose of explaining to Mr. DiTomaso, the only protestant appearing before the Board, why his protest should not be allowed, reappeared and explained that he had convinced Mr. DiTomaso that he was not legally entitled to redress because he had joined the forces too late to take advantage of the provisions of the Revenue and Taxation Code.

Thereupon the roll was called on the following measure:

The following recommendation of Police Committee, heretofore considered, was taken up:

Present: Supervisors McMurray and Fazackerley.

Repealing Ordinance No. 3108, Series of 1939, Establishing a Police Reserve in the City and County of San Francisco.

File No. 4835, Ordinance No. . . . (Series of 1939).

November 28, 1949—Consideration continued to December 5, 1949.

Privilege of the Floor.

The privilege of the floor was extended to Lieutenant Joseph Murray of the Police Department, who informed the members of the Board that the Police Commission had considered it advisable to abolish the Police Reserve because it had outlived its usefulness and that another organization was now functioning along similar lines.

Explanations of Votes.

Supervisor Mancuso stated he was against the idea of repealing legislation establishing the Reserve. Just because a Grand Jury decided it should be abolished was certainly no valid reason for so doing. The Grand Jury, after all, is nothing but a bunch of politically ambitious people, appointed by the courts, and are they in a better position to determine if such a reserve should be abolished than the members of the Board of Supervisors? The law should remain on the books, and if it is abolished, the next Grand Jury should take steps to reactivate it. It will save the taxpayers a lot of money and they are entitled to that privilege. San Francisco should always have a reserve.

Supervisor MacPhee praised the reserve as being a substantial group of citizens, having performed a grand job and mentioned the fact that he was on the reserve, performing the necessary drills several days a week and other required duties. However, the Police Department has decided to abandon the reserve because it now has another organization doing the same work. The Supervisor could not see how the Board could refuse to repeal the measure in view of the fact that the Police Department has no further use of it.

Thereupon the roll was called and the foregoing measure was *Passed for Second Reading* by the following vote:

Ayes: Supervisors Christopher, Fazackerley, Gallagher, Lewis, MacPhee, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—9.

No: Supervisor Mancuso—1.

Request for City Attorney Opinion.

Supervisor Mancuso requested that the Clerk obtain an opinion from the City Attorney with respect to the interpretation of the Community Redevelopment Act insofar as it applies to the power of the local agency to intermittently increase compensations for its employees and whether or not increases proposed to be granted by the local agency should not be subject to the salary standardization provisions of the Charter.

Thereupon, Supervisor Mancuso moved, seconded by Supervisor MacPhee, that consideration of the foregoing measure be continued for a period of one week.

Privilege of the Floor.

The privilege of the floor was accorded to Mr. Lash, Director of the Redevelopment Agency, who cited Section 29 of the Community Redevelopment Act, dealing with the power of the local agency in matter of fixing compensation schedules.

Supervisor Mancuso, after listening to Mr. Lash, stated that while it is true that the Redevelopment Agency is acting under the powers prescribed in the Community Redevelopment Act, has it the right to increase compensation schedules, at any time, and must the Board approve it, or must the local agency recommend schedules to be set up in the Salary Standardization Ordinance subject to approval by the Board?

Statement by Deputy City Attorney.

Mr. Walker Peddicord, Deputy City Attorney, was called upon to make a statement on the pending question and he advised the Board that the local redevelopment agency was an independent body and not a part of the city government. It had the power to fix salaries and come before the Board for approval of the appropriation, and that no question existed as to the legal power of the Board to pass the pending measure.

Thereupon the roll was called on the motion to continue consideration of the subject-matter for one week, it being understood that Supervisor Mancuso's request for a written opinion had been withdrawn in view of Mr. Peddicord's statement, and the motion *carried* by the following vote:

December 12, 1949—Consideration continued to December 19, 1949.

Motion "Do Pass."

Supervisor Gallagher moved that the foregoing measure "do pass." Motion seconded by Supervisor John J. Sullivan.

Discussion.

Deputy City Attorney Walker Peddicord was again called upon to explain the legality of the appropriation and he asserted that the local redevelopment agency, operating pursuant to the provisions of the California Community Redevelopment Act, was a public corporation and that Charter provisions regarding salary standardization did not apply to such a body insofar as it related to increase in compensation.

Supervisor Mancuso stated that the question created by the request for a salary increase during the fiscal year had been referred to the legal advisory committee of the County Supervisors Association for study and recommendation. The Supervisor stated he had no objection to the increase in compensation but he did feel that such an increase should be recommended through the regular channels, i.e., pursuant to the provisions of the salary standardization section of the Charter; accordingly, he would vote against the appropriation.

Supervisor Fazackerley commented to the effect that the position involved is also considered to be that of a stenographer, and that it should be the policy of the Board to consider an increase for this position at the regular time provided by the salary standardization provisions of the Charter.

Supervisor MacPhee believed that it was not the Board's idea to give raises to employees except at the proper time which, naturally, would be during study of the salary standardization ordinance; accordingly, he would vote against the appropriation.

Supervisor Mancuso added to his previous remarks by stating that to grant this increase would tend to hit the "jackpot"; other similar requests would automatically follow and the salary standardization setup would be endangered.

Passed for Second Reading.

Thereupon the roll was called and the subject measure was *Passed for Second Reading* by the following vote:

Ayes: Supervisors Gallagher, Halley, Lewis, McMurray, Mead, John J. Sullivan—6.

Noes: Supervisors Christopher, Fazackerley, MacPhee, Mancuso, J. Joseph Sullivan—5.

Presentation of "Oscar."

The privilege of the floor was permitted to Raymond Leavitt, Chronicle representative assigned to the City Hall, who apprized the members of the Board that continuing the practice inaugurated last year to present an "Oscar" to the city official who has performed the most outstanding service during the year, it was his pleasure to present the "Oscar" fashioned by the artistic hand of Beniamino Bufano, to Russell Wolden, City Assessor. The award was greeted by mass spontaneous applause.

Mr. Wolden singled out the working press as being the pulse of government and praised their work most highly, and stressed the fact their work was instrumental in keeping the wheels of government functioning smoothly. Mr. Wolden also paid special praise to the employees of his office for their outstanding work in maintaining the high level of efficiency enjoyed by it. He mentioned the fact that his wife Virginia was seriously ill but that knowledge of the award would do her a great deal of good.

The President of the Board desired to be informed of action, if any, that has been taken by the Housing Authority since adoption of a resolution by the Board some time ago with respect to procuring a loan from the Federal Government for the purpose of constructing some 3,000 low-cost dwelling units.

Mr. O'Brien stated that since certain changes had been incorporated in the measure which was originally introduced by the Housing Authority, it was the Authority's desire to contact certain civic and other organizations for the purpose of learning their positions in the matter, and as at the moment, the matter was under advisement.

Request of Supervisor Christopher.

Supervisor Christopher requested that the Board ascertain from the Housing Authority as to the status of the resolution recently adopted, and what its policy would be regarding same.

Supervisor Gallagher suggested that nothing be done in the matter until the return of Mr. Beard, Executive Director of the Housing Authority, to the city, which is not expected until after the Christmas holidays.

No objection and so *ordered*.

Introduction of Hon. Franck R. Havenner, Member of Congress.

In response to an invitation extended by President Pro Tem. George Christopher at the meeting of the Board on December 12, 1949, the Hon. Franck R. Havenner was introduced to the Board members. The Congressman was invited specifically for the purpose of acquainting the Board with the present and possible future status of the San Francisco Naval Shipyard at Hunter's Point.

The Congressman spoke of the period from the time he first became a Congressman to the present time. During such lapse of time the San Francisco Naval Shipyard developed from a scrawny whaling and repair docks to its present high ranking as one of the major naval shipyards of the nation. The Congressman dwelt upon the importance of maintaining an able lobby in Washington specifically for the purpose of protecting the present status at Hunter's Point. He spoke of the efforts of a certain gentleman in Vallejo more than 25 years ago who visualized the importance of keeping in close touch with the Navy Department in Washington for the purpose of preserving the active status of the Mare Island shipyards and how that close contact had paid off. However, as conditions exist at the present time, Congress is being constantly warned that expenditure of monies must be curtailed lest it imperil the national economy but that every effort will be pursued to impress upon the Navy at Washington of the importance of retaining the naval shipyard at Hunter's Point.

Supervisor Gallagher moved, seconded by Supervisor MacPhee, that the Board resolve itself into a Committee of the Whole.

Supervisor Gallagher moved that the President of the Board serve as Chairman of the Committee of the Whole. Motion seconded by Supervisor MacPhee.

No objection and motion *carried*.

At this point the President of the Board was temporarily excused, Supervisor Lewis assuming the chair.

Privilege of the Floor.

The privilege of the floor was extended to Mr. Philip Landis, President of the Public Utilities Commission, who informed the Board that the request for an expert is being based on the second phase of the railway's rehabilitation program. During the past 18 months, the Commission has been centering its engineering efforts on the question of equipment, and that considerable progress has been achieved, if one is to make comparison with results achieved by other cities. The question now is to obtain an efficient schedule man. Our trackless trolleys are operating in the black. Reports for the months of October and November show a decided improvement due to completion of paving on Mission Street. The people want improved service and that is the reason for the position. Matters affecting personnel, transfer control, safety, claims and the spending of the rehabilitation fund must be analyzed. The procurement of this man is not intended to be a substitute for management. He must have special talent and the Commission feels it can do a good job with the employment of such a man.

Discussion.

To a query by Supervisor Gallagher with respect to the insertion of a severance clause in the proposed employment contract, Mr. Landis stated that the Commission would be amenable to inserting **such a clause in the contract**, should the employee be found incapable of **adequately performing** the required duties.

Supervisor Mancuso inquired if it were a fact that there were no employees on the Municipal Railway capable of performing the required duties, to which query Mr. Landis replied that the Public Utilities Commission was seeking a type of man who has had previous experience on various transit lines and not an employee whose experience has been solely with one transit line.

Supervisor Mancuso inquired if the proper thing to do wouldn't be to first consider the contract proposed to be entered into and then consider the appropriation for the employment, to which Mr. Landis replied that it was necessary to first appropriate the money and then enter into a contract.

Point of Order—Not Well Taken.

Supervisor Mead rose to a point of order, contending that both sides should be first heard instead of permitting the Public Utilities Commission to express its views and entertaining the posing of questions in connection therewith.

The Chair ruled the point of order not well taken.

Mr. James H. Turner, Manager of Utilities, stressed the fact that he had repeatedly asked for the employment of an expert consultant and strongly recommended the subject employment.

Privilege of the Floor.

The privilege of the floor was next accorded to Henry Foley, representing the Carmen's Union, C.I.O. Mr. Foley stated his organization was opposed to the employment for the same reason that it was opposed to the employment of a traffic consultant five years ago when the Board adopted a resolution approving the employment of a traffic expert for a period of three years at a salary of \$20,000 per year. All that has ensued during the time has been a lot of reports. First

there is the Bingham report, then the DeLeuw report, and then the Jenkins report. That the "czar" form of management of the Municipal Railway was inimical to its best interests and that the main cause of trouble lies in the matter of scheduling. If the new employment is to do all that he is supposed to do, the entire structure should be overhauled. We should get rid of the Department of Personnel and the Department of Public Relations. Further, the city does not have to go outside of its boundaries to find the type of man it desires, and that doing so would make the Board the scapegoat for the Public Utilities Commission. There is no doubt that if the positions now vacant were filled, it would help the railway very much and would improve employee morale.

Supervisor J. Joseph Sullivan asked if contract for the employment of an expert should not first be approved before the money for such purpose is appropriated, to which Mr. Harry D. Ross, Controller, replied that consideration of the appropriation should first be taken up and thus avoid possible violation of Section 22, and that the Board could consider the appropriation as a part of the contract.

Supervisor J. Joseph Sullivan: Then you are saying that to do otherwise would be in violation of Section 22 of the Charter?

Mr. Ross: There would be some question about it.

Motion to Rise and Report.

Supervisor Gallagher moved that the Board rise and report. Motion seconded by Supervisor Halley.

No objection and motion *carried*.

Amendment.

Supervisor MacPhee moved as an amendment by adding Section 2 thereto to read as follows: "Section 2. The contract for the employment of such individual, or individuals, shall be subject to approval of the Board of Supervisors." Motion seconded by Supervisor J. Joseph Sullivan.

Supervisor Mancuso: Mr. Ross, shouldn't the proper procedure be to have the contract before us at this time and then give consideration to the appropriation ordinance?

Mr. Ross: As a matter of history, the Board has acted on contracts. I have had general terms and conditions set forth in the ordinance and have also included language stating that such ordinance shall be subject to approval of the contract.

Supervisor Gallagher asked Mr. Walker Peddicord if the insertion of such language could be legally done, to which Mr. Peddicord replied that Section 22 prohibits even a suggestion; however, some arrangement could be worked out informally.

Mr. Ross: The determination of the legality of the appropriation or the legality of the contract will be determined by the Controller. I find nothing that will nullify the appropriation. Whether or not the Board is willing to take the responsibility or whether or not there is a question of a violation of Section 22 is for the Board in its judgment to decide.

Supervisor Mancuso: The Board is making a serious mistake if it does not insist on considering the contract. We should postpone this thing and request the Public Utilities Commission to submit to this Board the contract by which they intend to employ a consultant and give us the opportunity to go into it. Mr. Newton stated that he made many recommendations to the Public Utilities Commission which were not accepted. He stated that the Public Utilities Commission were not interested in his recommendations. I am not going to vote for the same kind of a deal.

Supervisor Gallagher: If we pass this amendment, has the Board the right to amend the contract?

Walker Peddicord: It has not.

Thereupon the roll was called and Supervisor MacPhee's amendment *carried* by the following vote:

Ayes: Supervisors Christopher, Gallagher, Halley, MacPhee, McMurray, Mead, J. Joseph Sullivan, John J. Sullivan—8.

Noes: Supervisors Fazackerley, Lewis, Mancuso—3.

Supervisor Fazackerley expressed the opinion that events have proved that traffic consultant plans have not worked in San Francisco; that many plans are available but that the Public Utilities Commission have been unable to carry them out.

Supervisor Christopher: I believe that Supervisor Fazackerley has well stated my position. I introduced legislation two years ago suggesting that a super manager be hired at a substantial salary. In my opinion the reconversion program is not on its way but is almost over. I remind the members of the Board that reconversion is just about ended, with only two million dollars remaining of the twenty-million dollar bond issue. If Mr. Ross will check, San Francisco is operating its cars on the basis of 13 or 14 cents per mile. I feel that if we have a management that is not functioning, there should be some change made. I am not in favor, under any circumstances, of hiring what might be termed a super manager.

Mr. Landis, President, Public Utilities Commission: Only about 11 millions have been committed instead of the 18 millions as stated. The conversion program was based on 44 million dollars.

Supervisor Christopher: How much money still remains unappropriated?

Mr. Ross: Two million.

Supervisor Lewis: I am not in a position to offer key men. I have expressed dissatisfaction but I am not sitting in an administrative position so I have to do the next best thing and try to get somebody in there who knows what to do. I am not too much surprised that there is only two million unappropriated. I have stated repeatedly upon the floor of this Board that the bond program was wrong. You were told it was a short-range program. I went around the city talking against the bonds because I knew the money would run out and we would not solve the problem. Today, unfortunately, the money is running out and the people are not happy about it. I have heard our trolley coaches on Market Street are not running very much faster than the streetcars. There are certain things which can be and must be handled by proper management such as scheduling, transfer control, coordination of management. If this were just another report, I would vote differently. As I understand it, this is not a report but a man intimately connected with operational railway, and I do not care where he comes from. If we are to continue in public ownership, we should get the best possible man.

Thereupon the roll was called on the subject measure as amended, and it was *Passed for Second Reading* by the following vote:

Ayes: Supervisors Gallagher, Halley, Lewis, MacPhee, Mead, John J. Sullivan—6.

Noes: Supervisors Christopher, Fazackerley, Mancuso, McMurray, J. Joseph Sullivan—5.

The following, presented by the Clerk, was taken up:

City Planning Commission Sustained.

Hearing of Appeal from the Decision of the City Planning Commission by Its Resolution No. 3567, Dated October 20, 1949, Disapproving Application to Rezone Property Located on the Westerly Line of Spruce Street, 92 Feet South of Clay Street, from First Residential District to Second Residential District.

File No. 4939

(Series of 1939).

December 19, 1949—Consideration continued to December 27, 1949.

Privilege of the Floor.

The privilege of the floor was accorded to Mr. Eugene S. Clifford, attorney-at-law, representing his client, Edward F. O'Day.

Mr. Clifford asserted that the City Planning Commission, in disapproving his client's application, acted in an arbitrary and unrealistic manner, and that property located within 300 feet of Mr. O'Day's property was either classed commercial, non-conforming or second residential.

Mr. Paul Oppermann, Director of Planning, stated that the proposed new zoning law now being formulated would permit two-family dwellings in second residential areas. He further stated that at the hearing before the City Planning Commission, Mr. O'Day refused to stipulate that a guest house would not be built on the premises sought to be rezoned.

Mrs. George Wagner, one of the affected residents, spoke against the rezoning, contending that the granting of such privilege would tend to decrease real estate values in the area.

Several other parties also spoke against the rezoning.

Attorney Clifford stated that he had definitely stipulated at the meeting of the City Planning Commission to the effect that nothing would be built on the proposed site but flats.

In refutation of the above, Mr. Paul Oppermann stated that the appellant, Mr. O'Day, expressed the belief that no stipulation should be made. To this statement, Mr. Clifford replied that if such was the case, it was because of the anxiety felt by Mr. O'Day of the effect of such stipulation on his property should it be sold.

Supervisor Fazackerley asked the President of the Board if the provisions of the Charter permitted resubmission of the entire matter to the City Planning Commission due to the fact that all data was not presented at the meeting of such Commission.

Mr. Paul Oppermann, Director of Planning, informed the Supervisor that the City Attorney had ruled that the City Planning Commission may not review an action already considered and disposed of.

Supervisor MacPhee: Assuming the Board refuses to override the City Planning Commission and assuming the owner of this property would agree to stipulate that the property would be used as a two-family dwelling, what would be the policy of the Commission?

Mr. Oppermann: The City Planning Commission acts on each case on its merits.

Supervisor Mead stated that the City Planning Commission in the past had expressed itself in opposition to spot zoning and now it was approving spot zoning in reverse.

Supervisor Gallagher: Has any property in the area been rezoned to commercial within the past two years?

Mr. Bryant Hall of the City Planning Commission: The entire area has been kept pretty well intact since 1921.

Statement by Mr. Clifford.

Mr. Clifford, representing the appellant, stated that on behalf of his client, Mr. O'Day, in the event that the Board sees fit to grant the appeal, he would, in writing, submit a stipulation to the City Planning Commission, with a copy to the Board, to the effect that the property in question would not be used except for the purpose of flats and that the restrictions would be made binding upon the transferees.

Attorney Peirce Coombes, representing the protestants, stated that he would not be willing to go along with the stipulation.

Statement by the President.

The President of the Board stated that he believed the Board had no power to accept any stipulation; it could either approve or disapprove the appeal.

At this point Supervisor Lewis inquired of Deputy City Attorney Reynald J. Bianchi if a stipulation, filed by the owner of the property to the effect that neither the owner, nor his heirs, successors or assigns would build any type of structure other than two flats, would such stipulation constitute a binding provision.

Mr. Bianchi requested permission of the Board to absent himself for the purpose of looking into the matter and that he would report to the Board later on in the afternoon.

No objection and so *ordered*.

Consideration of the foregoing matter *temporarily postponed*.

File No. 5023, Ordinance No. . . . (Series of 1939).

(In conformity with Master Plan.)

December 19, 1949—Consideration continued to December 27, 1949.

Statement by Supervisor Lewis.

Supervisor Lewis stated that he was opposed to the expenditure of any funds looking to the extension of Kezar Stadium. San Francisco is facing serious competition in the field of athletics. San Francisco wants to invite the Olympic Games but has no suitable place to hold them. Attendance has reached the saturation point at many of the professional football games held at Kezar Stadium, and more people would attend if seats were available. The enlarging of Kezar will not accomplish this. What is needed is the appointment of a citizens' committee for the purpose of locating suitable land for the construction of a huge athletic plant. Sites could probably be located in some section of Golden Gate Park or Balboa Park.

Consideration Deferred.

Supervisor Gallagher requested that consideration of the foregoing be continued for one week. Motion seconded by Supervisor Lewis.

No objection and motion *carried*.

Supervisor Lewis requested that representatives of the Park and City Planning Commissions be available at the next meeting of the Board to answer questions which may be propounded to them.

Supervisor Lewis endeavored to ascertain who initiated the action that led to the matter appearing on the Board's calendar and posed the question to Lt. Murray of the Police Department. Lt. Resumption of Consideration of File No. 3939, Relating to Appeal from Decision of City Planning Commission Disapproving Application to Rezone Property Located on Spruce Street, South of Clay Street, from First to Second Residential District.

Deputy City Attorney Bianchi, excused by the Board for the purpose of investigating and preparing an opinion in connection with the subject matter, reported to the Board in answer to Supervisor Lewis' query heretofore propounded, and again repeated as follows:

If a stipulation filed by the owner of the property to the effect that neither the owner nor his heirs, successors or assigns would build any type of structure other than two flats, would such stipulation constitute a binding provision?

Mr. Bianchi stated that if the restrictions were placed on the property of the original subdivider, and they provided that they be placed on this property and others for the mutual benefit of all of the future owners of the subdivision, then if there were a violation, the other owners of the property in that subdivision could enforce the restrictions inasmuch as they were placed thereon for their mutual benefit. However, Mr. Bianchi asserted that his limited research seemed to indicate that if the restrictions were placed on the property by the owner, then there would be no breach of contract between himself and the other owners of the property in the immediate vicinity, and the restrictions could not be enforced.

Explanation of Vote.

Supervisor McMurray asserted he would vote against the City Planning Commission because he was interested in providing more homes for people and the granting of the appeal would provide such housing.

Question Before the Board.

The President thereupon put the question to the Board members as follows:

The question before the Board is: "Shall the Board overrule the decision of the City Planning Commission?" A vote "Aye" overrules the City Planning Commission and grants the appeal. A vote "No" sustains the City Planning Commission and denies the appeal.

The roll was thereupon called and the City Planning Commission was *sustained* by the following vote:

Ayes: Supervisors McMurray, John J. Sullivan—2.

Noes: Supervisors Christopher, Fazackerley, Gallagher, Halley, Lewis, Mead, J. Joseph Sullivan—7.

Absent: Supervisors MacPhee, Mancuso—2.

Statement by Supervisor Christopher Re Central Location for Garaging of Towed-Away Cars.

Supervisor Christopher stated that he had heard various expressions regarding the effect of the measure providing for the towing away of cars for traffic regulation infractions but the most strenuous one seems to be with respect to lack of a central garage in which to bring

such towed-away cars. The Supervisor believed that some effort should be made to have a central location and suggested the Columbia Square area as a likely site.
